

DERCASS GX001105AA

DERCASS Full Size Loft Bed with Desk and Shelf User Manual

Model: GX001105AA

1. INTRODUCTION

This manual provides essential instructions for the assembly, operation, maintenance, and safety of your DERCASS Full Size Loft Bed with integrated desk and shelf. Please read this manual thoroughly before assembly and use to ensure proper installation and safe operation. Retain this manual for future reference.

The DERCASS Loft Bed is designed to maximize space in bedrooms by combining a sleeping area with a functional workstation. It features a sturdy metal frame, a built-in desk, and a shelf, along with safety guardrails and a ladder.

2. SAFETY INFORMATION

WARNING: Failure to follow these warnings and instructions could result in serious injury or death.

- Always follow the manufacturer's recommended mattress size and thickness. For this Full Size Loft Bed, the recommended mattress dimensions are approximately 75 inches by 54 inches, with a maximum thickness of 6 inches.
- Ensure all connections are tight before use and periodically check to ensure they remain secure.
- Do not allow children under 6 years of age on the upper bunk.
- Always use the ladder for entering and exiting the upper bunk. Do not use the bed as a climbing frame.
- The upper bunk is designed to support a maximum weight of 400 lbs. Do not exceed this weight limit.
- Prohibit more than one person on the upper bunk.
- Ensure the bed is placed on a level surface.
- Do not attach or suspend items from any part of the bunk bed that are not designed for use with the bed; for example, but not limited to, hooks, belts, and jump ropes.
- Keep these instructions for future reference.

3. PACKAGE CONTENTS

Your DERCASS Full Size Loft Bed will arrive in two packages. Please verify that all components are present and undamaged before beginning assembly. If any parts are missing or damaged, contact customer support immediately.

Included Components:

- Loft Bed Frame (Metal components)
- Integrated Ladder
- Full-length Guardrails
- Desk Surface (MDF)
- Storage Shelf (MDF)
- Hardware Pack (screws, bolts, nuts, Allen wrench, etc.)
- Assembly Instructions Sheet

Note: Mattress is not included.

4. ASSEMBLY INSTRUCTIONS (SETUP)

Assembly is required for this product. It is recommended that two adults assemble the bed. Please follow the detailed assembly instructions provided in the separate instruction sheet included in your package. Ensure you have adequate space and all tools (typically an Allen wrench is provided, but a Phillips head screwdriver may also be needed) before starting.

1. **Unpack and Identify Parts:** Carefully remove all components from the packaging. Lay them out on a soft, clean surface to prevent scratches. Refer to the parts list in your instruction sheet to identify each piece.
2. **Assemble Base Frame:** Begin by connecting the main support beams and legs of the bed frame according to the diagrams in the instruction sheet. Do not fully tighten bolts until the entire frame is assembled.
3. **Install Slats:** Secure the metal slats to the bed frame. These slats provide mattress support and eliminate the need for a box spring. Ensure they are evenly spaced and securely fastened.
4. **Attach Guardrails:** Install the full-length guardrails on the upper bunk for safety. Verify they are firmly attached to the bed frame.
5. **Mount Ladder:** Securely attach the ladder to the designated points on the bed frame. Test its stability before use.
6. **Install Desk and Shelf:** Attach the MDF desk surface and storage shelf to the frame as indicated in the instructions. Ensure they are level and stable.
7. **Final Tightening:** Once all components are in place, go back and fully tighten all bolts and screws. Do not overtighten.
8. **Final Check:** Inspect the assembled bed for stability and ensure all safety features (guardrails, ladder) are correctly installed and secure.

5. USAGE (OPERATING)

Once assembled and checked for stability, the DERCASS Loft Bed is ready for use.

- **Sleeping Area:** Place a full-size mattress (maximum 6 inches thick) on the upper bunk. Ensure the mattress fits snugly within the frame and below the top of the guardrails.
- **Workstation:** The integrated desk provides a dedicated space for studying, working, or other activities. The shelf offers additional storage for books, stationery, or decorative items.
- **Ladder Use:** Always use the ladder to access and descend from the upper bunk. Ensure hands and feet are clean and dry to prevent slipping.
- **Weight Capacity:** Adhere strictly to the 400 lbs weight limit for the upper bunk.

6. MAINTENANCE AND CARE

Regular maintenance will prolong the life and ensure the safety of your loft bed.

- **Cleaning:** Wipe the metal frame and MDF surfaces with a dry cloth. For stubborn marks, a slightly damp cloth with mild soap can be used, followed by immediate drying. Avoid harsh chemicals or abrasive cleaners.
- **Hardware Check:** Periodically (e.g., monthly or quarterly) inspect all bolts, screws, and connections to ensure they are tight. Retighten as necessary to maintain stability.
- **Structural Integrity:** Check the bed frame, ladder, and guardrails for any signs of damage, bending, or wear. If any damage is found, discontinue use and contact customer support for replacement parts or advice.
- **Environmental Conditions:** Avoid placing the bed in areas of extreme humidity or direct sunlight, which can affect the MDF components.

7. TROUBLESHOOTING

This section addresses common issues you might encounter.

- **Issue: Bed feels wobbly or unstable.**
Solution: Ensure all bolts and screws are fully tightened. Check that the bed is on a level surface. If the issue persists, disassemble and reassemble, carefully following the instructions.
- **Issue: Missing parts during assembly.**
Solution: Refer to the parts list in your assembly instructions. Contact DERCASS customer support with the specific part numbers for assistance.
- **Issue: Ladder feels loose.**
Solution: Verify that the ladder attachment points are securely fastened to the bed frame. Tighten any loose connections.

8. SPECIFICATIONS

Brand	DERCASS
Model Number	GX001105AA
UPC	729086837927
Material	Metal + MDF
Size	Full
Overall Product Dimensions	78"L x 56.3"W x 70.9"H
Loft Bed Dimensions	75" x 54"
Total Height	70.9"
Number of Slats	21 pcs
