## BIVOL TYPE 6110D

# BIVOL TYPE 6110D Toner Cartridge User Manual

Model: TYPE 6110D

## 1. INTRODUCTION

---

This manual provides essential information for the proper use, installation, and maintenance of your BIVOL TYPE 6110D Toner Cartridge. Designed for optimal performance, this cartridge ensures high-quality prints for compatible Ricoh IM 7000 series printers. Please read this manual thoroughly before use to ensure safe and efficient operation.

## 2. COMPATIBILITY

---

The BIVOL TYPE 6110D Toner Cartridge is specifically designed to be compatible with the following printer models:

- Ricoh IM 7000 Printers

For other printer models, please consult your printer's manual or contact BIVOL customer support for compatibility information.

## COMPATIBLE PRINTER MODELS

**Compatible for  
Ricoh IM 7000  
Printer**

**FOR MORE PRINTER MODELS,  
PLEASE CONTACT US VIA  
EMAIL.**

### 3. KEY FEATURES

---

- **Exceptional Print Quality:** Delivers crisp, clear, and vibrant prints, ensuring professional-quality documents and images.
- **Easy Installation:** Designed for straightforward installation, ensuring compatibility with specified printer models.
- **High Page Yield:** Provides a high page yield of approximately 44,000 black pages (at 5% coverage, Letter/A4), ensuring long-lasting performance and meeting extensive printing needs.

## HIGH YIELD PRINTING

Black Printing Pages:  
**44000 Pages**

Image 3.1: Comparison illustrating the high page yield of BIVOL toner cartridges compared to others.

- **Cost-Effective Solution:** Offers significant savings without compromising on print performance or longevity, providing an economical choice for both individual and corporate users.
- **Environmentally Friendly:** Manufactured using eco-friendly materials and adhering to rigorous recycling standards, contributing to a reduced carbon footprint.

## 4. INSTALLATION GUIDE

---

Follow these steps to properly install the toner cartridge in your Ricoh IM 7000 printer:

1. **Prepare the Printer:** Ensure your printer is powered off and unplugged from the power source before beginning the installation process.
2. **Open the Access Door:** Locate and open the toner cartridge access door on your printer. Refer to your printer's specific user manual for the exact location.
3. **Remove the Old Cartridge (if applicable):** If replacing an existing cartridge, carefully grasp the old toner cartridge and pull it straight out of the printer. Place it in a protective bag for recycling.
4. **Unpack the New Cartridge:** Remove the new BIVOL TYPE 6110D toner cartridge from its packaging. Gently shake the cartridge horizontally 5-6 times to distribute the toner evenly. Remove any protective seals, tapes, or covers as indicated on the cartridge or packaging. *Do not touch the green drum surface.*

5. **Insert the New Cartridge:** Align the new cartridge with the slot in the printer and slide it in firmly until it clicks securely into place. Do not force the cartridge.
6. **Close the Access Door:** Close the toner cartridge access door.
7. **Power On Printer:** Plug in and power on your printer. The printer will typically perform a self-test or calibration after a new cartridge is installed.

## 5. OPERATION

---

Once the toner cartridge is installed, your printer is ready for operation. The BIVOL TYPE 6110D toner cartridge is designed to produce high-quality black and white prints.

### 5.1 Printing Black and White Documents

The cartridge ensures sharp and clear black text and images. For best results, ensure your printer settings are configured for black and white printing.

Image 5.1: Example of black and white print quality achieved with the toner cartridge.

### 5.2 Printing Color Documents (Printer Dependent)

While this cartridge provides black toner, the overall color printing effect of your printer will be enhanced by the

quality of all installed cartridges. The BIVOL toner contributes to the overall clarity and depth of prints.

## PRINTING EFFECT

**COLOR PRINTING  
MORE EXQUISITE**

### 5.3 Applications

The BIVOL TYPE 6110D toner cartridge is suitable for a wide range of applications, including:

- Office environments
- Banks
- Schools
- Home use
- Hospitals
- Retail stores

# WIDELY APPLICATIONS

## OFFICE BANK SCHOOL HOME HOSPITAL STORE

Image 5.3: Various environments where the toner cartridge can be effectively used.

## 6. MAINTENANCE AND STORAGE

### 6.1 Storage

- Store unused toner cartridges in their original, unopened packaging.
- Keep cartridges in a cool, dry place, away from direct sunlight and extreme temperatures.
- Avoid storing cartridges in areas with high humidity or significant temperature fluctuations.

### 6.2 Handling

- Handle cartridges carefully to avoid dropping them, which could damage internal components.
- Do not touch the photosensitive drum (usually green or blue) on the cartridge, as oils from your skin can cause print defects.
- If toner spills, wipe it up with a dry cloth. Do not use water, as toner is designed to repel water.

## 7. TROUBLESHOOTING

If you encounter issues with your BIVOL TYPE 6110D toner cartridge, consider the following common problems and solutions:

Problem	Possible Cause	Solution
Faded or Light Prints	Low toner level; uneven toner distribution; incorrect print settings.	Gently shake the cartridge to redistribute toner. Check printer settings for toner save mode. Replace cartridge if toner is low.
Streaks or Smudges	Damaged drum; dirty printer components; toner leakage.	Inspect the cartridge drum for damage. Clean the printer's internal components as per your printer manual. Replace cartridge if damaged.
Cartridge Not Recognized	Improper installation; chip contact issue; faulty cartridge.	Reinstall the cartridge, ensuring it is seated correctly. Clean the chip contacts on the cartridge and in the printer with a lint-free cloth. Restart the printer.
Paper Jams	Incorrect paper type; debris in paper path; printer mechanical issue.	Ensure correct paper type and load it properly. Clear any paper jams according to your printer manual. This is usually a printer issue, not cartridge.

If the problem persists after attempting these solutions, please contact BIVOL customer support.

## 8. SPECIFICATIONS

---

Specification	Detail
Product Name	TYPE 6110D Toner Cartridge
Brand	BIVOL
Compatible Printer Models	Ricoh IM 7000
Page Yield (Black)	Up to 44,000 pages (at 5% coverage, Letter/A4)
Color	Black
Item Model Number	TYPE 6110D
Manufacturer Part Numbers (MPN)	TYPE 6110D, 885400, 841332, 885273, 89883
Product Dimensions	10 x 5 x 5 inches
Item Weight	2.2 pounds

## 9. CUSTOMER SUPPORT
