- **High-Definition Resolution:** Enjoy a pristine image with 1366 x 768 resolution for vivid and brilliant pictures.
- **Integrated Roku:** Access top-tier streaming services like Netflix, Disney+, and YouTube directly from your TV with a single remote.
- **Smart Features:** Utilize the Roku mobile app for voice search, personal media casting, and TV control.
- **Versatile Connectivity:** Equipped with multiple input and output ports for connecting various home theater components.
- **Built-In Speakers:** Delivers clear audio directly from the television.

Setup Guide

1. Unboxing and Stand Installation

Carefully remove the TV, stand, and remote from the packaging. Place the TV face down on a soft, clean surface to prevent screen damage. Attach the included stand to the bottom of the TV using the provided screws, ensuring it is securely fastened.

2. Connecting Peripherals

The JVC Roku TV offers a variety of ports for connecting external devices:

Image: Rear view of the JVC TV highlighting the various connectivity ports available for external devices.

- **HDMI Ports (x3):** Connect Blu-ray players, game consoles, cable boxes, or other HDMI-enabled devices.
- **USB Port (x1):** For connecting USB storage devices to view photos or play media.
- **Composite (AV) Jacks:** For older devices using red, white, and yellow RCA cables.
- **Digital Optical Output:** Connect to a soundbar or home theater system for digital audio.
- **Headphone Jack:** For private listening with headphones.
- **Coaxial Jack:** For connecting an antenna or cable TV input.

Ensure all cables are firmly inserted into their respective ports. The side profile of the TV shows its slim design and accessible side ports.

3. Initial Power-On and Roku Setup

Plug the power cord into an electrical outlet. Press the power button on the remote or TV. Follow the on-screen instructions to select your language, connect to your Wi-Fi network, and activate your Roku account. If you don't have a Roku account, you will be prompted to create one.

Operating Instructions

1. Roku OS Navigation

Use the included remote control to navigate the Roku operating system. The home screen provides access to your installed streaming channels, input selections (Cable Box, Game Console, Antenna TV), and settings. Use the directional pad to move between options and the OK button to select.

3. AirPlay and Screen Casting

Effortlessly share videos, photos, music, and more from your Apple devices to your TV using AirPlay. You can also mirror the screen from your iPhone, iPad, or Mac directly to the big screen. This feature allows for seamless content sharing and presentation.

4. Roku Mobile App

Download the free Roku mobile app for iOS or Android devices to enhance your TV experience. The app allows you to:

- **Search by Voice:** Use your phone's microphone to search for movies, TV shows, and channels.
- **Private Listening:** Route TV audio through your headphones connected to your mobile device.
- **Cast Media:** Share personal photos, videos, and music from your phone or tablet to the TV.
- **Remote Control:** Use your smartphone as a full-featured remote.

Maintenance

1. Cleaning Your TV

To clean the screen, gently wipe it with a soft, lint-free cloth. For stubborn marks, dampen the cloth with water or a mild, non-abrasive screen cleaner. Never spray liquid directly onto the screen. For the TV cabinet, use a soft, dry cloth to wipe away dust.

2. Software Updates

Your JVC Roku TV automatically receives software updates over the internet. Ensure your TV is connected to a stable internet connection to receive the latest features and performance improvements. You can manually check for updates in the Roku TV settings menu.

Troubleshooting

If you encounter issues with your JVC Roku TV, refer to the following common troubleshooting steps:

- **No Power:** Ensure the power cord is securely plugged into both the TV and a working electrical outlet. Try a different outlet.
- **No Picture/Sound:** Verify the correct input source is selected. Check all HDMI or AV cables for secure connections. Increase the volume.
- **Network Connection Issues:** Restart your Wi-Fi router and the TV. Ensure the Wi-Fi password is entered correctly in the TV's network settings.
- **Remote Not Working:** Replace the batteries in the remote. Ensure there are no obstructions between the remote and the TV's IR sensor.
- **General Performance Issues:** Try restarting the TV by unplugging it from the power outlet for 30 seconds, then plugging it back in.

For more detailed troubleshooting or specific Roku OS issues, visit the official Roku support website.

Specifications

Below are the key technical specifications for the JVC 32-Inch 720p HD LED Roku Smart TV (Model LT32MAW2):

Feature	Specification
Brand	JVC
Model Name	LT32MAW2
Screen Size	32 Inches
Visible Screen Diagonal	32" / 82 cm
Display Technology	LED (DLED)
Resolution	720p (1366 x 768)
Aspect Ratio	16:9
Connectivity Technology	USB, Wi-Fi
HDMI Ports	3

USB Ports	1
Audio Output	Digital Optical, Headphone Jack
Speaker Type	Built-In
Product Dimensions (LxWxH)	28.9 x 3 x 17.1 inches
Item Weight	7.7 pounds
Color	Black
Included Components	TV, Stand, Remote
Batteries Required	2 AAA (for remote)

The TV utilizes DLED (Direct LED) technology, which provides a high contrast ratio with brilliant, saturated colors. Local dimming helps minimize blooming for deep blacks, enhancing the overall picture quality.
