DOAO A6 Pro

DOAO A6 Pro Head Shaver User Manual

Model: A6 Pro | Brand: DOAO

INTRODUCTION

Thank you for choosing the DOAO A6 Pro Head Shaver. This manual provides essential information for the safe and effective use, maintenance, and care of your new shaver. Designed for bald men, the DOAO A6 Pro features a 6D flexible head for a smooth, nick-free shave, USB-C charging, and a magnetic blade head for easy cleaning. Please read this manual thoroughly before first use and keep it for future reference.

SAFETY INFORMATION

For your safety, please adhere to the following guidelines:

- Always keep the shaver away from water while charging.
- Do not use the shaver near water or in the shower when it is plugged in.
- Allow the shaver to cool down after use before storing.
- Always follow the manufacturer's instructions for cleaning and maintenance to prevent bacterial growth and ensure optimal performance.
- Always unplug the charger from the power source when not in use.
- Do not use the shaver if the cord is damaged or if it has been dropped in water.
- This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.

PACKAGE CONTENTS

Your DOAO A6 Pro Head Shaver package should include:

- DOAO A6 Pro Head Shaver unit
- USB-C Charging Cable
- Cleaning Brush

- Travel Pouch
- User Manual (this document)

PRODUCT FEATURES

- **6D Flexible Head:** Designed with a 6D floating head that adapts to the contours of your scalp for a fast, smooth, and nick-free shave.
- **USB-C Charging:** A full charge provides up to 180 minutes of use, allowing for at least 80 shaves. The LED display keeps you informed of the battery status.
- **Magnetic Blade Head:** The magnetic attachment system makes installation and cleaning effortless.
- **Portable & Ergonomic:** The shaver's non-slip, polygonal design offers a secure grip, making it comfortable for both dry and wet shaving. Its lightweight, compact build is ideal for travel.

- **Wet & Dry Use:** Fully waterproof design allows for convenient wet or dry shaving.
- **LED Digital Display:** Clearly shows battery percentage and other indicators.

SETUP

Initial Charging

1. Before first use, fully charge your DOAO A6 Pro Head Shaver.
2. Connect the provided USB-C charging cable to the shaver's charging port.
3. Plug the other end of the USB-C cable into a compatible USB power adapter (not included) or a USB port.
4. The LED display will show the battery percentage increasing during charging. A full charge typically takes about 2 hours and provides up to 180 minutes of shaving time.

ULTRA-LONG BATTERY LIFE

2X longer usage time than regular shavers

180 Mins
Shaving

USB-C

OPERATING INSTRUCTIONS

General Use

1. Ensure the shaver is charged. Check the LED display for battery level.
2. Press the power button on top of the shaver to turn it on.
3. Gently press the shaver head against your skin and move it in small, circular motions. The 6D flexible heads will contour to your head or face.
4. For optimal results, stretch your skin taut with your free hand in difficult areas.
5. After shaving, press the power button again to turn off the shaver.

Wet Shaving

The DOAO A6 Pro is fully waterproof, allowing for a comfortable wet shave.

- Apply shaving cream, gel, or foam to your head or face.
- Proceed with shaving as described in "General Use."
- Rinse the shaver head under running water during and after shaving to remove hair and lather.

Dry Shaving

For a quick and convenient shave, the DOAO A6 Pro can be used dry.

- Ensure your skin is clean and dry before shaving.
- Proceed with shaving as described in "General Use."

MAINTENANCE

Cleaning the Blade Head

Regular cleaning ensures optimal performance and hygiene.

1. Turn off the shaver.
2. Gently pull the magnetic blade head away from the shaver body to detach it.
3. Use the provided cleaning brush to remove any trapped hair from the blades and the shaver body.

4. Rinse both the detached blade head and the shaver body (ensure the charging port cover is closed) under running water until all hair and debris are removed.
5. Allow both parts to air dry completely before reattaching the blade head.
6. Align the magnetic blade head with the shaver body and it will snap back into place.

Image: The magnetic blade head easily detaches from the shaver body for convenient cleaning.

TROUBLESHOOTING

If you encounter any issues with your DOAO A6 Pro Head Shaver, please refer to the following common solutions:

Problem	Possible Cause	Solution
Shaver not turning on.	Low battery; Power button not pressed correctly.	Charge the shaver fully. Press the power button firmly.

Problem	Possible Cause	Solution
Poor shaving performance.	Blades are dull or clogged with hair; Insufficient pressure.	Clean the blade head thoroughly. Apply gentle, consistent pressure. Consider replacing the blade head if performance does not improve.
Shaver stops during use.	Battery is depleted; Hair accumulation.	Recharge the shaver. Clean the blade head.
Irritation after shaving.	Skin not prepared; Incorrect shaving technique; Sensitive skin.	Ensure skin is clean. Use gentle, circular motions. Try wet shaving with foam/gel. Apply aftershave balm.

If the issue persists after trying these solutions, please contact DOAO customer support.
