PAOFIN 2DT-Black

PAOFIN Kitchen Pantry Storage Cabinet

Model: 2DT-Black | User Manual

INTRODUCTION

Welcome to your new PAOFIN Kitchen Pantry Storage Cabinet. This manual provides essential information for the assembly, safe operation, and maintenance of your new storage solution. Please read these instructions thoroughly before beginning assembly or use to ensure proper functionality and longevity of your cabinet.

SAFETY GUIDELINES

Your safety is paramount. Please adhere to the following guidelines:

- Always ensure the cabinet is stable and balanced when using.
- Do not overload shelves. The maximum load capacity is **180 lbs per shelf**.
- Use caution when handling metal parts to avoid injury during assembly.
- Always follow assembly instructions carefully.
- For enhanced safety, especially in households with children or pets, it is highly recommended to anchor the cabinet to a wall using the provided back fixing holes and expansion screws.
- Keep small children and pets away from the assembly area.

PACKAGE CONTENTS

Before beginning assembly, please verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact customer service.

- Metal Panels (Side, Top, Bottom, Back, Doors)
- Adjustable Shelves (Quantity: 12)
- Hardware Kit (Screws, Shelf Support Brackets, Magnetic Door Stoppers, Wall Anchoring Kit)

- Gold Handles (2 pieces)
- Adjustable Leveling Feet (4 pieces)
- Assembly Instructions (This manual)

ASSEMBLY INSTRUCTIONS

The PAOFIN storage cabinet is designed for straightforward assembly. It is recommended to have two people for certain steps to ensure stability and ease of construction. All parts are neatly arranged and labeled to facilitate quick assembly.

Step-by-Step Assembly Overview:

1. Unpack all components and verify against the parts list.
2. Assemble the base frame and attach the adjustable leveling feet.
3. Attach the side panels to the base.
4. Install the back panel.
5. Attach the top panel.
6. Install the adjustable shelves at desired heights using the provided metal support brackets.
7. Attach the doors and secure the gold handles.
8. Install the magnetic door stoppers to ensure doors close securely.
9. Secure the cabinet to the wall using the provided wall anchoring kit for added stability.

SETUP AND PLACEMENT

Choosing a Location

Select a flat, stable surface for your cabinet. Ensure there is adequate clearance for the doors to open fully without obstruction. Avoid placing the cabinet in areas with excessive moisture or direct sunlight to preserve its finish and structural integrity.

Leveling the Cabinet

The cabinet is equipped with robust leveling feet. Rotate these feet clockwise or counter-clockwise to adjust the height and ensure the cabinet is perfectly stable and does not wobble on uneven floors.

Wall Anchoring (Recommended)

For maximum safety and to prevent tipping, especially in active environments, utilize the provided wall anchoring kit. Follow the instructions in the assembly guide to securely attach the cabinet to a wall.

OPERATING YOUR CABINET

Opening and Closing Doors

The cabinet doors feature magnetic stoppers that ensure they remain securely closed. Apply gentle pressure to the handles to open the doors. To close, simply push the doors until the magnets engage.

Adjusting Shelves

The cabinet includes 12 adjustable shelves, allowing you to customize the storage space to meet your specific needs. To adjust a shelf:

1. Empty the shelf of all contents.
2. Carefully lift the shelf and remove the metal support brackets from their current slots.
3. Reinsert the support brackets into the desired slots on the side panels, ensuring they are at the same height on both sides.
4. Place the shelf back onto the newly positioned brackets.

CARE AND MAINTENANCE

Proper care will ensure your PAOFIN storage cabinet remains in excellent condition for years to come.

Cleaning

The cabinet is constructed from heavy gauge cold-rolled steel plate with an environmentally friendly paint finish, making it anti-rust, corrosion-resistant, and easy to clean. To clean:

- Wipe surfaces with a soft, damp cloth and a mild, non-abrasive detergent.
- Avoid using harsh chemicals, abrasive cleaners, or scouring pads, as these can damage the finish.
- Dry thoroughly with a clean, soft cloth after cleaning.

General Care

- Periodically check all screws and connections to ensure they remain tight. Tighten if necessary.
- Avoid dragging the cabinet when moving it; always lift to prevent damage to the leveling feet or floor.

TROUBLESHOOTING

If you encounter any issues with your PAOFIN storage cabinet, please refer to the table below for common problems and solutions.

Problem	Possible Cause	Solution
Cabinet is wobbly	Uneven floor; Leveling feet not adjusted correctly.	Adjust the robust leveling feet at the bottom of the cabinet until it is stable and level.
Doors do not close properly	Magnetic stoppers misaligned or weak; Cabinet not level.	Ensure magnetic stoppers are correctly installed and aligned. Check if the cabinet is level and adjust feet if necessary. If magnets are weak, contact customer service.
Difficulty with assembly	Instructions unclear; Parts misaligned or damaged.	Review the assembly instructions carefully, paying attention to diagrams. Ensure all parts are correctly oriented. Some steps may require two people. Contact customer service if parts are damaged or holes are misaligned.
Shelves not fitting into slots	Shelf support brackets incorrectly placed or misaligned.	Ensure shelf support brackets are inserted into the correct slots on both side panels at the same height.
