

## SYMIK S320-X

# SYMIK S320-X Carrying Case User Manual

Model: S320-X

## INTRODUCTION

---

This manual provides essential information for the proper use, care, and maintenance of your SYMIK S320-X Carrying Case. Designed for Insta360 X5 and X4 cameras and their accessories, this case offers robust protection and convenient portability. Please read this manual thoroughly to ensure optimal performance and longevity of your product.

## SETUP AND INITIAL USE

---

Upon receiving your SYMIK S320-X Carrying Case, please follow these steps for initial setup:

1. **Unpacking:** Carefully remove the carrying case from its packaging. Inspect the case for any signs of damage during transit.
2. **Internal Inspection:** Open the case using the two-way zippers. Familiarize yourself with the internal layout and dedicated compartments.
3. **Accessory Placement:** Place your Insta360 X5 or X4 camera into its designated compartment. Ensure the camera is fitted with at least the rubber lens cap for a snug fit. If using a Thermo Grip Cover or aftermarket silicone full body cover, the camera will also fit securely.
4. **Organizing Accessories:** Utilize the various molded compartments for your accessories, including the 114cm invisible selfie stick (shorter ones also fit, **not** the 3m extended edition), Insta360 X4 charge hub or SYMIK X5/X4 charging case, up to 3 extra batteries, bullet time handle or Insta360 tripod, cables, power adapter, and other small parts. The upper mesh pocket can store a tablet or additional flat items.

## OPERATING INSTRUCTIONS

The SYMIK S320-X Carrying Case is designed for versatile and secure transport of your camera gear.

- **Secure Closure:** Always ensure both two-way zippers are fully closed when transporting the case to protect contents from dust and splashes.
- **Carrying Options:** The case features a comfortable handy handle for traditional carrying. For hands-free transport, attach the adjustable shoulder strap to the D-rings on the sides of the case. Adjust the strap length for optimal comfort and balance.

## MAINTENANCE AND CARE

To maintain the protective qualities and appearance of your SYMIK S320-X Carrying Case, follow these guidelines:

- **Cleaning the Exterior:** Wipe the 900D nylon exterior with a damp cloth and mild soap if necessary. Avoid harsh chemicals or abrasive cleaners. Allow to air dry completely.
- **Cleaning the Interior:** The Lycra fabric insert can be gently wiped with a damp cloth. Ensure no moisture remains before storing electronic devices.
- **Zipper Care:** Periodically check the two-way zippers for smooth operation. If they become stiff, a small amount of zipper lubricant can be applied.
- **Protection Features:** The case is designed with anti-water splash and anti-shock properties. While it offers significant protection, it is not fully waterproof and should not be submerged. Avoid dropping the case from excessive heights.

# 360° Multiple Protection

**Anti-shock**  
360° protection

**Anti water splash**  
water repellent

Figure 4: The case provides 360-degree protection against shocks and is water repellent.

Figure 5: High-quality Lycra fabric insert provides superior shock-proof and wear-resistant protection compared to generic foam.

## TROUBLESHOOTING

Here are solutions to common concerns you might encounter:

- **Camera fits loosely in compartment:** The camera compartment is designed to fit the Insta360 X5/X4 with at least the rubber lens cap. If the camera fits loosely without it, please ensure the lens cap is on. The camera will also fit securely with a Thermo Grip Cover or aftermarket silicone full body cover.
- **Zippers are stiff or stuck:** Apply a small amount of zipper lubricant or a graphite pencil lead along the zipper teeth. Gently work the zipper back and forth until it moves smoothly.
- **Case appears bulky when packed:** Ensure all accessories are placed in their designated compartments. The case is designed for a compact fit; overstuffing or incorrect placement can cause bulging.

## SPECIFICATIONS

Feature	Detail
Model Number	S320-X

Feature	Detail
Product Dimensions (L x W x H)	13.31 x 8.74 x 2.72 inches (338 x 222 x 69 mm)
