Lamshaw G8 Smart Watch Charger

User Manual for Lamshaw Magnetic Replacement Charger

Compatible with Joautrial G8 Smart Watch-1.39 Inches

PRODUCT OVERVIEW

The Lamshaw Magnetic Replacement Charger is specifically designed for the Joautrial G8 Smart Watch (1.39 Inches). This charger provides a convenient and safe way to power your smartwatch, featuring built-in protection mechanisms against overvoltage and overcurrent.

Image: The Lamshaw magnetic charger connected to a smartwatch, illustrating the charging process.

Its compact and portable design makes it ideal for use at home, in the office, in your car, or while traveling. The charger features a Micro USB interface for connection to various power sources.

SAFETY FEATURES

This charger incorporates an advanced built-in Short-circuit Protection IC to ensure the safety of your device during charging. Key safety features include:

- **Overvoltage Protection:** Prevents damage to your smartwatch from excessive voltage.
- **Overcurrent Protection:** Safeguards against damage caused by excessive current flow.
- **Automatic Circuit Cut-off:** In the event of a short-circuit, the protection IC automatically cuts off the circuit.
- **Continuous Safety Monitoring:** The protection IC maintains safety even if the charger is left plugged in after charging is complete.

SETUP AND CONNECTION

1. **Unpack the Charger:** Carefully remove the charger cable from its packaging.
2. **Identify Components:** The charger consists of a USB-A connector on one end and a magnetic charging dock with two pins on the other.

Image: Detailed view of the charger cable, highlighting the USB connector and the magnetic charging interface.

3. **Connect to Power Source:** Insert the USB-A connector into a compatible USB power source such as a computer USB port, laptop, power bank, or a wall charger with a USB output.

4. **Attach to Smartwatch:** Align the magnetic charging dock with the charging contacts on the back of your Joautrial G8 Smart Watch. The magnets will automatically snap into place. Ensure the connection is secure and the magnets attract, not repel.

Magnetic Charging Interface

If the charging magnets repel, the device will not charge.

You can charge correctly if the magnets attract whilst charging,

While charging

OPERATING INSTRUCTIONS

Once the charger is connected to a power source and securely attached to your smartwatch, the charging process will begin automatically. The smartwatch display should indicate that it is charging.

ORIGINAL HIGH-SPEED CHARGING

2.5 hours for full charge with 1A output current

Image: The smartwatch screen displaying a charging indicator, suggesting a full charge can be achieved in approximately 2.5 hours with a 1A output current.

A full charge typically takes approximately 2.5 hours when using a 1A output current power source. The charger is designed for convenience, allowing you to charge your smartwatch wherever a USB power source is available.

MAINTENANCE AND CARE

- **Cleaning:** Gently wipe the charger cable and magnetic contacts with a soft, dry cloth. Avoid using liquid cleaners or abrasive materials.
- **Storage:** When not in use, store the charger in a cool, dry place. The flexible PVC cable is designed for easy coiling and storage.

Image: Breakdown of the charger's construction, highlighting durable materials and cable flexibility for storage.

- **Handling:** Do not bend the cable excessively or apply undue force to the connectors.
- **Environmental Conditions:** Avoid exposing the charger to extreme temperatures, direct sunlight, or high humidity.

TROUBLESHOOTING

Smartwatch not charging:

- Ensure the USB-A connector is fully inserted into the power source.
- Verify the power source is active (e.g., wall outlet is working, computer is on).
- Check the magnetic connection to the smartwatch. Ensure the magnets attract and the charging pins are making proper contact. If the magnets repel, flip the charging dock 180 degrees.
- Clean the charging contacts on both the charger and the smartwatch to remove any dust or debris.
- Try a different USB power source.

Slow charging:

- Ensure your power source provides sufficient output current (ideally 1A or more for optimal charging speed).

- Avoid charging through unpowered USB hubs.

SPECIFICATIONS

Feature	Detail
Product Name	Lamshaw Magnetic Replacement Charger
Compatibility	Joautrial G8 Smart Watch (1.39 Inches)
Interface	Micro USB (input), Magnetic (output to watch)
Cable Length	Approx. 3.3 feet (1 meter)
Protection Features	Built-in Short-circuit Protection IC, Overvoltage Protection, Overcurrent Protection
Item Weight	1.76 ounces
Package Dimensions	3.94 x 1.97 x 0.39 inches

WARRANTY AND SUPPORT

For any issues or inquiries regarding your Lamshaw Magnetic Replacement Charger, please contact the seller directly through the platform where the purchase was made. Refer to your purchase documentation for specific warranty terms and conditions, as these may vary.

The manufacturer stands behind the quality of its products and aims to provide reliable charging solutions.

ASK A QUESTION ABOUT THIS MANUAL

Ask about setup, troubleshooting, compatibility, parts, safety, or missing instructions. Manuals+ will review the question and use this page’s manual context to help answer it.
