Lamshaw ZW47

Lamshaw Magnetic Smart Watch Charger for Joautrial ZW47 - Instruction Manual

Brand: Lamshaw | Model: ZW47

INTRODUCTION

This manual provides instructions for the safe and effective use of your Lamshaw Magnetic Smart Watch Charger, specifically designed for the Joautrial ZW47 Smart Watch (2.02 Inches). This charger offers a convenient and secure method for powering your device, incorporating essential safety features to protect your smartwatch during charging.

The charger is built with an integrated short-circuit protection IC to prevent overvoltage and overcurrent. In the event of a short-circuit, the protection IC automatically cuts off the circuit. This safety mechanism also functions if the charger remains plugged in after your device is fully charged.

PRODUCT OVERVIEW

Image: The Lamshaw Magnetic Smart Watch Charger cable, featuring a USB-A connector on one end and a magnetic charging puck on the other.

Image: A detailed view of the magnetic charging puck with two contact pins and the standard USB-A connector.

The Lamshaw Magnetic Smart Watch Charger is a compact and portable USB charging cable. It features a magnetic charging interface designed for easy and secure connection to your smartwatch. The cable is constructed with a flexible PVC outer layer and pure copper probes for efficient and stable power delivery.

SETUP AND CHARGING

1. **Connect the Charger:** Insert the USB-A end of the charging cable into a compatible USB power source. This can be a computer, laptop, power bank, or a wall charger with a USB port.
2. **Attach to Smartwatch:** Align the magnetic charging puck with the charging contacts on the back of your Joautrial ZW47 Smart Watch. The magnets will automatically attract and secure the connection. Ensure the connection is firm and the watch screen indicates charging.
3. **Verify Connection:** If the magnets repel, adjust the orientation of the charging puck until it correctly aligns and attracts to the smartwatch contacts. An incorrect magnetic connection will prevent charging.

Long Battery Life

30days Standby

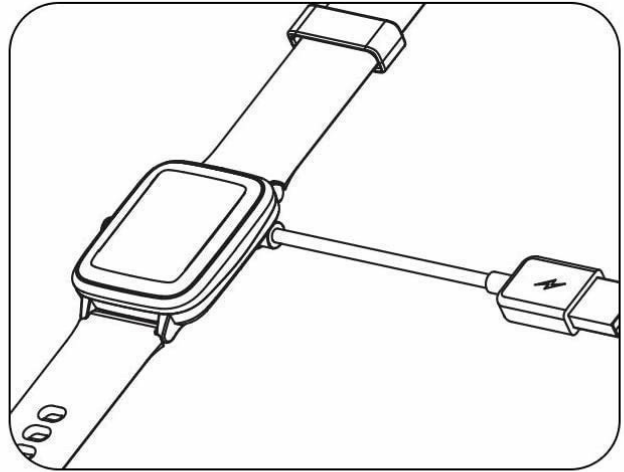

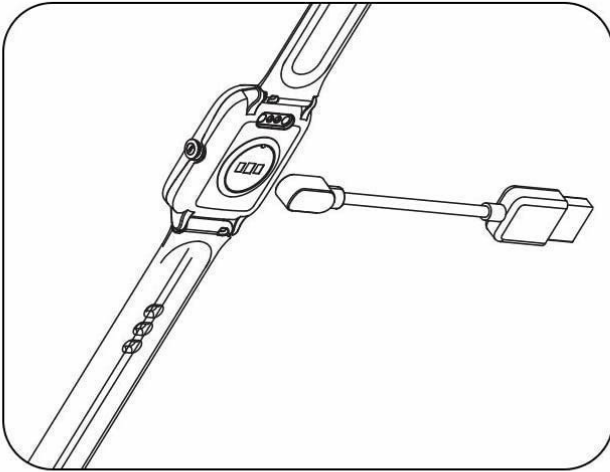

7days usage time

Charging Sources

The charger is compatible with various USB power sources, making it versatile for use at home, in the office, or while traveling.

OPERATING INSTRUCTIONS

Once properly connected, your smartwatch will begin charging. The charging process typically takes approximately 2.5 hours for a full charge when using a 1A output current power source. The smartwatch display will show the charging status and battery percentage.

ORIGINAL HIGH-SPEED CHARGING

SAFETY FEATURES

- **Short-Circuit Protection:** An integrated IC automatically cuts off power in case of a short-circuit, protecting both the charger and your smartwatch.
- **Overvoltage Protection:** Prevents damage to your device from excessive voltage.
- **Overcurrent Protection:** Safeguards against damage from excessive current flow.

These features ensure a safe charging environment for your Joautrial ZW47 Smart Watch.

CARE AND MAINTENANCE

To ensure the longevity and optimal performance of your charger, follow these guidelines:

- **Storage:** The flexible PVC cable is designed for easy coiling and convenient storage. Avoid sharp bends or kinks that could damage the internal wiring.

- **Cleaning:** Keep the magnetic charging contacts clean and free from dust or debris. Use a soft, dry cloth to gently wipe the contacts if necessary.
- **Handling:** Avoid pulling the cable forcefully from the smartwatch or power source. Always grasp the connector ends when plugging or unplugging.

TROUBLESHOOTING

- **Smartwatch Not Charging:**
 - Ensure the USB-A connector is fully inserted into a working power source.
 - Check the magnetic connection to the smartwatch. If the magnets repel, adjust the charging puck's orientation until it snaps into place correctly.
 - Verify that the charging contacts on both the charger and the smartwatch are clean and free of obstructions.
- **Slow Charging:**

- Ensure your USB power source provides at least 1A output current for optimal charging speed.
- Avoid charging through unpowered USB hubs or older USB ports that may provide insufficient power.

SPECIFICATIONS

Brand	Lamshaw
Compatible Devices	Joautrial ZW47 Smart Watch (2.02 Inches)
Connector Type	USB-A (for power source), Magnetic (for smartwatch)
Input Voltage	5 Volts
Output Current	1 Amps
Wattage	5 watts
Special Features	Magnetic, Short Circuit Protection, Overvoltage Protection, Overcurrent Protection, Portable
Cable Length	Approximately 3.3 feet / 1 meter
Item Weight	0.704 ounces
Package Dimensions	6.14 x 3.39 x 0.39 inches

SUPPORT

For any questions or further assistance regarding your Lamshaw Magnetic Smart Watch Charger, please refer to the product detail page on Amazon or contact Lamshaw customer support.
