

SANODESK 79x32 Inch

# SANODESK Electric Standing Desk 79x32 Inch Instruction Manual

Model: 79x32 Inch (Black Frame + Black Top)  
Brand: SANODESK

## 1. IMPORTANT SAFETY INFORMATION

Please read all instructions carefully before assembly and use. Retain this manual for future reference.

- Always follow the assembly instructions carefully.
- Keep children and pets away from the desk during assembly and use.
- Do not exceed the maximum weight limit of **176 pounds (80 kg)**.
- Always use the desk on a stable, level surface.
- Be cautious when adjusting the height to prevent injury or pinching. Ensure no objects are in the path of the moving desk.
- Do not sit or stand on the desk.
- In case of any issues, contact customer service for assistance. Do not attempt to repair the desk yourself.

## 2. PRODUCT OVERVIEW

The SANODESK Electric Standing Desk is designed to provide a versatile and ergonomic workspace, allowing seamless transitions between sitting and standing positions. This model features a spacious 79x32 inch desktop, electric height adjustment, and a robust steel frame for stability.

Image 2.1: The SANODESK Electric Standing Desk in a typical office setup, showcasing its large surface area and integrated control panel.

## Key Features:

- **Electric Height Adjustment:** Smoothly adjust desk height from 28.7 inches to 48 inches.
- **Memory Presets:** Three programmable height settings for quick adjustments.
- **Sedentary Reminder:** Promotes healthy work habits by reminding you to change positions.
- **Child Lock Function:** Enhances safety by preventing accidental adjustments.
- **Anti-Collision System:** Automatically stops movement if an obstruction is detected.
- **Spacious Desktop:** 79x32 inch surface provides ample room for multiple monitors and accessories.
- **Sturdy Construction:** Industrial-grade steel frame ensures stability and durability.

Image 2.2: The desk integrated into a home office setting, demonstrating its aesthetic appeal and functional design.

### 3. SETUP AND ASSEMBLY

The SANODESK Electric Standing Desk is designed for straightforward assembly. All required hardware and assembly instructions are included with your purchase. It is recommended to have a clear, open space for assembly.

#### Assembly Steps:

1. **Unpack Components:** Carefully remove all parts from the packaging and verify against the included parts list.
2. **Assemble Legs:** Attach the feet to the lifting columns using the provided screws.
3. **Connect Frame:** Secure the crossbar and side brackets to the lifting columns.
4. **Attach Desktop:** Place the desktop onto the assembled frame and secure it with screws. Ensure the desktop is properly aligned.
5. **Install Control Panel:** Mount the control panel to the underside of the desktop in the designated location.

6. **Connect Cables:** Connect all motor and control panel cables to the control box according to the wiring diagram in the detailed assembly guide.
7. **Initial Power-Up:** Plug the desk into a power outlet. Perform an initial reset if instructed by the detailed guide.

## **Simple Installation**

### **Installation within 30 minutes**

Image 3.1: Detail of the desk frame connection, illustrating the simple installation process.

## **4. OPERATING INSTRUCTIONS**

Your SANODESK Electric Standing Desk offers intuitive controls for height adjustment and personalized settings.

### **Height Adjustment:**

- Use the **Up (▲)** and **Down (▼)** arrow buttons on the control panel to manually adjust the desk height.
- The desk can be adjusted from a minimum height of **28.7 inches** to a maximum height of **48 inches**.

## Height adjustment from 28.7-48"

Image 4.1: Visual representation of the desk's adjustable height range, from minimum sitting height to maximum standing height.

### Control Panel Functions:

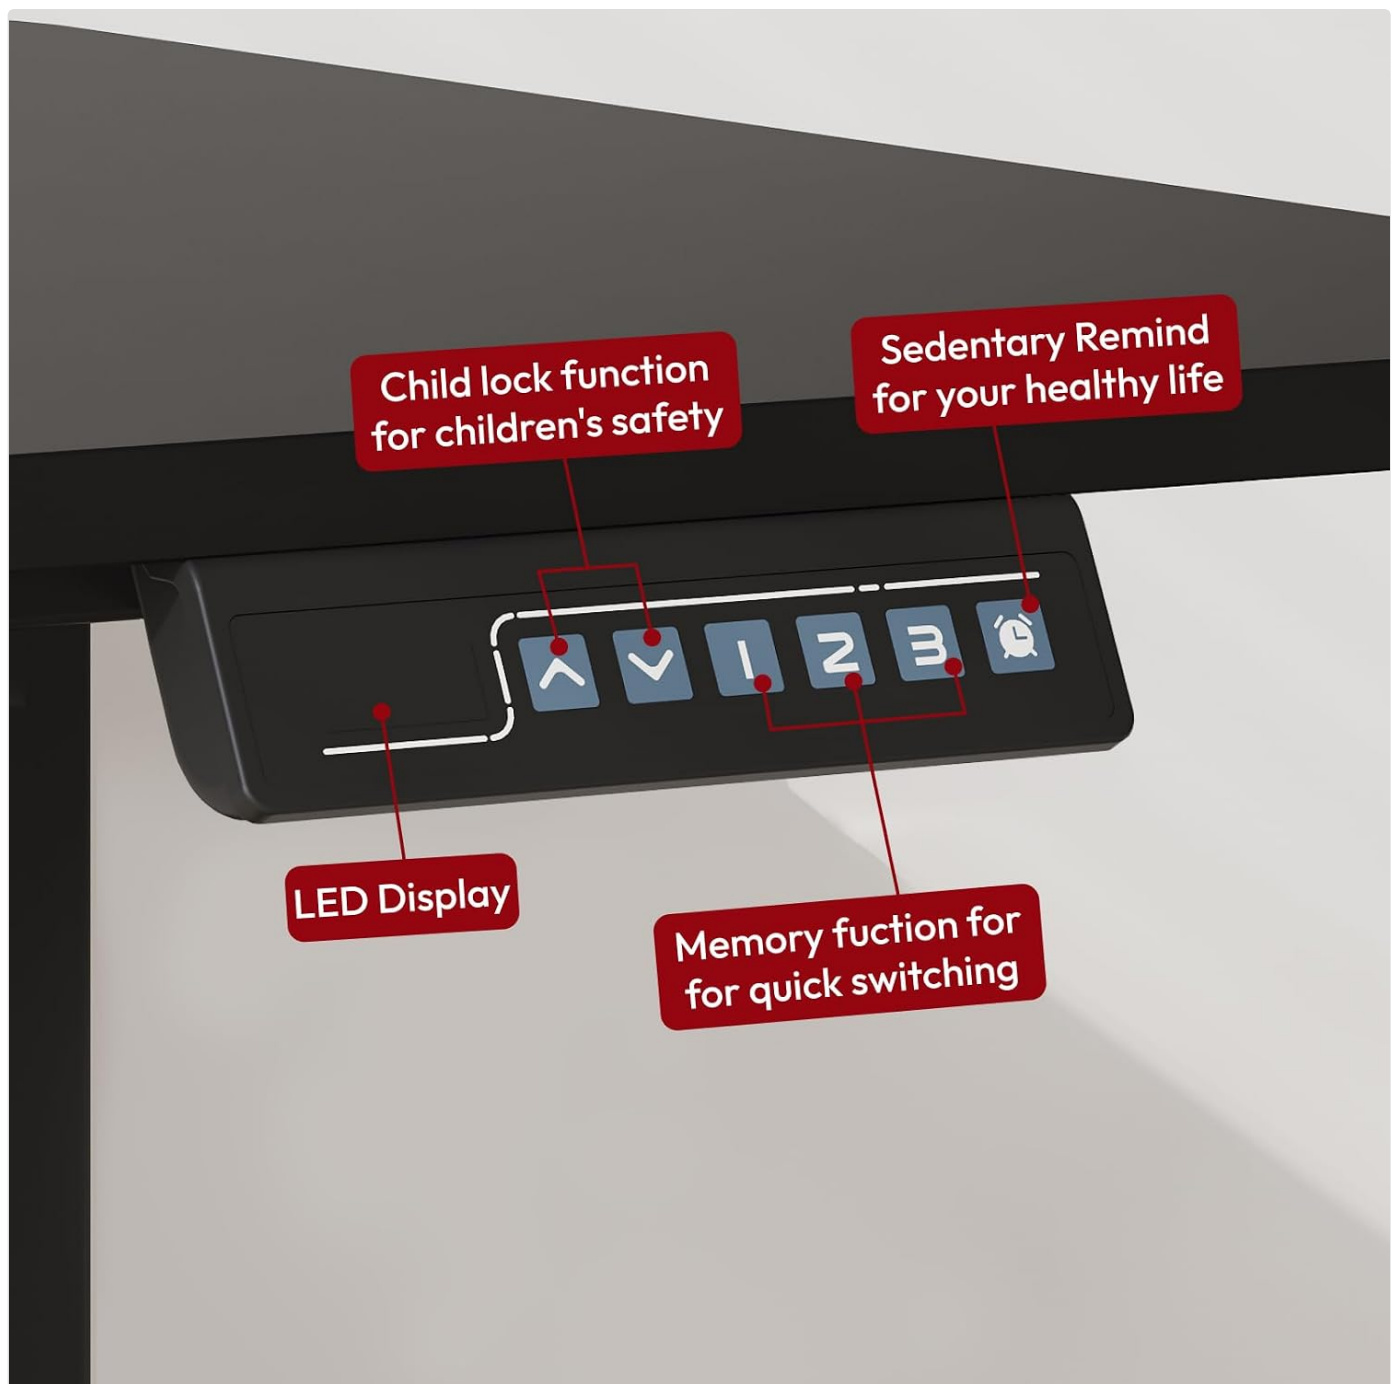

Image 4.2: The digital control panel, highlighting the LED display, memory buttons (1, 2, 3), child lock, and sedentary reminder functions.

- **LED Display:** Shows the current desk height in inches.
- **Memory Presets (1, 2, 3):**

To save a height: Adjust the desk to your desired height, then press the **M** button followed by the desired number button (1, 2, or 3). The display will show 'S-' then the number, indicating the height is saved.

To recall a height: Press the corresponding number button (1, 2, or 3). The desk will automatically move to the saved position.
- **Sedentary Reminder (Alarm Clock Icon):**

To activate: Press the alarm clock button. The display will show 'A-1' (or similar) indicating the reminder is set. The desk will beep after a set period (e.g., 45 minutes) to remind you to change positions.

To deactivate: Press the alarm clock button again.
- **Child Lock Function (Lock Icon):**

To activate: Press and hold the lock button for 3 seconds. The display will show 'LOC', and the desk will not respond to other button presses.

To deactivate: Press and hold the lock button for 3 seconds again. The display will show the current height, and the

desk will be operational.

## Anti-Collision Function:

The desk is equipped with an anti-collision system. If the desk encounters an obstruction while moving up or down, it will automatically stop and reverse slightly to prevent damage or injury.

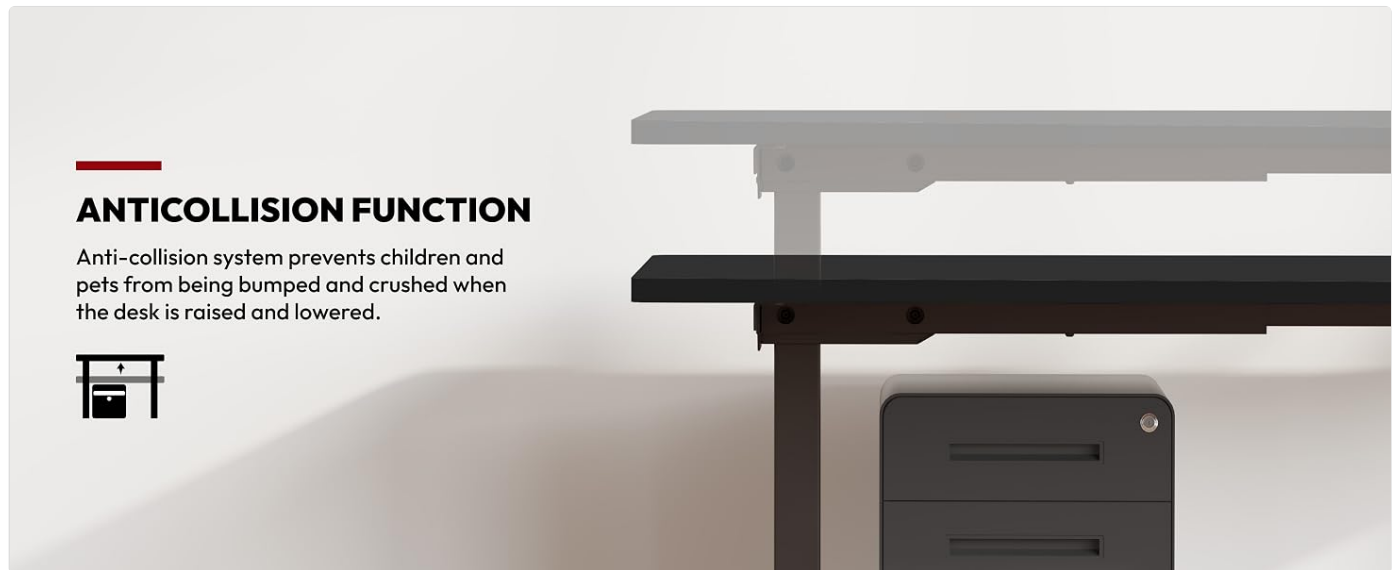

Image 4.3: The anti-collision system detects obstacles during height adjustment, stopping and reversing to prevent damage.

## 5. MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your SANODESK Electric Standing Desk.

### Cleaning:

- Wipe the desktop and frame with a soft, damp cloth.
- Avoid using harsh chemicals or abrasive cleaners, as these can damage the finish.
- Ensure the desk is unplugged before cleaning electrical components.

### Regular Checks:

- Periodically check all screws and bolts to ensure they are tight. Retighten if necessary.
- Inspect cables for any signs of wear or damage.
- Ensure the desk is not overloaded. The maximum weight capacity is **176 pounds (80 kg)**.

Image 5.1: The desk's dimensions and maximum weight capacity of 176 lbs, highlighting important usage limits.

## Desktop Durability:

The desktop features rounded corners and is designed to be scratch-proof and waterproof, contributing to its longevity and ease of maintenance.

## 6. TROUBLESHOOTING

If you encounter issues with your SANODESK Electric Standing Desk, refer to the following common troubleshooting steps.

| Problem | Possible Cause | Solution |
|---------|----------------|----------|
|---------|----------------|----------|

| Problem                                       | Possible Cause                                            | Solution                                                                                                                                    |
|-----------------------------------------------|-----------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------|
| Desk does not move.                           | Power cable disconnected, child lock active, motor error. | Check power connection. Deactivate child lock (press and hold lock button for 3 seconds). Perform a reset (see below).                      |
| Display shows an error code (e.g., E01, E02). | Overload, motor overheating, sensor malfunction.          | Reduce weight on the desk. Unplug the desk for 20 minutes to allow motors to cool. Perform a reset. If the issue persists, contact support. |
| Desk moves unevenly.                          | Uneven weight distribution, loose connections.            | Ensure weight is evenly distributed. Check all frame connections and tighten screws. Perform a reset.                                       |
| Memory presets not working.                   | Presets not saved correctly.                              | Resave your desired heights (adjust to height, press M, then 1/2/3).                                                                        |

Reset Procedure:

If the desk is not functioning correctly, a reset may resolve the issue. Consult your detailed assembly manual for specific reset instructions. A common reset procedure involves:

- 1. Unplug the power cord from the wall outlet.
- 2. Wait for at least 30 seconds.
- 3. Plug the power cord back into the outlet.
- 4. Press and hold the **Down (▼)** button until the desk reaches its lowest position and slightly rebounds, then releases the button. This indicates a successful reset.

If the problem persists after attempting these solutions, please contact SANODESK customer support.
