MAINTENANCE

To ensure the longevity and optimal performance of your earbuds, follow these maintenance guidelines:

- Keep the earbuds and charging case clean and dry.
- Wipe the earbuds with a soft, dry cloth. Do not use abrasive cleaners.
- Avoid exposing the earbuds to extreme temperatures, humidity, or dust.
- Store the earbuds in their charging case when not in use to protect them and keep them charged.
- The earbuds are not water resistant; avoid contact with liquids.

TROUBLESHOOTING

If you encounter any issues with your TF-T08 earbuds, please refer to the following common solutions:

- **Earbuds not pairing or connecting:**

Ensure Bluetooth is enabled on your device and the earbuds are charged. Try turning Bluetooth off and on again on your device, or reset the earbuds by placing them back in the case and then taking them out.

- **No sound or low volume:**

Check the volume levels on both your device and the earbuds. Ensure the earbuds are properly seated in your ears. Confirm they are connected to the correct device.

- **Sound leakage:**

While the volume is not at maximum, there should be no sound leakage. For ear health, avoid using maximum volume for extended periods.

- **Discomfort during use:**

The earbuds are designed for comfort and come with three sizes of eartips (S, M, L). Experiment with different eartip sizes to find the best fit for your ears, which can improve both comfort and sound quality.

- **Charging issues:**

Ensure the charging cable is securely connected to both the case and the power source. Check if the charging contacts on the earbuds and inside the case are clean and free of debris.
