Blackview W60

Blackview W60 Military Smart Watch User Manual

Model: W60 Black

1. INTRODUCTION

Thank you for choosing the Blackview W60 Military Smart Watch. This rugged and versatile smartwatch is designed for outdoor enthusiasts and daily users alike, offering advanced features such as call answering/making, comprehensive health monitoring, multiple sports modes, and an ultra-long battery life. This manual will guide you through the setup, operation, and maintenance of your new device.

Figure 1: Blackview W60 Military Smart Watch

2. What's in the Box

Please check the contents of your package to ensure all items are present:

- Blackview W60 Smart Watch x 1
- Silicone Strap x 1
- Nylon Strap x 1
- Magnetic Charging Cable x 1
- Product Manual x 1

Figure 2: Package Contents and Smartwatch Dimensions

3. GETTING STARTED (SETUP)

3.1 Charging the Smart Watch

Before first use, fully charge your Blackview W60. The watch features a 900mAh battery, providing up to 100 days of standby time and 30 days of typical usage. Use the provided magnetic charging cable.

1. Connect the USB end of the charging cable to a power adapter (5V/1A recommended) or a computer USB port.
2. Align the magnetic end of the cable with the charging contacts on the back of the watch. It will snap into place.
3. The watch screen will indicate charging status. A full charge typically takes approximately 2.5 hours.

Figure 3: Magnetic Charging and Battery Life Overview

3.2 App Installation and Pairing

To unlock the full potential of your smartwatch, download and install the **GloryFitPro** app on your smartphone.

1. Scan the QR code in the product manual or search for 'GloryFitPro' in your smartphone's app store (compatible with Android 6.0+ and iOS 9.0+).
2. Open the GloryFitPro app and follow the on-screen instructions to create an account and set up your personal profile.
3. In the app, navigate to 'Device' or 'Add Device' and select your Blackview W60 from the list of available devices. Ensure Bluetooth is enabled on your phone.
4. Confirm the pairing request on both your phone and the watch.

3.3 Attaching/Changing Watch Straps

Your Blackview W60 comes with two comfortable and skin-friendly wristbands: a silicone strap and a nylon strap. You can easily interchange them to suit your preference or activity.

- To attach a strap: Slide the spring bar of the strap into the lug holes on the watch body until it clicks into place.
- To detach a strap: Locate the small lever on the spring bar, pull it inwards, and gently slide the strap out of the lug.

4. OPERATING INSTRUCTIONS

4.1 Basic Navigation

The Blackview W60 features a 2.01-inch HD full touch screen and physical buttons for navigation.

- **Touch Screen:** Swipe left/right to switch between main functions, swipe up/down to access quick settings or notifications. Tap to select.
- **Side Buttons:** Use the 'MENU' button to access the main menu and the 'BACK' button to return to the previous screen or watch face.

4.2 Call Answering/Making

With its built-in HiFi stereo speakers and microphone, you can manage calls directly from your watch when connected via Bluetooth.

- **Answering Calls:** When an incoming call rings, tap the green phone icon on the watch screen to answer.
- **Making Calls:** Access the dial pad or contact list on your watch to initiate a call. The GloryFitPro app allows you to store multiple contacts for quick access.

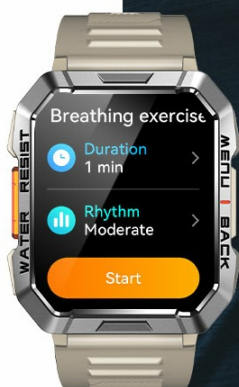

Figure 4: Call Management on Your Smartwatch

4.3 Notifications

Receive real-time notifications for calls, messages (WhatsApp, Facebook, Instagram, etc.), and app alerts directly on your wrist.

- Ensure notification permissions are enabled for the GloryFitPro app in your phone's settings.
- Swipe down from the watch face to view your recent notifications.

Real-time Monitoring of Health Status

24H Heart Rate Monitoring

Use advanced sensors to monitor your heart rate in real time and understand your physical condition in a timely manner.

Figure 5: Receiving Notifications on the Go

4.4 AI Voice Assistant

Interact with your smartwatch using voice commands for quick access to information and functions.

- Activate the AI voice assistant through the watch menu or a designated shortcut.
- Ask questions, check weather forecasts, set alarms, or control music using your voice.

Scientifically Monitor Sleep Quality

Make your sleep more comfortable

Achieve deeper sleep quality through scientific and rigorous sleep monitoring technology.

Figure 6: Built-in AI Voice Assistant

4.5 LED Flashlight & Compass

The W60 is equipped with practical tools for outdoor adventures.

- **LED Flashlight:** Activate the built-in LED flashlight from the quick settings or menu. It offers a lighting range of up to 6-10m.
- **Compass:** Use the integrated compass feature for navigation, especially useful in outdoor environments.

SOS Emergency Calls

Set the emergency call number in the GloryFit Pro app and quickly contact through the watch in case of emergency.

Figure 7: Built-in LED Flashlight

Compass

When you are lost outdoors, the compass on the watch will guide you in the right direction.

Figure 8: Integrated Compass Feature

4.6 Custom Watch Faces

Personalize your watch with a variety of online dials or create your own custom watch face.

- Through the GloryFitPro app, browse and download various watch faces.
- Upload your favorite photos (family, pets, etc.) to create unique DIY watch faces.

Figure 9: Customizable Watch Faces

5. HEALTH MONITORING

The Blackview W60 provides comprehensive health monitoring features to help you stay informed about your well-being.

5.1 Heart Rate Monitoring

The watch uses high-performance optical sensors for 24/7 real-time heart rate monitoring.

- View your current heart rate on the watch face or through the dedicated heart rate interface.
- Historical data and detailed analysis are available in the GloryFitPro app.

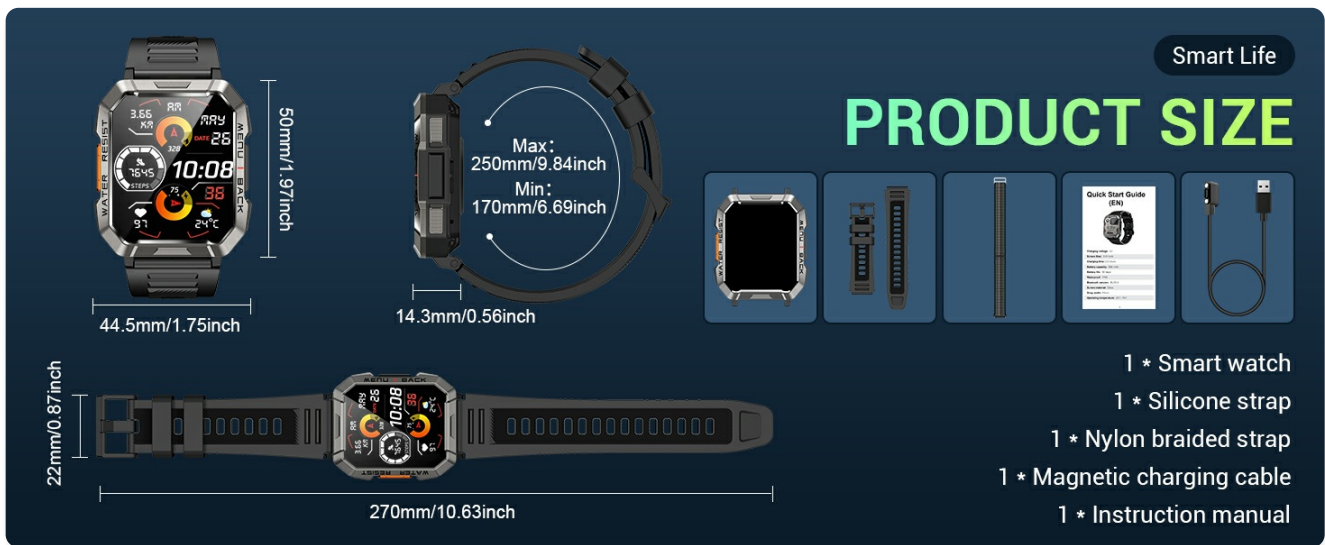

Figure 10: 24H Heart Rate Monitoring

5.2 Blood Oxygen (SpO2) Monitoring

Track your blood oxygen saturation levels to gain insights into your respiratory health.

- Initiate an SpO2 measurement from the watch menu.
- Ensure the watch is worn snugly on your wrist for accurate readings.

100+ Sports Modes

Provides accurate data tracking
for 100+ workout modes, and
professional data helps
you train better.
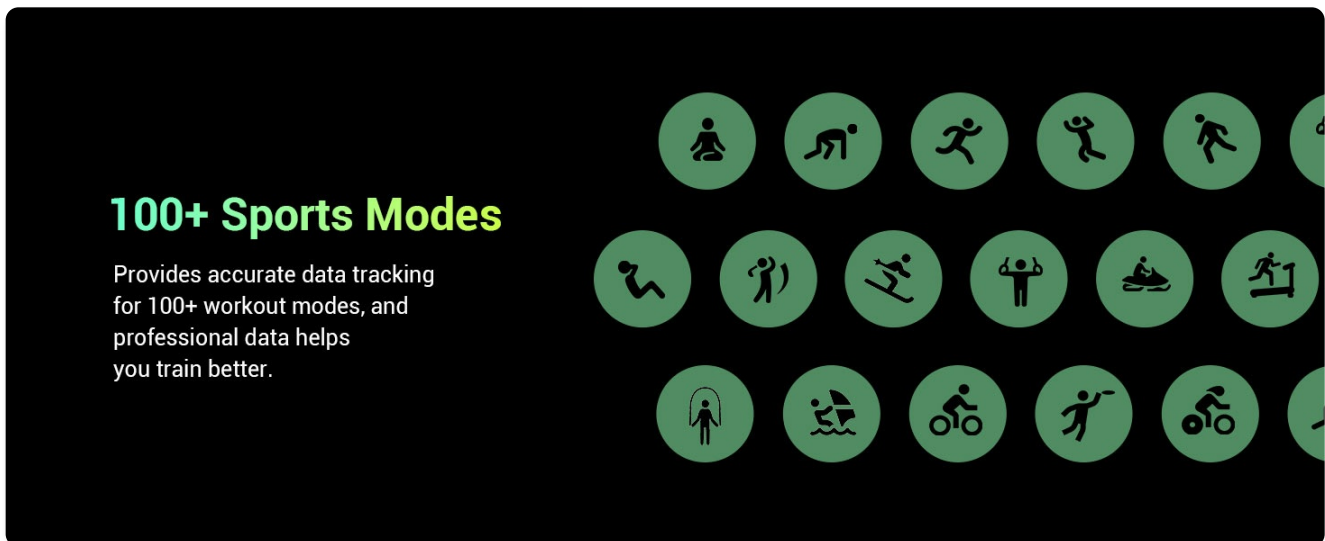

Figure 11: SpO2 Saturation Monitoring

5.3 Sleep Monitoring

The watch automatically tracks your sleep patterns, providing detailed analysis of light, deep, and awake sleep stages.

- Wear the watch to bed for automatic sleep tracking.
- Review your sleep quality report in the GloryFitPro app to help adjust your lifestyle for better rest.

Figure 12: Scientifically Monitor Sleep Quality

5.4 Stress Monitoring & Breathing Exercises

The watch can detect stress levels and guide you through breathing exercises to help you relax.

- Access the stress monitoring feature from the watch menu.
- Follow the on-screen prompts for guided breathing exercises to help calm your mind and body.
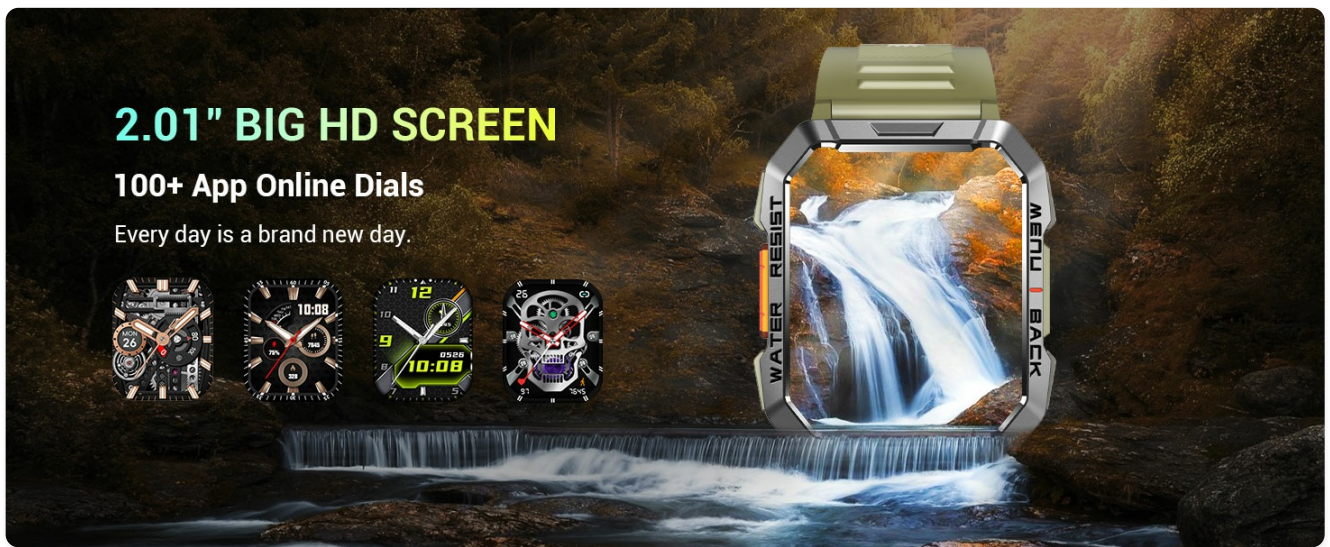

Figure 13: Breathing Exercises to Relax Body

6. Sports Modes

The Blackview W60 supports over 100 sports modes, tracking key data such as steps, distance, calories, and time. It can connect to your phone's GPS to record your training routes.

- Select your desired sports mode from the watch menu before starting an activity.
- View real-time exercise data on your watch and detailed summaries in the GloryFitPro app.

Figure 14: 100+ Sports Modes

7. MAINTENANCE

To ensure the longevity and optimal performance of your Blackview W60, follow these maintenance guidelines:

- **Cleaning:** Regularly wipe the watch screen and straps with a soft, dry cloth. For stubborn dirt, use a slightly damp cloth and then dry thoroughly.
- **Water Resistance:** The watch is IP68 waterproof, suitable for daily use like hand washing or rain.**NOTE:** It is not suitable for sauna, hot water, swimming, or diving. Avoid prolonged exposure to water.
- **Storage:** Store the watch in a cool, dry place when not in use. Avoid extreme temperatures.
- **Charging:** Use only the provided magnetic charging cable. Do not use damaged cables or chargers.

Figure 15: Durability Features (Anti-fall, Dustproof, Waterproof)

8. TROUBLESHOOTING

If you encounter issues with your Blackview W60, please refer to the following common solutions:

Problem	Possible Cause	Solution
Watch not turning on	Low battery; device frozen	Charge the watch for at least 30 minutes. If still unresponsive, press and hold the power button for 10-15 seconds to force restart.
Cannot pair with phone	Bluetooth off; app issue; watch not discoverable	Ensure Bluetooth is on for both devices. Restart both the watch and phone. Reinstall the GloryFitPro app. Ensure the watch is in pairing mode.
Inaccurate health data	Improper fit; sensor obstruction	Ensure the watch is worn snugly on your wrist, one finger's width above the wrist bone. Keep the sensor clean and free from debris.
Notifications not received	App permissions; app not running in background	Check notification permissions for GloryFitPro in your phone settings. Ensure the app is running in the background and not optimized for battery saving.
