BLANCO 527560

BLANCO Alta II Low Arc Pull-Out Kitchen Faucet Instruction Manual

Model: 527560

PRODUCT OVERVIEW

The BLANCO Alta II Low Arc Pull-Out Kitchen Faucet (Model 527560) is designed for modern kitchens, offering both style and functionality. This faucet features a matte black finish, a pull-out hand spray, and a dual-spray toggle for versatile use. Its solid brass construction ensures durability and resistance to tarnishing and corrosion.

Key Features:

- **Ergonomic Pull-Out Hand Spray:** Designed for comfortable grip and smooth operation.
- **Dual-Spray Toggle:** Easily switch between a powerful spray for cleaning and a gentle stream for rinsing.
- **140° Swivel Range:** Provides optimal extended reach and flexibility.
- **Durable Construction:** Made from solid brass with a premium PVD metal finish for long-lasting performance and easy maintenance.
- **Easy Installation:** Includes all necessary parts for a straightforward setup.

SETUP AND INSTALLATION

Before beginning installation, ensure you have all included components and necessary tools. It is recommended to consult

a professional plumber if you are unsure about any steps.

Included Components:

- Faucet Handle
- Installation Hardware
- Instruction Manual (this document)

Installation Steps:

1. **Prepare the Sink:** Ensure the sink hole is clean and free of debris. The faucet requires a single hole for installation.
2. **Mount the Faucet:** Insert the faucet body into the sink hole. From underneath the sink, secure the faucet using the provided mounting hardware. Tighten firmly but do not overtighten.
3. **Connect Water Lines:** Attach the hot and cold water supply lines to the corresponding inlets on the faucet. Ensure all connections are hand-tightened, then use a wrench for a final quarter-turn.
4. **Install the Pull-Out Hose:** Connect the pull-out spray hose to the quick-connect fitting on the underside of the faucet. Ensure it clicks securely into place.
5. **Attach Counterweight:** Secure the counterweight to the pull-out hose at a suitable height to ensure smooth retraction of the spray head.
6. **Test for Leaks:** Turn on the water supply and check all connections for leaks. Operate the faucet to ensure proper water flow and spray function.

OPERATING INSTRUCTIONS

The BLANCO Alta II faucet is designed for intuitive operation.

- **Water Flow and Temperature:** The single lever handle controls both water flow and temperature. Lift the handle to increase flow. Move the handle left for hot water and right for cold water.
- **Pull-Out Spray:** Gently pull the spray head from the spout to extend the hose. The ergonomic design ensures comfortable handling.
- **Dual-Spray Function:** Press the toggle button located on the spray head to switch between a steady aerated stream and a powerful spray. The spray mode will typically revert to stream when the water is turned off.
- **Swivel Spout:** The faucet spout can swivel 140 degrees, allowing you to direct water flow across a wide area of your sink.

MAINTENANCE AND CARE

Proper care will ensure the longevity and appearance of your BLANCO Alta II faucet.

- **Cleaning:** Clean the faucet regularly with a soft cloth and mild soap. Avoid abrasive cleaners, harsh chemicals, or scouring pads, as these can damage the finish.
- **Spot Removal:** For water spots or fingerprints, wipe with a damp cloth and dry immediately with a soft, lint-free towel.
- **Aerator Maintenance:** Periodically unscrew the aerator from the spray head and clean any mineral deposits or debris. Rinse thoroughly before reattaching.
- **Avoid Damage:** Do not hang heavy objects from the pull-out spray hose or apply excessive force to the handle.

TROUBLESHOOTING

If you encounter issues with your faucet, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Low Water Flow	Clogged aerator; partially closed shut-off valve; kinked supply line.	Clean aerator; ensure shut-off valves are fully open; check supply lines for kinks.
Leaking at Base	Loose mounting nut; worn O-rings.	Tighten mounting nut (do not overtighten); contact customer support for replacement O-rings if necessary.
Spray Head Not Retracting Fully	Improperly positioned counterweight; obstruction under sink.	Adjust counterweight position; clear any obstructions preventing hose movement.
Water Temperature Issues	Incorrect hot/cold supply line connection; water heater issues.	Verify supply line connections; check water heater settings.

If the problem persists after attempting these solutions, please contact BLANCO customer support.

SPECIFICATIONS

Attribute	Detail
Brand	BLANCO
Model Name	Alta II Pull-Out
Part Number	527560
Finish Type	Matte Black
Material	Brass
Mounting Type	Deck Mount
Number of Handles	1
Hole Count	1
Maximum Flow Rate	1.5 Gallons Per Minute (GPM)
Spout Height	5.94 Inches
