BLANCO 527476

BLANCO Culina II Pull-Down Semi-Pro Kitchen Faucet Instruction Manual

Model: 527476 | Brand: BLANCO

1. INTRODUCTION

Thank you for choosing the BLANCO Culina II Pull-Down Semi-Pro Kitchen Faucet. This manual provides essential information for the proper installation, operation, and maintenance of your new faucet. Designed for durability and ease of use, the Culina II combines professional-grade functionality with elegant design, making it a perfect addition to any modern kitchen.

2. KEY FEATURES

- Toggle between a dual spray function featuring a powerful, aerated spray ideal for targeted cleaning or a laminar flow with a crystal-clear stream.
- Magnetic docking ensures spray head retracts into place and prevents it from drooping over time.
- Ergonomic handle fits comfortably in hand, allowing for smooth operation.
- Solid brass construction and premium PVD metal finish resist tarnishing and corrosion, providing easy maintenance for long-lasting performance.
- 180° swivel offers maximum flexibility and ease of use with any sink configuration.

3. SETUP AND INSTALLATION

The BLANCO Culina II faucet is designed for single-hole deck mount installation. While installation can be straightforward for experienced DIYers, professional plumbing installation is highly recommended to ensure proper water line connections, pressure checks, and to prevent potential leaks. Refer to the included instruction manual for detailed diagrams and step-by-step procedures.

4. OPERATING INSTRUCTIONS

To operate your BLANCO Culina II faucet:

- **Water Flow and Temperature:** Use the single lever handle to control both water flow and temperature. Lift the handle to increase flow, and move it left for hot water or right for cold water.
- **Pull-Down Sprayer:** Gently pull the spray head down from its magnetic docking arm. The flexible hose allows for extended reach within and around your sink.
- **Dual Spray Function:** The spray head features a button to switch between two spray modes: an aerated stream for general use and a powerful spray for rinsing.

- **Magnetic Docking:** When finished, guide the spray head back towards the docking arm. The integrated magnet will securely pull it into place, preventing sagging over time.
- **Swivel Spout:** The faucet spout can swivel 180 degrees, providing ample clearance and flexibility for various sink configurations and tasks.

5. MAINTENANCE AND CARE

To maintain the pristine condition and functionality of your BLANCO Culina II faucet:

- **Cleaning:** Clean the faucet regularly with a soft cloth and mild soap. Avoid abrasive cleaners, harsh chemicals, or scouring pads, as these can damage the PVD metal finish.
- **Mineral Deposits:** For hard water spots or mineral deposits, use a solution of equal parts white vinegar and water. Apply with a soft cloth, let it sit for a few minutes, then rinse thoroughly and dry.
- **Aerator Maintenance:** Periodically unscrew the aerator from the spray head and clean any debris or mineral buildup to ensure optimal water flow.
- **Hose Inspection:** Regularly inspect the pull-down hose for any signs of wear or damage.

6. TROUBLESHOOTING

If you encounter issues with your faucet, consider the following common problems and solutions:

Problem	Possible Cause	Solution
Low Water Flow	Clogged aerator; low water pressure; kinked supply line.	Clean or replace aerator; check main water supply valve; straighten supply lines.
Leaking from Handle/Base	Loose connections; worn O-rings or cartridge.	Tighten connections; replace O-rings or cartridge (consult professional if unsure).
Spray Head Does Not Retract Fully	Obstruction under sink; weight on hose is dislodged.	Clear obstructions; re-secure or adjust hose weight.

If problems persist after attempting these solutions, please contact BLANCO customer support or a qualified plumber.

7. SPECIFICATIONS

- **Brand:** BLANCO
- **Model Name:** Culina II Semi-Pro
- **Part Number:** 527476
- **Color:** Satin Gold
- **Material:** Brass
- **Finish Type:** Brushed
- **Mounting Type:** Deck Mount
- **Number of Handles:** 1 (Lever)
- **Hole Count:** 1
- **Maximum Flow Rate:** 1.5 Gallons Per Minute
- **Product Dimensions:** 4.13"D x 10.23"W x 22"H
- **Spout Height:** 9.22 Inches
- **Spout Reach:** 8.66 Inches
- **Item Weight:** 7.8 Pounds
- **Special Features:** Dual Function Sprayer, Pull Down Sprayer, Water Saving System
