Hatteker 602

Hatteker Professional Hair Clipper & Foil Shaver User Manual

Model: 602

PRODUCT OVERVIEW

The Hatteker Professional Hair Clipper & Foil Shaver Kit is a versatile 2-in-1 grooming solution designed for various hair removal needs, including head hair, nose/ear hair, beard, and other body hair. This comprehensive kit features a hair clipper, a T-blade trimmer, a nose/ear hair trimmer, a beard trimmer attachment, and a triple foil shaver, providing a complete set of tools for precise and comfortable grooming.

Image: The complete Hattaker Professional Hair Clipper and Foil Shaver Kit, showcasing the main clipper, foil shaver, and various attachments including guide combs, nose/ear trimmer, and cleaning brush.

Key Features

- **Professional Foil Shaver & Trimmer Kit:** Includes a hair clipper with 5 guide combs (3/6/9/12/15mm), a T-blade trimmer head with 4 guide combs (1/3/5/7mm), a nose/ear hair trimmer for men, a beard trimmer attachment, and a foil shaver.
- **T-Blade Precision Cutting:** The T-blade head allows for zero-gap detailing, cutting down to 0.3mm without a guide comb for a neat, close shave. Ideal for precise cuts, artwork, hard or soft lines, oil tips, and sculpting hair shapes.
- **Upgraded Triple Foil Shaver Head:** Features an ultra-thin shaver head for efficient cutting of hair, beard, and head. Easy to clean by pressing the release button. For thick or long hair, pre-trimming with scissors or the clipper is recommended before using the shaver for a smoother finish.
- **Powerful Motor & Long-Lasting Battery:** Equipped with a durable 6500 RPM motor for cutting thick and coarse hair. Built-in rechargeable lithium-ion battery provides 180 minutes of working time after approximately 1.5 hours of

charging for the hair clipper, and 75 minutes of charging for 1.5 hours of use for the electric shaver.

- **IPX7 Waterproof & Smart LED Display:** Fully washable design for easy cleaning. All accessories are removable. The smart LED screen clearly displays the remaining battery percentage, charging reminders, and cleaning reminders.

What's in the Box

Your Hatteker Professional Hair Clipper & Foil Shaver Kit includes the following components:

- Hair Clipper
- T-Blade Head
- Foil Shaver
- Beard Trimmer Attachment

- Nose/Ear Trimmer Attachment
- 5 Hair Clipper Guide Combs (3mm, 6mm, 9mm, 12mm, 15mm)
- 4 T-Blade Trimmer Guide Combs (1mm, 3mm, 5mm, 7mm)
- Cleaning Brush
- USB Charging Cable
- User Manual (this document)

SETUP AND CHARGING

Before first use, ensure your device is fully charged. The devices come with built-in lithium-ion batteries.

1. **Initial Charge:** Connect the USB charging cable to the device and a suitable USB power source (e.g., computer, power bank, USB charger, car charger).
2. **Charging Time:**
 - Hair Clipper: Approximately 1.5 hours for a full charge.
 - Electric Shaver: Approximately 75 minutes for a full charge.
3. **Battery Indicator:** The smart LED display will show the charging progress and remaining battery percentage. Ensure the device is fully charged before use for optimal performance.
4. **Attaching Accessories:** To attach a trimmer head or guide comb, align it with the device and gently push until it clicks into place. To remove, press the release button (if applicable) and pull away.

USB RECHARGEABLE

OPERATING INSTRUCTIONS

This kit offers multiple attachments for diverse grooming needs. Always ensure your skin and hair are clean before use.

General Operation:

- **Power On/Off:** Press the power button to turn the device on or off.
- **LED Display:** Monitor the battery level and cleaning reminders on the LED screen.

Using the Hair Clipper:

1. Select the desired guide comb (3mm, 6mm, 9mm, 12mm, or 15mm) and attach it securely to the hair clipper.
2. Turn on the clipper and begin trimming hair against the direction of hair growth for an even cut.
3. For shorter lengths or fading, remove the guide comb or use a smaller size.

Using the T-Blade Trimmer:

1. Attach the T-blade head to the device. You can use it without a guide comb for precise detailing, outlining, and zero-gap cutting (down to 0.3mm).
2. For specific lengths, attach one of the 4 guide combs (1mm, 3mm, 5mm, or 7mm).
3. Use for beard trimming, hairline shaping, and intricate designs.

Using the Foil Shaver:

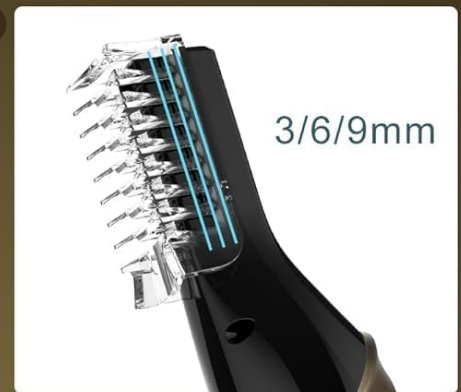

1. Attach the triple foil shaver head.
2. For best results, use on short stubble. If hair is long or thick, pre-trim with the hair clipper or T-blade trimmer first.
3. Move the shaver gently against the skin in short, circular motions for a close and smooth shave.

Using the Nose/Ear Trimmer:

1. Attach the nose/ear trimmer head.
2. Gently insert the trimmer tip into the nostril or ear canal.
3. Move it slowly to trim unwanted hair. Do not insert too deeply.

DIVERSE CUTTING LENGTHS

4 GUIDE COMBS FOR HAIR TRIMMER

8 GUIDE COMBS FOR HAIR CLIPPER

MAINTENANCE AND CLEANING

Proper maintenance ensures the longevity and optimal performance of your Hatteker grooming kit.

Cleaning the Devices:

- **IPX7 Waterproof Design:** Both the hair clipper and foil shaver are fully washable. After use, you can rinse the blades and heads directly under running water.
- **Removing Hair:** Use the included cleaning brush to remove any trapped hair from the blades and inside the trimmer/shaver heads.
- **Foil Shaver Head Cleaning:** To clean the triple foil shaver head, press the release button on the side of the head to detach it. Use the cleaning brush to clear hair from the foils and the internal blades. You can also rinse it under water. Reattach the head after cleaning.

- **Drying:** After rinsing, shake off excess water and allow the devices to air dry completely before storing or reattaching heads.
- **Lubrication:** For best storage and to maintain blade sharpness, it is recommended to add a few drops of lubricating oil (not included) to the blades after they have dried completely.

Storage:

Store the devices and all accessories in a dry, cool place, away from direct sunlight and out of reach of children.

TROUBLESHOOTING

If you encounter any issues with your Hatteker grooming kit, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Device not turning on.	Low battery or not charged.	Charge the device fully as per "Setup and Charging" instructions.
Device pulling hair.	Blades are dull or clogged with hair. Hair is too long for the shaver.	Clean the blades thoroughly. Lubricate blades. For the foil shaver, pre-trim long hair with the clipper/trimmer.
Reduced cutting performance.	Blades need cleaning or lubrication.	Clean and lubricate the blades. Ensure no hair is stuck.
LED display not working.	Device is off or battery is completely drained.	Turn on the device. Charge the device. If still not working, contact support.
