## MAINTENANCE AND CARE

Proper care will extend the life and appearance of your GNIXUU sofa.

- **Cleaning:** The upholstery fabric is Chenille. For cleaning, the recommended methods are Machine Washable or Dry Clean. Always check the care tag on the cushions for specific instructions.
- **Cushion Care:** The back cushions are removable. Regularly fluff and rotate cushions to maintain their shape and even out wear.
- **Spills:** Blot spills immediately with a clean, dry cloth. Avoid rubbing, as this can spread the stain.
- **Sunlight:** Avoid prolonged exposure to direct sunlight to prevent fading of the fabric.
- **Vacuuming:** Regularly vacuum the sofa using a soft brush attachment to remove dust and debris.

## SAFETY INFORMATION

Please observe the following safety guidelines:

- All foam and upholstered surfaces meet flammability standards.
- Keep the sofa away from open flames or high heat sources.
- Supervise children and pets to avoid entrapment risks within or around the sofa.
- Do not exceed the maximum weight limit of 195.9 pounds per seat.
- Ensure all modular sections are securely connected to prevent accidental separation.

## TROUBLESHOOTING

If you encounter any issues with your GNIXUU sofa, consider the following common solutions:

- **Wobbly Sections:** Ensure all connecting hardware between modular sections is tightened. Check that all legs are securely screwed in.
- **Cushion Compression:** Over time, cushions may compress. Regularly fluff and rotate them to restore their loft and even out wear.
- **Fabric Pilling:** Minor pilling can occur with normal use. This can often be removed with a fabric shaver.
