

Toozezy B7

Toozezy Quiet Dog Clippers

Model B7 User Manual

INTRODUCTION

Thank you for choosing the Toozezy Quiet Dog Clippers, Model B7. This professional-grade pet grooming tool is designed for efficient and quiet trimming of various pet hair types. Featuring a powerful motor, durable battery, and versatile comb attachments, it provides a smooth and stress-free grooming experience for your beloved pets. Please read this manual carefully before use to ensure proper operation, maintenance, and safety.

SAFETY INFORMATION

Please observe the following safety precautions:

- Use this product with caution when near the face and eyes of your pet.
- Keep small parts away from children and pets to prevent choking hazards.
- Clean the device thoroughly after each use to maintain hygiene and performance.
- Ensure appropriate age restrictions and supervision are in place during use, especially for beginners.
- Do not use the clipper if the blades are damaged or bent.
- Avoid exposing the device to water or excessive moisture, except for the washable blade head.

WHAT'S IN THE BOX

Your Toozezy Quiet Dog Clippers package includes:

- 1 x Toozezy Pet Hair Clipper
- 1 x Cleaning Brush
- 6 x Comb Attachments (3mm, 6mm, 9mm, 12mm, 15mm, 18mm)
- 1 x Comb
- 1 x Scissor
- 1 x Lubricant Oil
- 1 x Charger (USB cable)
- 1 x User Manual

SETUP AND CHARGING

1. **Initial Charge:** Fully charge the battery before using the clipper for the first time. The 2000 mAh Lithium-Ion battery provides 3-4 hours of continuous operation after a 3-hour charge.

2. **Connect Charger:** Connect the provided USB charging cable to the clipper and a suitable power adapter (not included).
3. **Monitor Charge:** The LCD display will show the charging status and remaining power percentage.

OPERATING INSTRUCTIONS

1. **Prepare Your Pet:** Ensure your pet's fur is clean, dry, and free of tangles. Use the included comb to detangle the fur before clipping.
2. **Select Comb Attachment:** Choose the desired cutting length using one of the 6 guide combs (3mm, 6mm, 9mm, 12mm, 15mm, 18mm). Snap the comb securely onto the clipper blade. The clipper also features 5 adjustable hair

volume trim modes (0.8mm, 1.1mm, 1.4mm, 1.7mm, 2.0mm) by rotating the collar below the blade.

3. **Power On and Adjust Speed:** Press the power button to turn on the clipper. Use the speed adjustment buttons to select one of the three speeds:
 - **6500 RPM:** For sensitive areas or pets.
 - **7000 RPM:** For fine trimming at medium speed.
 - **7500 RPM:** For fast and efficient trimming.
4. **Begin Trimming:** Gently guide the clipper through your pet's fur in the direction of hair growth. Maintain a steady, even pressure. For first-time users or anxious pets, reward them with a snack to create a positive association.
5. **Use Scissors and Comb:** For areas requiring precision or to smooth out fur, use the included comb and scissors.
6. **Monitor Display:** The LCD display provides real-time information on RPM gear, battery percentage, and warnings for lubrication and charging.

MAINTENANCE

1. Cleaning After Each Use:

- Turn off the clipper and remove the comb attachment.
- Use the cleaning brush to remove any trapped hair from the blade and clipper body.
- The blade head is detachable and washable. Rinse the blade head under running water. Ensure it is

completely dry before reattaching.

- 2. **Lubrication:** Apply a few drops of the included lubricant oil to the blades after each cleaning, especially if the clipper feels sluggish or noisy. This ensures smooth operation and extends blade life. The LCD display will show a lubrication warning when needed.
- 3. **Storage:** Store the clipper and its accessories in a clean, dry place, away from direct sunlight and extreme temperatures.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Clipper not turning on.	Battery is low or depleted.	Charge the clipper fully.
Clipper is noisy or sluggish.	Blades are dirty or not lubricated.	Clean the blades and apply lubricant oil.
Hair is getting caught or pulled.	Blades are dull, dirty, or fur is tangled.	Clean blades, ensure fur is detangled, consider replacing blades if dull.
Clipper not holding charge.	Battery degradation or faulty charger.	Ensure correct charger is used. If issue persists, contact customer support.
