SAFETY INFORMATION

- Keep the clock away from direct sunlight and extreme temperatures.
- Do not expose the clock to water or high humidity.
- Use only the specified battery type (1 AA battery).
- Keep batteries out of reach of children.
- Dispose of used batteries responsibly.

SETUP

1. Inserting the Battery

1. Locate the battery compartment on the back of the clock.

2. Insert one (1) AA battery, ensuring the positive (+) and negative (-) terminals align correctly with the markings inside the compartment.

Image: A close-up view of the clock's hands and the central mechanism, indicating where the battery powers the movement.

2. Setting the Time

1. Locate the time adjustment knob on the back of the clock, usually a small wheel or dial.
2. Rotate the knob in either direction until the clock hands display the correct time.

Image: A detailed view of the clock face, highlighting the black Arabic numerals and hands for time setting.

3. Mounting the Clock

1. Choose a suitable location on a wall.
2. Use a nail or screw (not included) securely fastened into the wall.
3. Hang the clock using the keyhole slot on the back. Ensure it is stable before releasing.

Image: The Lafocuse wall clock displayed on a wall in a bedroom setting, illustrating a typical mounting location.

OPERATION

Once the battery is inserted and the time is set, the clock will begin to operate. The silent, non-ticking quartz movement ensures a quiet environment.

Image: A diagram showing the clock's silent operation at 15dB, significantly quieter than typical ambient sounds, promoting a peaceful environment.

MAINTENANCE

Cleaning

- Wipe the clock's surface with a soft, dry cloth.
- Do not use abrasive cleaners or solvents, as these may damage the finish.

Battery Replacement

- Replace the AA battery annually or when the clock begins to lose time.
- Follow the battery insertion steps outlined in the "Setup" section.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Clock not running	Battery is dead or incorrectly inserted.	Replace the battery with a new AA battery, ensuring correct polarity.
Time is inaccurate	Low battery power.	Replace the battery with a new AA battery.
Clock makes ticking sound	This model is designed to be silent. If ticking occurs, the movement may be faulty.	Contact customer support for assistance.

SPECIFICATIONS
