Lafocuse Ginkgo Leaf Wall Clock 33x19 Inch Instruction Manual

Model: 33x19 Inch

INTRODUCTION

This manual provides instructions for the setup, operation, maintenance, and troubleshooting of your Lafocuse Silent Modern Large Wall Clock. This decorative wall clock features a metal ginkgo leaf design and a silent quartz movement, ensuring accurate timekeeping without disruptive ticking sounds. Please read this manual thoroughly before use to ensure proper function and longevity of your clock.

SETUP

1. Unpacking and Inspection

- Carefully remove all components from the packaging.
- Inspect the clock for any signs of damage during transit. If any damage is found, please contact customer support.
- Ensure all parts are present: the clock unit and any included mounting hardware.

2. Battery Installation

The clock requires one (1) AA battery (not included). Follow these steps to install the battery:

1. Locate the battery compartment on the back of the clock movement.
2. Insert one AA battery, ensuring the positive (+) and negative (-) terminals align correctly with the indicators in the compartment.

3. Close the battery compartment cover securely.

OPERATING INSTRUCTIONS

Setting the Time

After installing the battery, set the correct time using the adjustment knob located on the back of the clock movement. Rotate the knob until the hour and minute hands display the accurate time. Avoid moving the hands directly, as this may damage the movement.

MAINTENANCE

Cleaning

To maintain the appearance of your clock, gently wipe the metal surfaces with a soft, dry cloth. Avoid using abrasive cleaners or solvents, as these can damage the finish. For the clock face, use a soft, lint-free cloth.

Battery Replacement

Replace the AA battery annually or when the clock begins to lose time or stops functioning. Always use a fresh, high-quality AA battery for optimal performance.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Clock is not running or stops intermittently.	Dead or low battery; improperly installed battery; damaged movement.	Replace with a fresh AA battery, ensuring correct polarity. Check if the battery is installed correctly. If the issue persists, contact customer support.
Clock hands are not moving smoothly or are stuck.	Hands are bent or obstructed; internal movement issue.	Gently check if the hands are touching each other or the clock face. If they are, carefully adjust them. If the problem continues, contact customer support.
Time is inaccurate.	Low battery; incorrect time setting.	Replace the battery. Reset the time using the adjustment knob on the back of the clock.
