SAFETY INFORMATION

All foam and upholstered surfaces meet flammability standards. Keep away from open flames or high heat sources. Supervise children and pets to avoid entrapment risks within the storage compartments or between modules.

PACKAGE CONTENTS

Your EASE MOOSE modular sectional sofa is delivered in multiple cartons. Please ensure all components are present before beginning assembly. The package typically includes:

- Sofa Modules (3 seat modules, 2 armrests)
- Back Cushions (3)
- Seat Cushions (3)
- Sofa Legs (wooden)
- Connecting Hardware (screws, metal bars, Allen wrench)

Note: Specific quantities may vary based on your purchased configuration.

SETUP AND ASSEMBLY

Assembly of your modular sofa is designed to be straightforward. All necessary tools are typically included. Follow these steps:

1. **Unpack Components:** Carefully remove all parts from their packaging. Locate the assembly instructions and hardware kit, often found within the storage compartments of the modules.
2. **Attach Sofa Legs:** Turn each module upside down. Screw the wooden sofa legs into the designated holes at the bottom corners of each module. Ensure they are tightened securely.

3. **Connect Modules:** Position the modules in your desired configuration. Use the provided metal connecting bars to link adjacent modules. These bars slide into brackets on the sides and bottom of each module, ensuring stability.
4. **Insert Backrests:** For modules with backrests, insert the backrest into the corresponding slots on the module base. Ensure it clicks securely into place.
5. **Place Cushions:** Position the seat cushions onto the module bases. The back cushions attach to the backrests using Velcro strips to prevent shifting.
