Step2 Hot Tub Storage Steps with Handrails (Model 547599)

Instruction Manual

INTRODUCTION

This manual provides essential information for the assembly, operation, and maintenance of your Step2 Hot Tub Storage Steps with Handrails. Please read these instructions carefully before use to ensure safe and proper functionality.

SAFETY INFORMATION

- Ensure all components are securely fastened before use.
- Do not exceed the maximum weight limit of 300 lbs (136 kg).
- Always use handrails for stability when ascending or descending steps, especially when wet.
- Keep the step surface clean and free of debris to maintain non-slip properties.
- Supervise children when using the steps.

PACKAGE CONTENTS

Verify that all parts are present before beginning assembly:

- 2-Step Stool Base
- 2 Handrails
- Assembly Hardware (screws, etc.)
- Instruction Manual

Engineered for High Performance

Safe for use in any chlorine or saltwater environment with marine grade 316 stainless steel hardware included

Figure 1: All components included in the package.

SETUP AND ASSEMBLY

Follow these steps to assemble your hot tub storage steps. A cordless drill and rubber mallet may be helpful.

Step 1: Assemble the Base

Connect the side panels to the step treads. Ensure all locking tabs are fully engaged. Use a rubber mallet to gently tap components into place if needed. Secure with provided screws.

Your browser does not support the video tag.

Video 1: Assembly demonstration for the storage step base. This video shows the process of connecting the main components and securing them.

Step 2: Install Handrails

Attach the handrails to the designated slots on the side panels. Secure them using the provided hardware. The handrails are designed for stability and can be installed on either side or both, depending on preference.

Figure 2: The steps feature high sides that function as handrails, providing support and stability.

OPERATING INSTRUCTIONS

Accessing Your Hot Tub/Pool

The two-step design provides easy and safe access. The textured surface on each step ensures non-slip traction, even when wet. Always use the handrails for added support.

Figure 3: The non-slip textured steps provide secure footing for entering and exiting your hot tub or pool.

Utilizing Storage Space

The second step features 1.5 cubic feet of enclosed storage space. Lift the top tread to access this compartment, ideal for storing hot tub chemicals, toys, or other small items. Two stainless steel hooks are also available for hanging towels or clothing.

Fully Enclosed Storage Space

Includes a dry storage area underneath the top step and two stainless steel hanging hooks

Figure 4: The steps offer convenient enclosed storage for various items, keeping your hot tub area tidy.

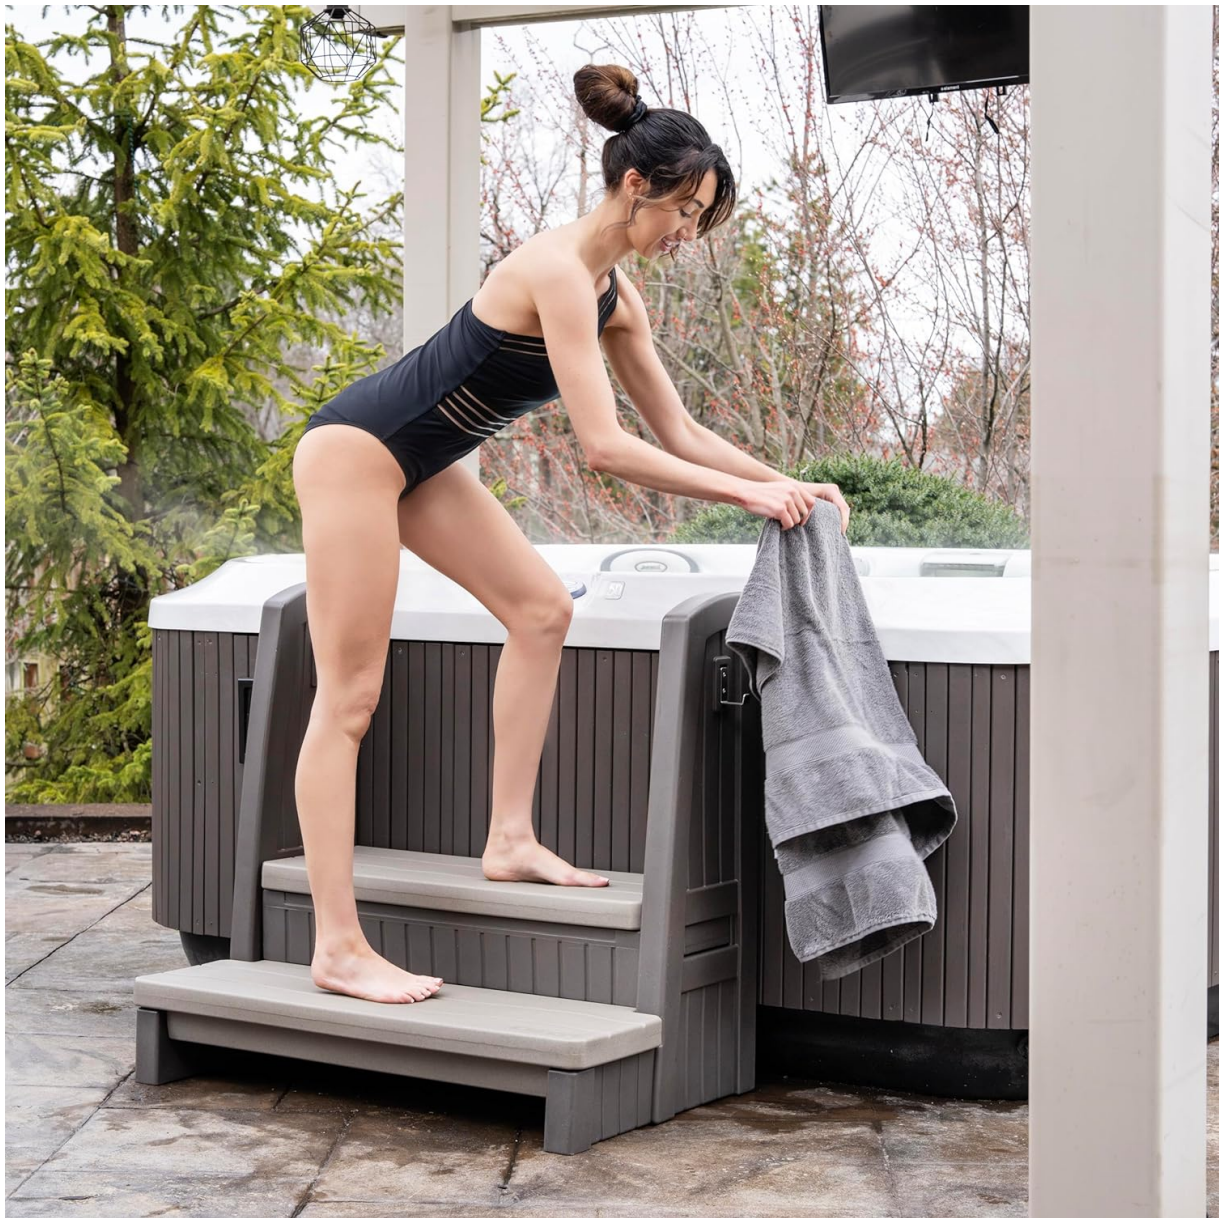

Figure 5: Detail of the storage area and the integrated stainless steel towel hooks.

MAINTENANCE

The steps are constructed from durable plastic designed to withstand inclement weather, chlorine, and salt water. To clean, simply wipe with a damp cloth and mild soap. Avoid abrasive cleaners that may damage the surface.

TROUBLESHOOTING

- **Steps feel unstable:** Ensure all screws are tightened and components are fully seated. Check for uneven ground and adjust placement if necessary.
- **Difficulty opening storage:** Ensure no items are obstructing the lid mechanism.

SPECIFICATIONS

Feature	Detail
Product Dimensions	25"D x 42"W x 36"H

Brand	Step2
Material	Plastic
Color	Dark Cedar
Special Feature	Slip Resistant Step
Maximum Height	36 Inches
Weight Limit	300 Pounds
Model Name	HOT TUB STORAGE STEPS
Assembly Required	Yes
Number of Steps	2
Item Weight	42 pounds
Item model number	547599
