Bburago RB19

Bburago 1/43 Red Bull Racing RB19 Diecast Model Car User Manual

1. INTRODUCTION

This manual provides essential information for the proper handling, display, and care of your Bburago 1/43 Red Bull Racing RB19 diecast model car. This highly detailed replica celebrates the Red Bull Racing RB19, specifically the #11 Checo Perez car from the Miami F1 GP 2023. It is an officially licensed collector's item, crafted with a die-cast metal body and plastic components, designed for display rather than active play.

2. SETUP

2.1 Unboxing

1. Carefully remove the model car from its packaging. The model is secured to prevent damage during transit.
2. Inspect the model for any visible damage or loose parts.

3. Retain the original packaging for future storage or transport, if desired.

2.2 Placement

Place the model on a stable, flat surface away from direct sunlight, extreme temperatures, and high humidity. These conditions can cause material degradation or color fading over time. Ensure the display area is free from vibrations that could cause the model to fall.

3. OPERATING (HANDLING AND DISPLAY)

This Bburago diecast model is a static display item and is not intended for active play. Its intricate details and delicate components require careful handling.

3.1 Handling Precautions

- Always handle the model by its main body, avoiding delicate parts such as wings, mirrors, or antennas.
- Avoid dropping or subjecting the model to impacts, as this can cause irreparable damage.
- Do not force movable parts, as they may not be designed for articulation.

4. MAINTENANCE

Regular maintenance will help preserve the appearance and condition of your diecast model.

4.1 Cleaning

- **Dusting:** Use a soft, dry brush (such as a makeup brush or a dedicated model brush) or a microfiber cloth to gently remove dust from the surface.
- **Spot Cleaning:** For stubborn marks, lightly dampen a microfiber cloth with water. Avoid using harsh chemicals, abrasive cleaners, or excessive moisture, as these can damage the paint or decals.
- Ensure the model is completely dry before returning it to its display location.

4.2 Storage

If storing the model for an extended period, place it back in its original packaging or a protective display case to shield it from dust and potential damage.

5. TROUBLESHOOTING

While diecast models are generally robust, minor issues can occur.

5.1 Loose Parts

If a small plastic part becomes loose, it can often be reattached using a small amount of model-specific adhesive. Apply adhesive sparingly with a toothpick. Avoid using super glue on painted surfaces as it can cause discoloration.

5.2 Paint or Decal Damage

Minor scratches or decal lifting are generally difficult to repair without specialized tools and paints. For significant damage, consider consulting a professional model restorer.

6. SPECIFICATIONS

Key specifications for the Bburago 1/43 Red Bull Racing RB19 diecast model car:

Feature	Detail
Model	Red Bull Racing RB19 (#11 Checo Perez)
Scale	1/43
