SETUP

1. Charging the Headphones

Before first use, fully charge the headphones. Connect the provided USB charging cable to the charging port on the headphones and the other end to a USB power source (e.g., computer USB port, wall adapter). The charging indicator light will illuminate during charging and turn off when fully charged.

Charging Time: Approximately 2.5 hours for a full charge.

Battery Life: Over 8 hours of continuous use on a full charge.

2. Bluetooth Pairing (Wireless Mode)

1. Ensure the headphones are fully charged and powered off.
2. Press and hold the Power button on the headphones until the indicator light flashes blue and red, indicating pairing mode.
3. On your device (smartphone, tablet, laptop), enable Bluetooth and search for available devices.
4. Select "BT028C" from the list of found devices.
5. Once connected, the indicator light on the headphones will turn solid blue or flash slowly.
6. The headphones have a transmission range of up to 10 meters (33 feet) in an open area.

3. Wired Connection (Aux Mode)

To use the headphones in wired mode, connect one end of the provided 3.5mm audio cable to the AUX port on the headphones and the other end to the 3.5mm audio jack of your device. The headphones will automatically switch to wired

mode, and the battery will not be consumed.

OPERATING INSTRUCTIONS

Power On/Off

- **Power On:** Press and hold the Power button for approximately 3 seconds until the indicator light turns on.
- **Power Off:** Press and hold the Power button for approximately 3 seconds until the indicator light turns off.

Music Playback

- **Play/Pause:** Press the Multi-function button (often the Power button or a dedicated play/pause button) once.
- **Next Track:** Press and hold the Volume Up (+) button.
- **Previous Track:** Press and hold the Volume Down (-) button.

Volume Control

- **Volume Up:** Press the Volume Up (+) button briefly.
- **Volume Down:** Press the Volume Down (-) button briefly.

Call Functions

- **Answer/End Call:** Press the Multi-function button once.
- **Reject Call:** Press and hold the Multi-function button for 2 seconds.
- **Redial Last Number:** Double-press the Multi-function button.

Cat Ear Light Modes

The cat ears feature integrated LED lights. There is typically a dedicated button to control these lights. Press this button to cycle through different light modes (e.g., solid on, flashing, off). Refer to the specific button on your headphones for this function.

MAINTENANCE

Cleaning

Wipe the headphones with a soft, dry, lint-free cloth. Do not use abrasive cleaners, alcohol, or chemical solvents, as these may damage the surface and internal components. The headphones have life waterproofing, but avoid submerging them in water.

Storage

When not in use, store the headphones in a cool, dry place away from direct sunlight and extreme temperatures. If storing for an extended period, charge the headphones periodically to maintain battery health.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Headphones do not power on.	Low battery.	Charge the headphones fully.

Problem	Possible Cause	Solution
No sound from headphones.	Volume too low; not paired correctly; wired cable not fully inserted.	Increase volume on headphones and device; re-pair Bluetooth; ensure 3.5mm cable is fully inserted.
