## Zevemomo 51110GFBK

# Zevemomo Full Bed Frame with Storage, LED Lights, and Charging Ports

Model: 51110GFBK

## INTRODUCTION

---

This manual provides detailed instructions for the assembly, operation, and maintenance of your Zevemomo Full Bed Frame. Please read thoroughly before beginning assembly and retain for future reference.

## SAFETY INFORMATION

---

- **Caution:** Be careful around sharp edges during assembly to prevent injury.
- Ensure proper assembly to prevent instability or noise. All fasteners must be securely tightened.
- Do not exceed the weight capacity of the bed frame or drawers. Refer to product specifications for limits.
- Keep electrical components (charging ports, LED lights) away from liquids to avoid electric shock.
- Always unplug the bed frame from the power source before cleaning or performing any maintenance.

## PACKAGE CONTENTS

---

Verify all components are present and undamaged before starting assembly. If any parts are missing or damaged, please contact customer support.

- Headboard with Built-in Charging Station and LED Lights
- Bed Frame Components (Metal Slats, Side Rails, Support Legs)
- 8 Storage Drawers
- Assembly Hardware (Screws, bolts, Allen wrench)
- Installation Manual (This document)

## ASSEMBLY INSTRUCTIONS

---

Assembly is recommended for two adults. Lay out all parts on a soft, clean surface (e.g., carpet or a blanket) to prevent scratches.

### 1. Step 1: Unpack and Identify Parts

Carefully remove all components from the packaging. Refer to the included parts list to identify each piece. Each part is individually labeled for easy identification.

Your browser does not support the video tag.

*Video: Demonstrates unboxing and initial part identification for a similar bed frame.*

### 2. Step 2: Assemble the Headboard

Attach the headboard sections together, ensuring the charging station and LED light strip are correctly positioned. Connect any necessary wiring for the LED lights and charging ports as per the specific instructions provided with the headboard components.

*Image: Close-up of the headboard with integrated LED lighting and charging ports.*

### 3. Step 3: Construct the Main Bed Frame

Connect the side rails to the headboard and footboard using the provided hardware. Ensure all connections are secure but do not fully tighten until all parts are aligned.

Your browser does not support the video tag.

*Video: Assembly process of a bed frame, showing how main frame components connect.*

### 4. Step 4: Install Bed Slats and Support Legs

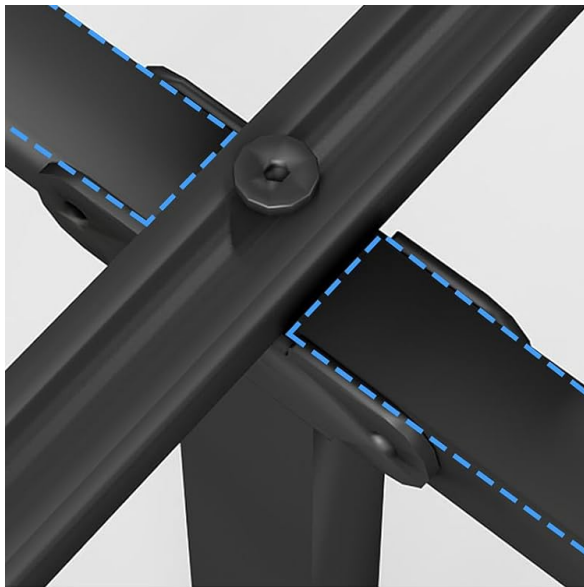

Place the metal bed slats across the frame and secure them. Attach any central support legs to ensure stability. The frame is designed to support a mattress directly, eliminating the need for a box spring.

*Image: The full bed frame structure with metal slats, ready for a mattress.*

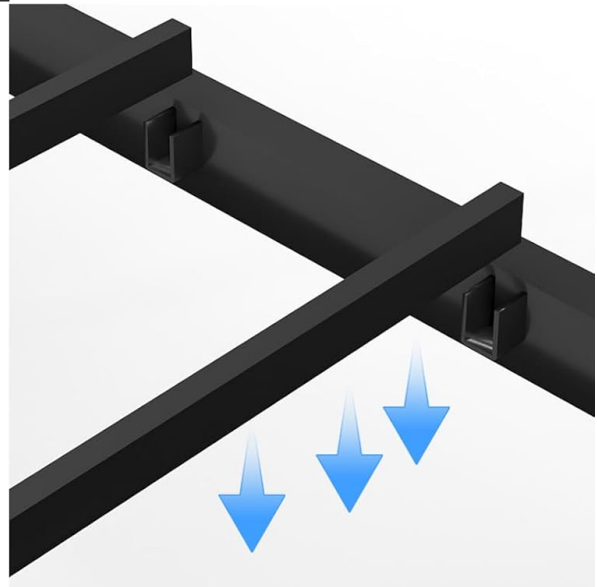

##### **5. Step 5: Assemble and Insert Storage Drawers**

Assemble the 8 storage drawers according to their individual instructions. These drawers are designed to roll smoothly on wheels under the bed frame.

## Quiet Design

## Easy To Assemble

*Image: View of the bed frame with multiple storage drawers pulled out, showcasing their capacity.*

### 6. Step 6: Final Checks

Double-check all screws and bolts to ensure they are fully tightened. Confirm the bed frame is stable and level. Plug in the power cord for the headboard's electrical features.

## OPERATING INSTRUCTIONS

---

### Adjustable RGB LED Lights

The headboard features adjustable RGB LED lights to customize your room's ambiance. Use the provided remote control to change colors, adjust brightness, and set various lighting modes or timing functions.

## Built-in Charging Ports & Outlets

The headboard includes built-in USB ports (5V/2A) and standard plug outlets (125V/12A). Connect the bed frame's main power cord to a wall outlet to activate these features. You can then charge your electronic devices conveniently from your bed.

## Storage Drawers

The 8 storage drawers are designed for easy access and organization of your belongings. They roll on smooth wheels for effortless opening and closing. Ensure items are placed evenly to prevent jamming.

## MAINTENANCE

- **Cleaning:** Wipe the metal and wood surfaces with a soft, damp cloth. Avoid using abrasive cleaners or harsh chemicals that could damage the finish.
- **Drawer Care:** Periodically check drawer wheels for smooth operation. Clean any dust or debris that may hinder movement.
- **Electrical Components:** Ensure charging ports and LED lights are free from dust. Do not attempt to repair electrical components yourself; contact a qualified technician if issues arise.
- **Fasteners:** Periodically check and tighten all screws and bolts to maintain the bed frame's stability and prevent squeaking.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Bed frame is wobbly or noisy	Loose fasteners; uneven floor	Tighten all screws and bolts. Adjust leg levelers if available, or place shims under legs on an uneven floor.
LED lights not working	Power cord unplugged; remote control battery low; loose connection	Ensure power cord is securely plugged in. Check remote battery. Verify LED strip connection to the power source.
Charging ports not working	Power cord unplugged; device cable faulty	Ensure power cord is securely plugged in. Try a different charging cable or device to rule out cable issues.
Drawers do not slide smoothly	Obstruction in wheels; misaligned	Check for debris in the wheels and clear it. Ensure drawers are aligned correctly within their tracks.
