

BoxWave ClearTouch ImpactShield (2-Pack)

BoxWave ClearTouch ImpactShield Screen Protector User Manual

Model: ClearTouch ImpactShield (2-Pack) for Vivitar VECXX101

1. INTRODUCTION

Thank you for choosing the BoxWave ClearTouch ImpactShield Screen Protector. This flexible film is designed to provide superior protection for your Vivitar VECXX101 device's screen, guarding against scratches, impacts, and daily wear. This manual provides detailed instructions for installation, maintenance, and general use to ensure optimal performance and longevity of your screen protector.

2. SAFETY INFORMATION

Please read the following safety guidelines before handling or installing the screen protector:

- Keep the screen protector and packaging materials out of reach of small children to prevent choking hazards.
- Avoid bending or creasing the screen protector excessively before installation, as this may damage the film.
- Do not attempt to ingest any part of the product.
- If any irritation occurs after contact with skin, discontinue use and consult a medical professional.

3. PACKAGE CONTENTS

Your BoxWave ClearTouch ImpactShield package includes:

- 2 x BoxWave ClearTouch ImpactShield Screen Protectors
- Installation accessories (e.g., cleaning cloth, dust removal sticker, squeegee - contents may vary)

4. INSTALLATION GUIDE (SETUP)

Follow these steps carefully for a bubble-free installation:

1. **Prepare Your Device:** Ensure your Vivitar VECXX101 screen is powered off and completely clean. Use a microfiber cloth to wipe away any smudges or fingerprints. For best results, use an alcohol wipe (if provided) and then dry thoroughly.
2. **Remove Dust:** Use the provided dust removal sticker (if applicable) to lift any remaining dust particles from the screen. Inspect the screen under good lighting to ensure it is spotless.
3. **Align the Protector:** Carefully peel back a small portion of the protective film (usually marked 'Step 1' or 'Back') from one end of the screen protector. Align the exposed edge of the screen protector with the corresponding edge of your device's screen, ensuring precise alignment with cutouts for cameras or sensors.
4. **Apply Gradually:** Slowly peel off the rest of the protective film while simultaneously applying the screen protector to the device's screen. Use a squeegee or a credit card wrapped in a soft cloth to gently push out any air bubbles as you go, working from the applied edge towards the unapplied edge.
5. **Remove Top Film:** Once the screen protector is fully adhered, carefully peel off the top protective layer (usually marked 'Step 2' or 'Front').
6. **Final Touches:** Gently press down on any remaining small bubbles towards the edges of the screen protector. Minor bubbles may disappear within 24-48 hours.

COLOR BRILLIANCE

High-quality optical film that optimizes color rendition.

CLARITY

Your vibrant screens don't deserve blur or bland. 99% transparency means perfect clarity. No loss of color. No loss of resolution.

PRECISION

Precision cut. Precision Accuracy. Cut exactly for your device for increased touchpad accuracy and recognition.

REUSABILITY

Cleartouch* comes equipped with installation forgiveness. Reuse and reinstall as needed.

5. USAGE AND FEATURES (OPERATING)

The BoxWave ClearTouch ImpactShield is designed to integrate seamlessly with your Vivitar VECXX101, maintaining full functionality while providing robust protection.

- **9H Hardness Rating:** The screen protector offers a 9H hardness rating, providing strong resistance against scratches from keys, coins, and other sharp objects.
- **Shock Absorption:** Engineered with a thin TPU layer, the ImpactShield absorbs shock and vibration, protecting your device's screen from accidental drops and impacts.
- **Crystal Clarity:** With 99% visibility and high transparency, the protector ensures your screen's vibrant colors and sharp details remain unobstructed. You will barely notice it's there.
- **Flexible Material:** Unlike brittle glass protectors, the flexible material of the ClearTouch ImpactShield prevents chipping and cracking, offering durable protection.
- **Precision Fit:** Each protector is precisely manufactured to fit the Vivitar VECXX101, ensuring full accessibility to all ports and buttons.

6. CARE AND MAINTENANCE

To keep your BoxWave ClearTouch ImpactShield in optimal condition:

- **Cleaning:** Use a soft, lint-free microfiber cloth to gently wipe the screen protector. For stubborn smudges, slightly dampen the cloth with water or a screen cleaner specifically designed for electronics. Avoid harsh chemicals or abrasive materials.
- **Avoid Sharp Objects:** While the protector offers 9H hardness, extreme pressure from very sharp objects can still cause damage.
- **Reusability:** The ClearTouch ImpactShield is designed with installation forgiveness, allowing for reapplication if needed. Ensure the adhesive side remains clean during removal and reapplication.

7. TROUBLESHOOTING

Common issues and their solutions:

Problem	Solution
Bubbles after installation	Use the squeegee to push bubbles towards the nearest edge. Small bubbles may disappear naturally within 24-48 hours. If large or persistent, gently lift the nearest edge of the protector and reapply, pushing out air.
Dust particles trapped under the protector	Carefully lift the nearest edge of the protector. Use a dust removal sticker or a piece of tape to gently dab and lift the dust particle from both the screen and the adhesive side of the protector. Reapply.
Misalignment	Gently lift the protector from one edge and realign it. Ensure the screen is clean before reapplication.
Edges not adhering	Ensure the screen is clean and free of oils or debris. Press firmly along the edges with a microfiber cloth. If the issue persists, the protector may be damaged or the screen might have a slight curve not fully compatible with the flat protector.

8. SPECIFICATIONS

Feature	Detail
Brand	BoxWave
Compatible Device	Vivitar VECXX101 (Smartwatch listed in original data, but product title specifies Vivitar VECXX101 camera)
Material	Polyethylene Terephthalate (PET)
Screen Surface Description	Glossy
Number of Items	2
Hardness Rating	9H
Item Weight	0.7 ounces

9. WARRANTY AND SUPPORT

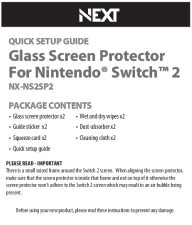

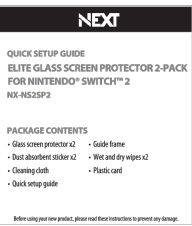

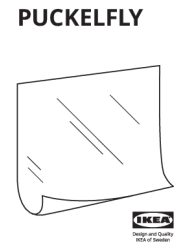

BoxWave stands behind the quality of its products. While specific warranty details for the ClearTouch ImpactShield are not provided in this manual, general return policies typically allow for returns or replacements within 30 days of purchase if the product is defective or not as described. For any questions, concerns, or support needs regarding your BoxWave ClearTouch ImpactShield Screen Protector, please contact BoxWave Corporation directly through their official website or the retailer where the product was purchased.

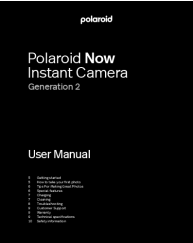

For the most up-to-date support information, please visit the official BoxWave website or refer to your purchase documentation.
