› Godrej 183 L 3 Star Farm Fresh Crisper Technology With Jumbo Vegetable Tray Direct Cool Single Door Refrigerator (RD R190C WRF NY BL, Navy Blue) - User Manual

Godrej RD R190C WRF NY BL

Godrej 183 L 3 Star Direct Cool Single Door Refrigerator User Manual

Model: RD R190C WRF NY BL

INTRODUCTION

This user manual provides essential information for the safe and efficient operation, installation, and maintenance of your Godrej 183 L 3 Star Direct Cool Single Door Refrigerator. Please read this manual thoroughly before using the appliance and retain it for future reference.

SETUP AND INSTALLATION

Unpacking

Carefully unpack the refrigerator. Ensure all packaging materials are removed. Check for any damage during transit. If damage is found, contact customer support immediately.

Placement

The refrigerator is designed for freestanding installation. Place the appliance on a firm, level surface away from direct sunlight, heat sources (such as stoves or radiators), and areas with high humidity. Ensure adequate ventilation around the unit. Maintain sufficient clearance from walls and other appliances for proper air circulation and heat dissipation.

Intelligent. Elegant. Efficient.

Large Vegetable Tray

Wired Shelves

2.25L Bottle Space

Image: Dimensions of the Godrej 183 L Refrigerator. The refrigerator stands 126 cm tall, with a depth of 62.6 cm and a width of 57.5 cm.

- **Dimensions (LxWxH):** 62.6 x 57.5 x 126 Centimeters
- **Installation Type:** Freestanding
- Ensure the refrigerator base is tall enough for easy cleaning underneath, promoting hygiene.

Electrical Connection

Connect the refrigerator to a dedicated power outlet with the correct voltage (230 Volts). Do not use extension cords or multi-plugs. Allow the refrigerator to stand upright for at least 2-4 hours before plugging it in to allow the refrigerant to settle.

OPERATION

Initial Use

After plugging in, allow the refrigerator to run for a few hours to reach its optimal cooling temperature before storing

food items.

Capacity and Storage

This refrigerator has a total capacity of 183 litres, suitable for families of 2 to 3 members.

- **Fresh Food Capacity:** 165.2 L
- **Freezer Capacity:** 14.8 L
- **Shelves:** 2 wired shelves for durable storage.
- **Vegetable Storage Space:** 16.44 L Jumbo Vegetable Tray.

- **Tall Refrigerator Base:** Facilitates easy cleaning of the floor beneath the appliance.
- **Door Lock:** Provides security for stored items.

MAINTENANCE

Cleaning

Regular cleaning of your refrigerator is essential for hygiene and optimal performance.

- **Interior:** Clean the interior with a mild detergent and warm water. Wipe dry thoroughly. Remove shelves and drawers for separate cleaning if necessary.
- **Exterior:** Wipe the exterior surfaces with a soft, damp cloth. Avoid abrasive cleaners.
- **Condenser Coils:** Periodically clean the condenser coils at the back of the refrigerator to ensure efficient cooling. Unplug the appliance before cleaning the coils.

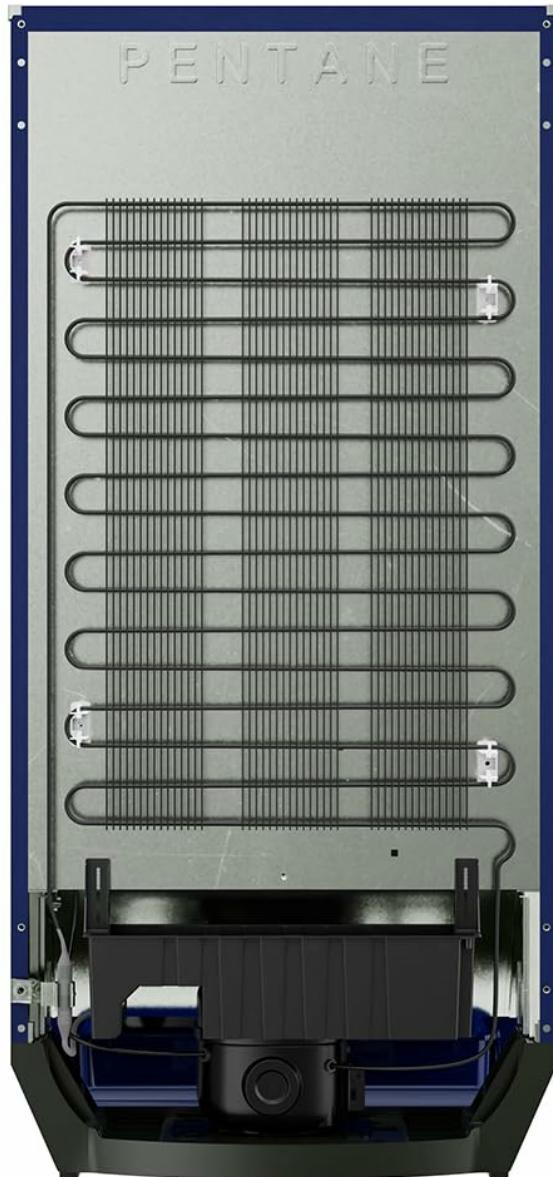

Image: Rear view of the refrigerator, showing the exposed condenser coils and the compressor unit at the bottom.

- **Defrosting:** As this is a Direct Cool refrigerator, manual defrosting will be required when ice buildup in the freezer compartment becomes excessive (approximately 5mm thickness). Turn off the refrigerator, remove all food items, and allow the ice to melt naturally. Do not use sharp objects to remove ice.

Power Saving Tips

- Do not open the refrigerator door too frequently or leave it open for extended periods.
- Allow hot food to cool down before placing it inside the refrigerator.
- Ensure the door seal is clean and intact to prevent cold air leakage.
- Place the refrigerator in a cool, well-ventilated area away from direct sunlight and heat sources.

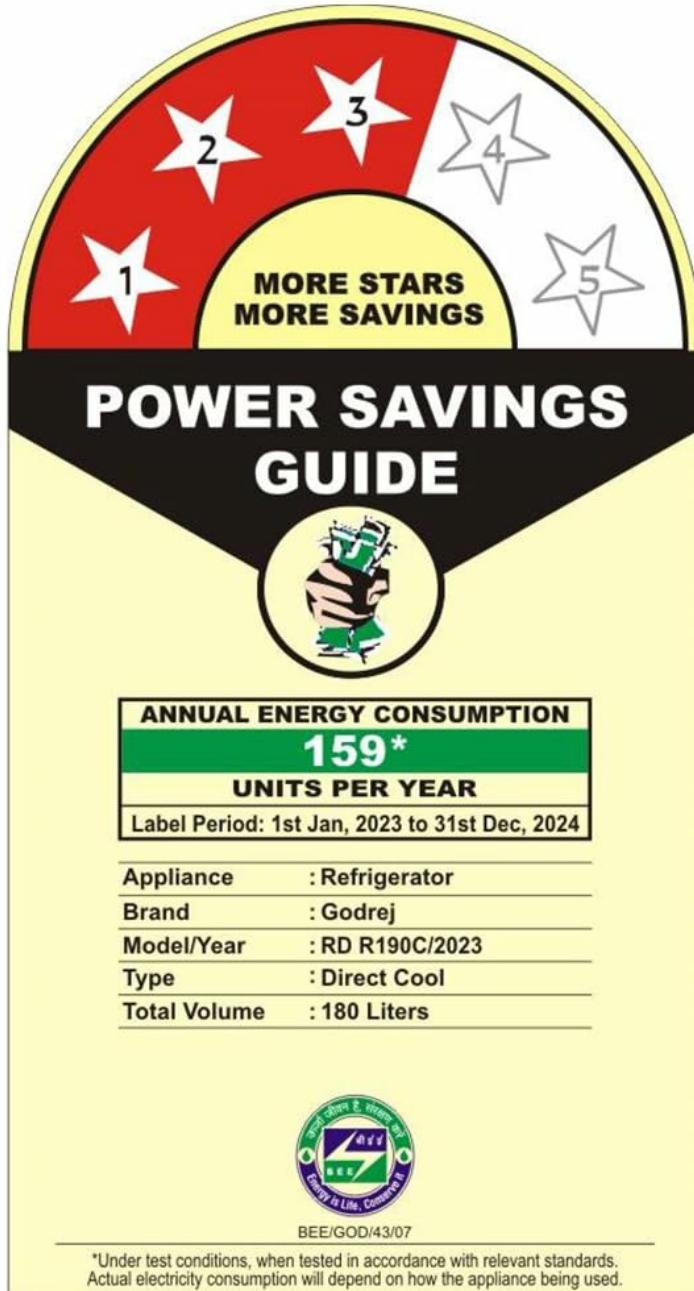

Image: The Energy Savings Guide label, indicating a 3-star energy efficiency rating and an annual energy consumption of 159 units per year.

TROUBLESHOOTING

Before contacting customer service, please check the following common issues:

Problem	Possible Cause	Solution
Refrigerator not cooling	Power outage; Plug not inserted properly; Temperature setting too high; Door left open; Excessive ice buildup.	Check power supply; Ensure plug is secure; Adjust temperature setting; Close door properly; Defrost the unit.
Unusual noises	Refrigerator not level; Objects vibrating against the unit; Normal operating sounds (e.g., refrigerant flow, compressor hum).	Adjust leveling feet; Ensure nothing is touching the back or sides; Familiarize yourself with normal operating sounds.

Problem	Possible Cause	Solution
Water leakage	Drain hole blocked; Drip tray overflowing.	Clear the drain hole; Empty and clean the drip tray.

If the problem persists after checking these points, please contact Godrej customer support.
