ANCTOR HK-KBF-25S

ANCTOR King Size Bed Frame Instruction Manual

Brand: ANCTOR | Model: HK-KBF-25S

1. Introduction and Overview

This manual provides detailed instructions for the assembly, operation, and maintenance of your ANCTOR King Size Bed Frame. This upholstered platform bed is designed to offer both comfort and practical storage solutions, featuring a headboard with integrated charging capabilities and three under-bed storage drawers. Please read all instructions carefully before beginning assembly.

2. Safety Information

WARNING: Failure to follow these safety instructions may result in injury or product damage.

- Do not use with mattresses thinner than 8 inches or thicker than 12 inches.
- Do not exceed the maximum weight limit of 1300 lbs.
- Clean with a dry cloth only. Avoid using liquid cleaners or harsh chemicals.
- Keep the bed frame away from direct heat sources and sharp objects.
- Always assemble the bed frame according to the instructions provided to prevent injury and ensure stability.
- Ensure all connections are secure before use. Periodically check and tighten fasteners as needed.

3. Package Contents

Your ANCTOR King Size Bed Frame comes in a single, all-in-one package. Carefully unpack all components and verify against the parts list in your included assembly manual. The package typically includes:

- Upholstered Headboard with integrated shelf and charging station.
- Footboard frame.
- Side rails (upholstered).
- Three steel storage drawers with rolling wheels.
- Heavy-duty metal frame components (support beams, feet, brackets).
- Thick wooden slats with hook and loop fasteners.
- Hardware pack (pre-organized with labeled screws and tools).
- Assembly Instruction Manual.

4. Setup and Assembly

Assembly of the ANCTOR King Size Bed Frame is designed to be straightforward. It is recommended to have two people for easier handling of larger components. Follow the step-by-step instructions provided in the separate assembly manual included in your package. Ensure you have ample space for assembly.

1. **Unpack and Identify Parts:** Lay out all components and hardware. The hardware is conveniently pre-organized and labeled to match the assembly manual.
2. **Assemble the Frame:** Begin by connecting the main metal frame components. The sturdy metal frame provides the core support for the bed.
3. **Attach Headboard and Footboard:** Securely attach the upholstered headboard and footboard to the assembled frame.
4. **Install Slats:** The wooden slats feature a hook and loop fastener design for easy and secure installation onto the side rails. An EVA silent strip is integrated to reduce noise.
5. **Integrate Charging Station:** Install the charging station into the pre-cut hole in the headboard shelf.
6. **Assemble and Insert Drawers:** Assemble the three steel storage drawers. These drawers are fitted with rolling wheels for smooth operation and a special lock design to keep them in place under the bed.

5. Operating Instructions

5.1 Headboard Charging Station

The headboard features a convenient charging station with two 110V/12A AC outlets and two 5V/2A USB ports. This allows you to easily charge your phone, laptop, or other electronic devices within reach while in bed. Simply plug your devices into the appropriate ports on the headboard shelf.

Figure 5: Close-up of the headboard charging station.

5.2 Under-Bed Storage Drawers

The bed frame includes three spacious steel drawers located beneath the bed. These drawers are designed for easy access and efficient storage. To use, simply pull the drawers out using the integrated handles. The rolling wheels ensure smooth movement on various floor types. A special lock design helps keep the drawers securely in place when pushed in.

Figure 6: View of the under-bed storage drawers.

6. Maintenance

Proper care and maintenance will extend the life of your ANCTOR bed frame.

- **Cleaning:** For the upholstered parts, use a dry cloth only. Do not use liquid cleaners, abrasive materials, or harsh chemicals, as these may damage the fabric. For the wooden and metal parts, wipe with a soft, damp cloth and dry immediately.
- **Fastener Checks:** Periodically (e.g., every 3-6 months) check all screws, bolts, and connections to ensure they remain tight. Re-tighten if necessary to maintain stability and prevent squeaking.
- **Drawer Maintenance:** Keep the drawer wheels free of dust and debris to ensure smooth operation.
- **Environmental Conditions:** Avoid placing the bed in direct sunlight or near extreme heat sources, which can cause fading or material degradation.

7. Troubleshooting

If you encounter any issues with your ANCTOR King Size Bed Frame, please refer to the following common troubleshooting tips:

7.1 Squeaking Noises

- **Loose Connections:** Check all bolts and screws, especially those connecting the frame, headboard, and footboard. Tighten any loose fasteners.
- **Slat Placement:** Ensure all wooden slats are properly seated and the hook and loop fasteners are securely attached to the side rails. The EVA silent strip should be in place to minimize friction.

7.2 Drawers Not Sliding Smoothly or Staying in Place

- **Obstructions:** Check for any objects or debris obstructing the wheels or the path of the drawers.
- **Wheel Condition:** Ensure the wheels are clean and undamaged.
- **Lock Mechanism:** Verify that the special lock design on the drawers is engaging correctly when the drawers are pushed in.

7.3 Charging Station Not Working

- **Power Connection:** Ensure the bed frame's power cord is securely plugged into a functional wall outlet.
- **Device Compatibility:** Confirm that your devices are compatible with the voltage and amperage provided by the outlets and USB ports.
- **Overload:** Avoid overloading the charging station with too many high-power devices simultaneously.

8. Specifications

Feature	Specification
Size	King
Product Dimensions	87"L x 77.9"W x 46.1"H
Special Features	No Box Spring Needed, Storage Drawer, USB Port
Color	Grey
Included Components	Headboard, Frame, Drawers
Compatible Mattress Size	8" - 12"
Item Weight	119 pounds
