Philips SFL8168/93

Philips SFL8168/93 Rechargeable LED Flashlight User Manual

MODEL: SFL8168/93

1. Introduction

Thank you for choosing the Philips SFL8168/93 Rechargeable LED Flashlight. This manual provides essential information for the safe and efficient use of your new device. Please read these instructions carefully before use and retain them for future reference.

2. Safety Information

- Do not look directly into the LED light beam to avoid eye injury.
- Keep the flashlight away from children.
- Do not attempt to disassemble or modify the flashlight. This will void the warranty and may cause damage or injury.
- Use only the specified charging cable and adapter.
- Avoid exposing the flashlight to extreme temperatures or direct sunlight for prolonged periods.
- If the flashlight is not used for an extended period, charge it every 3 months to maintain battery health.

3. Package Contents

Ensure all items are present in the package:

- Philips SFL8168/93 LED Flashlight
- USB Charging Cable
- User Manual

4. Product Overview

Familiarize yourself with the components of your Philips SFL8168/93 flashlight.

Figure 4.1: Philips SFL8168/93 LED Flashlight. This image highlights the flashlight's robust metal alloy construction, designed for durability and 1.5m drop protection.

IP44 Su Geçirmez

Güvenli ve Dayanıklı

Yüksek yoğunluklu, suya dayanıklı entegre tasarım

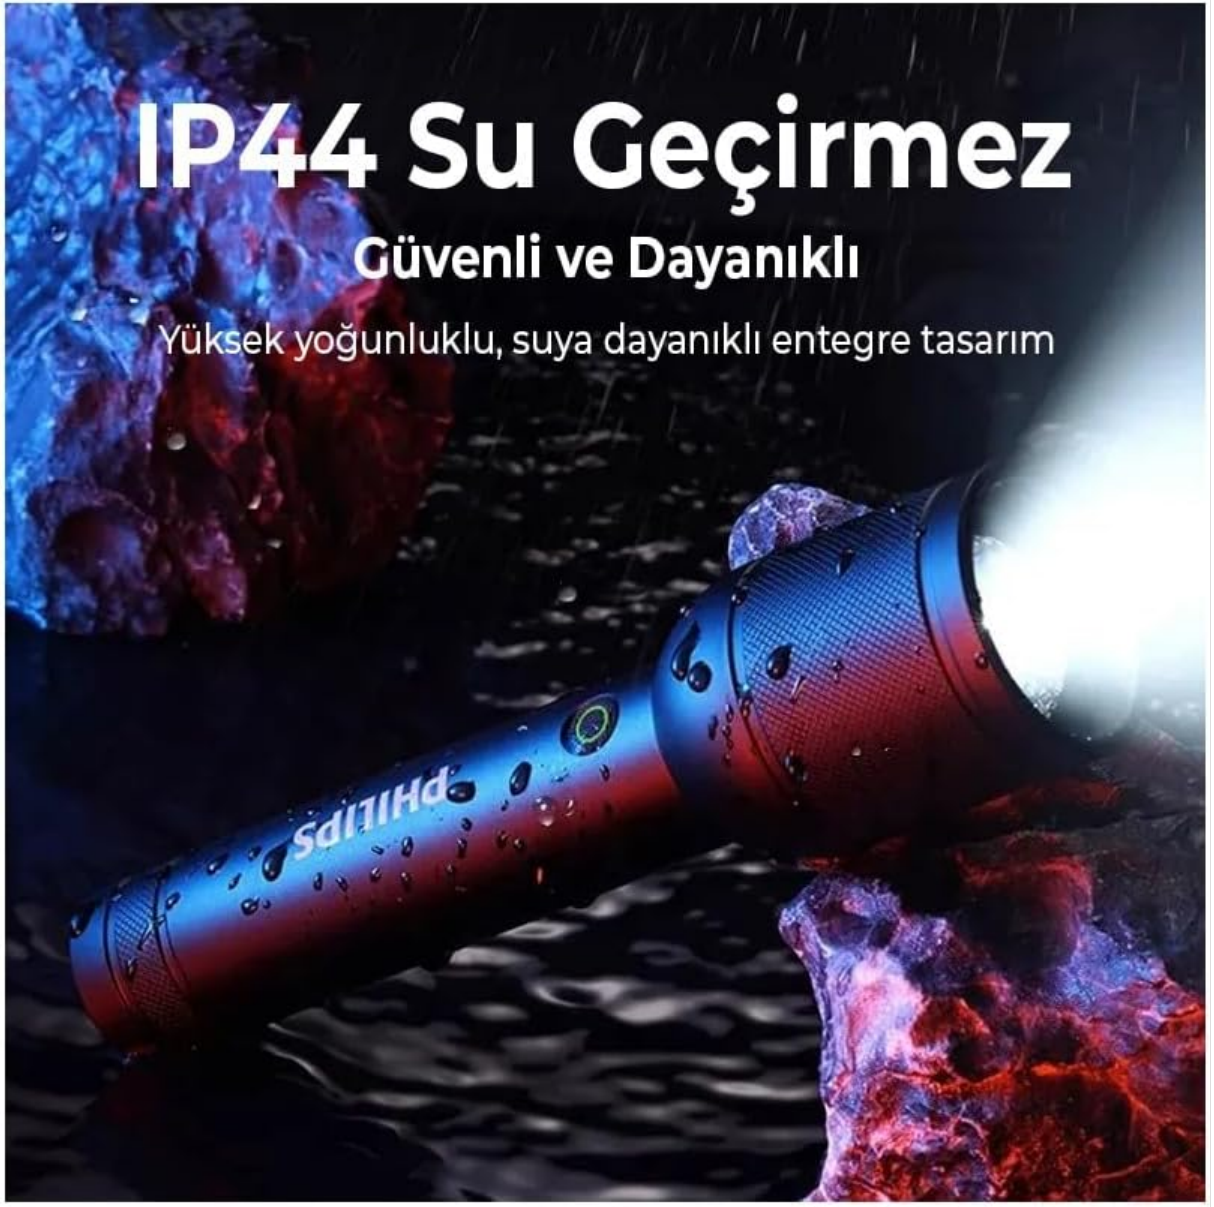

Figure 4.2: IP44 Water Resistance. The flashlight is shown with water droplets, illustrating its IP44 waterproof rating for reliable performance in various conditions.

Geniř Odaklanma 160m² Aydınlatmalı

Yumuřak ışık ve net görüř için geniř açılı aydınlık

Figure 4.3: Wide Focus Illumination. This image depicts the flashlight providing a broad beam, suitable for illuminating a wide area up to 160 meters for soft light and clear vision.

1000m Aydınlatma Mesafesi

Işık sütununu geceye nüfuz edin!

Figure 4.4: 1000m Illumination Distance. The flashlight projects a powerful beam over a long distance, capable of reaching up to 1000 meters.

5. Setup

5.1 Initial Charging

1. Before first use, fully charge the flashlight.
2. Connect the provided USB charging cable to the flashlight's charging port.
3. Connect the other end of the USB cable to a compatible USB power adapter (not included) or a computer's USB port.
4. The charging indicator light will show the charging status. Refer to the indicator light behavior for full charge notification (e.g., solid green or light off).

6. Operating Instructions

6.1 Power On/Off

- To turn the flashlight **ON**, press the power button once.
- To turn the flashlight **OFF**, press and hold the power button for 2 seconds.

6.2 Changing Lighting Modes

The flashlight features 3 lighting modes. While the flashlight is ON, press the power button repeatedly to cycle through the modes:

1. High Brightness
2. Medium Brightness
3. Low Brightness

6.3 Optical Zoom Function

The flashlight is equipped with an optical zoom feature to adjust the beam focus.

- To adjust the beam, gently slide the head of the flashlight forward or backward.
- Slide forward for a focused, long-distance beam.
- Slide backward for a wider, floodlight-style beam.

7. Maintenance

7.1 Cleaning

- Wipe the flashlight with a soft, damp cloth.
- Do not use abrasive cleaners or solvents.
- Ensure the charging port cover is securely closed to maintain IP44 rating.

7.2 Charging Guidelines

- Charge the flashlight in a dry environment.
- Do not overcharge the battery. Disconnect once fully charged.

7.3 Storage

- Store the flashlight in a cool, dry place.
- For long-term storage, charge the battery every 3 months to prevent deep discharge.

8. Troubleshooting

Problem	Possible Cause	Solution
Flashlight does not turn on.	Low battery.	Charge the flashlight fully.
