## 6. MAINTENANCE AND CARE

To ensure the longevity and appearance of your AUBEPINA TV unit, follow these care guidelines:

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid abrasive cleaners, solvents, or harsh chemicals, as these can damage the melamine finish.
- **Spills:** Immediately wipe up any spills to prevent staining or damage to the particle board.
- **Sunlight:** Avoid prolonged exposure to direct sunlight, which can cause fading or discoloration over time.
- **Heat:** Do not place hot items directly on the surface. Use coasters or protective pads if necessary.
- **Hardware:** Periodically check all screws and fasteners to ensure they remain tight. Retighten if necessary.

## 7. TROUBLESHOOTING

If you encounter any issues with your AUBEPINA TV unit, refer to the following common problems and solutions:

- **Unit is not level or stable:**
  - Ensure the wall mounting is secure and the unit is properly aligned using a level. Retighten all wall screws. If the wall anchors are loose, consider using stronger anchors or relocating the unit slightly.

- **Doors do not close properly or are misaligned:**
  - Check the hinge adjustments. Most hinges allow for minor adjustments to align the doors vertically, horizontally, and in depth. Refer to the hinge manufacturer's instructions if specific adjustments are needed.
- **Scratches or minor damage to the finish:**
  - For minor scratches, a furniture repair pen or wax crayon matching the color may help conceal the damage. For significant damage, contact Vente-unique customer support for advice.

If the problem persists or is not listed here, please contact Vente-unique customer support.
