Product Features

- **Premium All-Weather Design:** UV-resistant coating prevents fading from sunlight or heavy rain. Weighted plastic pot with reinforced base ensures stability in winds up to 40mph. Suitable for outdoor patios, poolside, or balcony decor.
- **Hyper-Realistic Details:** Handcrafted with soft-touch polyester grass and flexible wire stems for natural movement. Echinacea flowers feature 3D textured petals and color gradients, designed to mimic real plants.
- **Zero Maintenance:** Requires no watering, trimming, or pest control. Easily cleaned with a damp cloth. Rated for temperatures from -4°F to 122°F.
- **Versatile Placement:** 46-inch height is suitable for floor corners, beside sofas, or as entryway plants. Slim 12-inch diameter pot saves space.

Maintenance

This artificial plant requires minimal maintenance:

- **Cleaning:** Wipe the leaves and flowers with a damp cloth to remove dust. Avoid harsh chemicals or abrasive cleaners.
- **Temperature Range:** The plant is designed to withstand temperatures from -4°F to 122°F.
- **No Watering:** As an artificial plant, it does not require water.
- **No Trimming:** The plant maintains its shape and size without the need for trimming.

Troubleshooting

Due to the nature of this artificial product, troubleshooting is generally minimal. Most issues can be resolved with simple adjustments.

- **Plant Appears Compressed:** Upon unboxing, the plant may appear compressed. Gently spread out the leaves and flowers to achieve the desired fullness. The flexible wire stems allow for easy shaping.
- **Instability:** The pot is weighted for stability. If the plant seems unstable, ensure it is placed on a flat, even surface. For extreme weather conditions, consider placing it in a heavier decorative planter.
- **Dust Accumulation:** If dust accumulates, simply wipe the plant with a damp cloth as described in the Maintenance section.
