3. SETUP AND USAGE

The STARTRC Hard Case is designed for intuitive use. Its custom-cut foam inserts ensure that each component of your DJI Osmo Pocket 3 Creator Combo fits perfectly and is securely cushioned.

3.1 Opening and Closing the Case

1. To open, unlatch the two orange clips on the front of the case by pulling them outwards and upwards.
2. Lift the lid to reveal the interior compartments.
3. To close, align the lid with the base and press down firmly until both latches click securely into place. Ensure a tight seal for waterproof protection.

3.2 Organizing Your Gear

The case features pre-cut foam slots tailored for specific accessories. Simply place each item into its corresponding slot. The snug fit prevents movement and potential damage during transport.

MULTI INTERIOR FOAM TO FIT AND PROTECT

Ideal for all sensitive device. Perfectly fit use of Pocket 3 ,other accessories.

Video 2: Shows the practical use of the Portable Waterproof Hard Case for DJI Pocket 3 Creator Combo, highlighting how accessories fit securely.

4. MAINTENANCE

To ensure the longevity and continued protective capabilities of your STARTRC Hard Case, follow these maintenance guidelines:

- **Cleaning:** Wipe the exterior of the case with a damp cloth and mild soap if necessary. Avoid harsh chemicals that could damage the material.
- **Interior Foam:** The foam inserts can be gently cleaned with a lint roller or a soft, dry brush to remove dust and debris.
- **Waterproof Seal:** Periodically inspect the rubber seal around the lid for any signs of wear, cracks, or embedded debris. A clean, intact seal is crucial for maintaining waterproof integrity.

- **Storage:** Store the case in a cool, dry place away from direct sunlight when not in use.

Figure 5: The case is designed to be waterproof and pressure resistant, offering robust protection.

5. TROUBLESHOOTING

Most issues with hard cases are related to improper sealing or physical damage. Here are some common troubleshooting tips:

- **Case Not Sealing Properly:** Check the rubber gasket around the lid for any obstructions (dirt, sand, hair) or damage. Clean the gasket thoroughly and ensure it is seated correctly. Also, ensure the latches are fully engaged.
- **Difficulty Opening/Closing Latches:** Ensure no items are obstructing the latches. If the case has been exposed to extreme temperature changes, the air pressure inside might differ from the outside. Use the pressure equalization valve (if present) to balance the pressure before opening.
- **Loose Items Inside:** Double-check that all foam inserts are correctly placed and that accessories are firmly seated in their designated cutouts.

6. SPECIFICATIONS

Attribute	Detail
Product Name	STARTRC Waterproof Case
Product Dimensions	34.65 x 29.53 x 25.98 inches (11.2 x 8.97 x 3.9 inches as per image)
Item Weight	2.51 pounds (956g / 2.12lb as per image)
Item Model Number	1132052B
