OVE Decors 15SKA-BELS48-SATWM

OVE Decors Bel 48-inch Frameless Sliding Shower Door Corner Shower Kit

Model: 15SKA-BELS48-SATWM

Brand: OVE Decors

1. INTRODUCTION

The OVE Decors Bel shower kit offers a modern and luxurious addition to your bathroom. This frameless sliding shower door corner kit features high-quality 8mm tempered glass panels, a soft-close mechanism for smooth operation, and a durable shower base with an anti-slip finish and hidden drain design. This manual provides essential information for the safe and proper installation, operation, and maintenance of your new shower kit.

2. SAFETY INFORMATION

Please read all instructions carefully before beginning installation. Failure to follow these instructions may result in personal injury or property damage. Always wear appropriate personal protective equipment (PPE) during installation, including safety glasses and gloves. Handle glass panels with extreme care as tempered glass, while strong, can shatter if struck at the edges or corners.

- Ensure the installation area is structurally sound and level.
- Do not attempt to install this product alone. Two or more people are required for safe handling of glass panels.
- Verify all components are present and undamaged before starting assembly.
- Use only the hardware provided or specified by the manufacturer.
- Keep children and pets away from the work area during installation.

3. PACKAGE CONTENTS

Verify that all the following components are included in your package:

- Sliding Shower Door Panel (8mm thick clear tempered glass)
- Fixed Shower Door Panel (8mm thick clear tempered glass)
- Side Panel (32-inch, 8mm thick clear tempered glass)
- Shower Base (48 x 32 inch, plastic acrylic with side hidden drain)
- Hardware Kit (includes rollers, handles, tracks, seals, and fasteners)

4. SETUP AND INSTALLATION

Installation of the OVE Decors Bel shower kit requires advanced DIY skills. Professional installation is highly recommended to ensure proper function, water sealing, and safety. The following is a general overview; refer to the detailed installation guide provided with your product for step-by-step instructions and diagrams.

4.1 Pre-Installation Checks

1. Confirm the shower area dimensions match the product specifications (48-inch corner space).
2. Ensure the floor and walls are plumb and level. Out-of-plumb adjustability is provided, but significant deviations can affect installation.
3. Prepare the plumbing for the shower drain according to local codes.

4.2 Installation Steps Overview

1. **Shower Base Installation:** Position and level the shower base, connecting it to the drain. Ensure a watertight seal.

Image 4.1: The white acrylic shower base, designed for corner installations.

Image 4.2: Detail of the shower base featuring a sleek hidden drain design.

2. **Wall Profile Installation:** Secure the wall profiles to the bathroom walls, ensuring they are plumb and aligned with the shower base.
3. **Fixed Panel Installation:** Carefully set the fixed glass panel and side panel into the wall profiles and secure them.
4. **Sliding Door Assembly:** Attach the rollers and handles to the sliding door panel.

Image 4.3: The oversized vertical bar handle, providing a comfortable grip for the sliding door.

Image 4.4: The premium engineered rolling mechanism system, ensuring smooth and quiet operation.

5. **Door Hanging:** Mount the sliding door onto the top track.
6. **Sealing:** Apply silicone sealant to all joints and seams to ensure a watertight enclosure. Allow adequate curing time before use.

5. OPERATING INSTRUCTIONS

The OVE Decors Bel shower door features a smooth-gliding soft-close mechanism for effortless operation.

- To open the door, gently push or pull the vertical bar handle in the desired direction. The door will glide smoothly along the top track.
- To close the door, gently push or pull it until it approaches the closed position. The soft-close mechanism will engage, slowly and quietly bringing the door to a complete close.
- Avoid forcing the door or applying excessive pressure, as this can damage the rollers or track.

6. MAINTENANCE AND CARE

Regular cleaning and maintenance will preserve the appearance and functionality of your shower kit.

6.1 Glass Panels

- Clean glass panels regularly with a soft cloth or sponge and a non-abrasive glass cleaner.
- For hard water spots, use a solution of white vinegar and water. Rinse thoroughly after cleaning.
- Avoid using abrasive cleaners, scouring pads, or harsh chemicals, as these can scratch or damage the glass surface.

6.2 Metal Finishes (Satin Nickel)

- Wipe metal components with a soft, damp cloth and mild soap.
- Dry thoroughly with a clean, soft cloth to prevent water spots.
- Do not use abrasive cleaners, ammonia-based products, or harsh chemicals, as they can damage the satin nickel finish.

6.3 Shower Base

- Clean the acrylic shower base with a non-abrasive bathroom cleaner and a soft cloth or sponge.
- Rinse thoroughly to remove all cleaning product residue.
- Regularly check the drain for blockages and clean as needed.

7. TROUBLESHOOTING

This section addresses common issues you might encounter with your shower kit.

7.1 Door Does Not Slide Smoothly

- **Check for Obstructions:** Inspect the top and bottom tracks for any debris, soap scum, or foreign objects. Clean the tracks thoroughly.
- **Inspect Rollers:** Ensure the rollers are clean and free from hair or grime. Verify they are properly seated in the track.
- **Lubrication:** A silicone-based lubricant can be applied sparingly to the tracks and rollers if friction is present. Do not use oil-based lubricants.

7.2 Water Leaks from Shower Enclosure

- **Check Seals:** Inspect all rubber seals and sweeps along the bottom and sides of the door and fixed panels. Ensure they are intact and properly positioned. Replace if damaged.
- **Silicone Sealant:** Examine all silicone sealant lines for cracks, gaps, or deterioration. Reapply silicone sealant as necessary, ensuring the area is clean and dry before application.
- **Proper Slope:** Ensure the shower base has a slight slope towards the drain to prevent water pooling and overflow.

8. SPECIFICATIONS

Feature	Specification
Brand	OVE Decors
Model Number	15SKA-BELS48-SATWM
Product Dimensions	32.01"D x 47.99"W x 81.5"H (81.3 cm D x 121.9 cm W x 207 cm H)
Item Weight	222 pounds (100.7 kg)

Feature	Specification
Color	Satin Nickel
Glass Thickness	8 Millimeters (5/16-inch)
Material	Glass, Metal, Plastic (Acrylic Base)
Installation Type	Screw-In
Number of Doors	2 (1 sliding, 1 fixed)
