Beats MUVY3LL/A

Beats Solo Buds Wireless Bluetooth Earbuds User Manual

Model: MUVY3LL/A | Brand: Beats

INTRODUCTION

The Beats Solo Buds are compact wireless earbuds designed for an exceptional audio experience with extended battery life and seamless compatibility across Apple and Android devices. This manual provides essential information for setting up, operating, and maintaining your Solo Buds.

WHAT'S IN THE BOX

Your Beats Solo Buds package includes the following items:

- Beats Solo Buds earphones
- Carrying case
- Ear tips with four size options (XS, S, M, L)
- Warranty card
- (Power adapter and USB-C charging cable sold separately)

SETUP

1. Charging Your Solo Buds

To charge your Beats Solo Buds, place them securely in their carrying case. Connect the case to a power source using a USB-C charging cable (sold separately). The Solo Buds offer up to 18 hours of listening time on a single charge. With Fast Fuel, a 5-minute charge provides up to 1 hour of playback.

Charge Out from Your Device

Via USB-C with your earbuds seated in the case.

Requires iPhone 15 or supported Android devices.

2. Pairing Your Solo Buds

The Beats Solo Buds offer seamless one-touch pairing for both Apple and Android devices. Ensure both earbuds are properly seated in their case.

1. Open the lid of the charging case near your Apple or Android device.
2. A pairing prompt will appear on your device's screen.
3. Tap to connect.

Once paired, your Solo Buds will instantly work with any other iOS or Android device signed into your account. They also support Find My (for Apple devices) or Find My Device (for Android devices), allowing you to locate your earbuds if misplaced.

iOS and Android Compatibility

Enjoy seamless one-touch pairing, automatic account setup, and Find My or Find My Device.

Requires an iCloud account and a compatible Apple device running the latest operating system software or a compatible Android device running the latest operating system software with Google Play Services enabled.

For the Highest Quality Sound

We recommend ensuring that your iPhone is running iOS version 17.6 or later.

3. Ear Tip Selection and Fit

For optimal sound quality and comfort, select the ear tips that provide the best seal for your ears. The Solo Buds come with four ear tip sizes (XS, S, M, L), including an extra-small option, and feature angled nozzles for a more natural fit. Experiment with different sizes to find the perfect fit.

OPERATING YOUR SOLO BUDS

On-Ear Controls

Each earbud features a single on-ear control button for managing your audio and calls. You can customize these controls through your iOS settings or the Beats app on Android.

- **Music Playback:** Press once to play/pause, twice to skip forward, three times to skip backward.
- **Call Management:** Press once to answer/end a call, twice to decline a call.
- **Voice Assistant:** Press and hold to activate your device's voice assistant (Siri, Google Assistant).

High-Fidelity Audio

Custom acoustics tuned for uncompromising clarity and balance.

Call Quality

The Beats Solo Buds are equipped with custom-designed microphones powered by an advanced noise-learning algorithm. This technology ensures exceptional call quality by focusing on your voice and minimizing background noise.

MAINTENANCE

To ensure the longevity and optimal performance of your Beats Solo Buds, follow these maintenance guidelines:

- **Cleaning:** Regularly clean the earbuds and charging case with a soft, dry, lint-free cloth. Do not use abrasive materials or harsh chemicals.
- **Ear Tips:** Remove ear tips and clean them with water and mild soap if necessary. Ensure they are completely dry before reattaching.
- **Storage:** Always store your Solo Buds in their charging case when not in use to protect them from dust and damage.

- **Water Resistance:** Note that Beats Solo Buds are not water resistant. Avoid exposure to liquids.

TROUBLESHOOTING

If you encounter issues with your Beats Solo Buds, try the following troubleshooting steps:

- **No Sound/Poor Sound Quality:**
    - Ensure earbuds are fully charged.
    - Check Bluetooth connection on your device.
    - Adjust ear tip size for a better seal.
    - Clean ear tips and earbud nozzles.

- **Pairing Issues:**
    - Ensure Bluetooth is enabled on your device.
    - Place earbuds back in the case, close the lid, wait a few seconds, then open again to re-initiate pairing mode.
    - Forget the device in your phone's Bluetooth settings and try pairing again.

- **Charging Issues:**
    - Ensure the USB-C cable is securely connected to both the case and the power source.
    - Try a different USB-C cable or power adapter.
    - Verify earbuds are correctly seated in the charging case.
