KAWADA NBCC_180

Kawada Nanoblock Sanrio Characters Cinnamoroll NBCC_180 Instruction Manual

Model: NBCC_180

Introduction Safety Information Package Contents Assembly Care & Maintenance Troubleshooting Specifications Warranty & Support

1. Introduction

Thank you for purchasing the Kawada Nanoblock Sanrio Characters Cinnamoroll building set. This micro-sized building block model allows you to construct a detailed replica of Cinnamoroll. This manual provides essential information for assembly, care, and safe use of your product. Please read these instructions carefully before beginning assembly.

2. Safety Information

WARNING: CHOKING HAZARD - Small Parts. Not for children under 3 years.

- This product contains small parts and is recommended for ages 12 and up.
- Keep all packaging materials away from children.
- Do not put blocks in mouth.
- Ensure a clean and well-lit workspace to prevent loss of small pieces.
- Adult supervision is recommended for younger builders.

3. Package Contents

Verify that all components are present before starting assembly. The package should contain:

- Approximately 140 Nanoblock pieces (various shapes and colors).
- Detailed step-by-step instruction sheet.

If any parts are missing or damaged, please refer to the troubleshooting section or contact customer support.

4. Assembly Instructions

The Nanoblock Cinnamoroll model has a difficulty level of 2 out of 5. Follow the included instruction sheet for precise step-by-step guidance. The general process involves:

1. **Preparation:** Open the package and carefully sort the Nanoblock pieces by color and shape. This will make the assembly process smoother.
2. **Base Construction:** Begin by building the base structure of Cinnamoroll, typically starting from the bottom up. Refer to the instruction sheet for the exact starting point.
3. **Layer by Layer:** Nanoblock models are built layer by layer. Each step in the instruction sheet will show which blocks to add to the current layer. Pay close attention to the orientation and placement of each block.
4. **Detailing:** As you progress, you will add smaller details such as Cinnamoroll's ears, facial features, and tail. These often use the smallest blocks.
5. **Completion:** Continue until all pieces are used and the model matches the image on the packaging and in the instructions.

Image 4.1: A view of the Cinnamoroll model during assembly, highlighting the interlocking block design.

Tip: Use tweezers for placing very small blocks if you find it difficult with your fingers. Ensure each block is firmly pressed into place to secure the structure.

5. Care and Maintenance

To ensure the longevity and appearance of your Nanoblock model:

- **Cleaning:** Gently dust the model with a soft brush or a can of compressed air. For stubborn dirt, lightly dampen a cloth with water and wipe carefully. Avoid harsh chemicals.
- **Storage:** Store the assembled model in a stable location away from direct sunlight and extreme temperatures to prevent discoloration or material degradation.
- **Handling:** Handle the model with care, especially when moving it, to prevent pieces from detaching.

6. Troubleshooting

Missing Pieces:
Carefully re-check the packaging and your workspace. Due to the small size, pieces can be easily overlooked. If a piece is genuinely missing, contact customer support.

Difficulty Connecting Blocks:
Ensure blocks are correctly aligned and pressed firmly. Sometimes a slight twist can help. Do not force blocks, as this may cause damage.

Model Instability:
Review previous steps in the instruction manual to ensure all blocks are placed correctly and securely. An incorrectly placed block can affect the stability of subsequent layers.

7. Specifications

Model Number	NBCC_180
Brand	KAWADA
Character	Cinnamoroll (Sanrio Characters)
Number of Pieces	Approximately 140
Difficulty Level	2 (out of 5)
Recommended Age	12 years and up

Material	Acrylonitrile Butadiene Styrene (ABS)
Product Dimensions (assembled)	Approx. 2.5 x 7.99 x 4.09 cm
Weight	Approx. 31 g
Educational Objective(s)	Problem Solving Skills, Spatial Reasoning
Special Features	Non-Toxic
