Setup and Preparation

The essential oils are packaged in amber glass bottles with built-in droppers for convenient and controlled dispensing. Before first use, ensure the cap is securely twisted off.
For optimal freshness and longevity, store the essential oil bottles in a cool, dark place away from direct sunlight and heat.

Operating Instructions

These versatile essential oils can be used in various ways to enhance your environment:

1. **For Diffusers/Humidifiers:** Add 5-10 drops of your chosen essential oil to the water tank of your essential oil diffuser or humidifier. Adjust the number of drops based on desired scent intensity and room size. If the scent is too subtle, gradually increase the number of drops.
2. **Candle Making:** Incorporate the fragrance oils into your candle wax during the candle-making process. Follow

specific candle making instructions for proper ratios.

3. **Laundry:** Add a few drops to your laundry cycle for a fresh scent.
4. **Soap Making & Bath Bombs:** Use these oils as fragrance components in homemade soaps and bath bombs.
5. **Other DIY Projects:** Suitable for various DIY crafts and home fragrance applications.

Maintenance and Care

To ensure the longevity and potency of your essential oils:

- Always secure the cap tightly after each use to prevent evaporation and maintain freshness.
- Store bottles upright in their original amber glass containers to protect them from light degradation.
- If liquid is difficult to dispense, a gentle shake of the bottle may help.

Safety Information

Please observe the following safety precautions:

- Keep out of reach of children and pets.
- Do not ingest essential oils.
- May cause skin irritation. Perform a patch test on a small area of skin before widespread topical use.
- Avoid direct contact with eyes and mucous membranes.

Troubleshooting

Problem	Possible Cause / Solution
Scent is too subtle in diffuser.	Increase the number of drops (e.g., from 5 to 10 or more) until desired intensity is achieved. Ensure diffuser is clean and functioning correctly.
Difficulty dispensing oil from bottle.	Gently shake the bottle to encourage flow. Ensure no residue is blocking the dropper.
