Package Contents

Before you begin, please ensure all items are present in the package:

- 1 x DOOGEE N55 Pro Smartphone
- 1 x Type-C Cable
- 1 x Charger
- 1 x TP Protective Film (Pre-applied)
- 1 x TPU Protective Case
- 1 x SIM Card Removal Needle
- 1 x Packing Box

- 1 x User Manual

Image: All components included in the DOOGEE N55 PRO retail package, including the phone, charger, cable, and protective accessories.

Setup

1. Inserting SIM Cards and MicroSD Card

The DOOGEE N55 PRO supports dual Nano-SIM cards and a MicroSD card for expandable storage. Use the provided SIM card removal needle to open the SIM tray.

1. Locate the SIM tray on the side of the phone.
2. Insert the SIM removal needle into the small hole next to the tray and press gently until the tray ejects.
3. Carefully pull out the SIM tray.
4. Place your Nano-SIM card(s) and/or MicroSD card into the designated slots on the tray. Ensure the gold contacts are facing down.
5. Gently push the tray back into the phone until it clicks into place.

2. Initial Charging

It is recommended to fully charge your phone before first use.

1. Connect the Type-C cable to the charging port at the bottom of the phone.
2. Connect the other end of the cable to the provided charger.
3. Plug the charger into a power outlet.
4. The battery indicator on the screen will show charging progress.

Operating Your Device

Power On/Off and Restart

- **Power On:** Press and hold the Power button (located on the right side) until the DOOGEE logo appears.
- **Power Off:** Press and hold the Power button until the power options menu appears, then select "Power off".
- **Restart:** From the power options menu, select "Restart".

Basic Navigation

The DOOGEE N55 PRO operates on Android 14, offering intuitive touch-based navigation.

- **Tap:** To select an item or open an app.
- **Swipe:** To scroll through screens, lists, or content.
- **Pinch-to-Zoom:** To zoom in or out on images or web pages.
- **Long Press:** To access contextual menus or move icons.

Connectivity

Your device supports 4G cellular networks, Dual-Band Wi-Fi, and Bluetooth for various connectivity needs.

- **Wi-Fi:** Go to Settings > Network & internet > Wi-Fi to connect to available Wi-Fi networks.
- **Bluetooth:** Go to Settings > Connected devices > Bluetooth to pair with Bluetooth accessories like headphones or speakers.
- **Mobile Data:** Ensure your SIM card is active and mobile data is enabled in Settings > Network & internet > Mobile network.

Maintenance

Proper care will extend the life of your DOOGEE N55 PRO.

- **Cleaning:** Use a soft, lint-free cloth to clean the screen and body. Avoid harsh chemicals.
- **Protection:** Utilize the provided TPU protective case and pre-applied screen film to guard against scratches and minor impacts.
- **Temperature:** Avoid exposing the phone to extreme temperatures (hot or cold) or direct sunlight for prolonged periods.
- **Water Exposure:** The device is not waterproof. Keep it away from water and high humidity.

- **Software Updates:** Regularly check for and install system updates to ensure optimal performance and security. Go to Settings > System > System update.

Troubleshooting

Here are solutions to common issues you might encounter:

Problem	Solution
Phone does not turn on	Ensure the battery is charged. Connect to the charger and wait a few minutes before attempting to power on. If still unresponsive, try a forced restart by holding the Power button for 10-15 seconds.
Cannot connect to Wi-Fi	Check if Wi-Fi is enabled in settings. Restart your Wi-Fi router. Forget the network and try reconnecting. Ensure you are entering the correct password.
Poor signal or no network	Check if the SIM card is properly inserted. Ensure you are within network coverage. Restart the phone. Contact your mobile carrier if the issue persists. Note: Not compatible with AT&T, Cricket, or CDMA carriers (e.g., Straight Talk, U.S. Cellular, Boost, Sprint, Verizon, Net 10).
Apps are crashing or freezing	Close the app and reopen it. Clear the app's cache and data (Settings > Apps > [App Name] > Storage & cache). Ensure the app is updated to the latest version. Restart your phone.
Battery drains quickly	Reduce screen brightness. Close unused apps running in the background. Turn off Wi-Fi, Bluetooth, and GPS when not in use. Check battery usage in Settings > Battery to identify power-hungry apps.
