LORDEM A0151

LORDEM Bamboo Base Desktop Grow Light Instruction Manual

Model: A0151 | Brand: LORDEM

Introduction

The LORDEM Bamboo Base Desktop Grow Light is designed to provide optimal illumination for indoor plants, promoting healthier and faster growth. Featuring a full spectrum LED lamp, adjustable brightness levels, an auto-timer function, and height adjustability, this grow light is versatile and user-friendly. Its unique bamboo base design integrates seamlessly with various home decors.

Packing List

Please verify that all components listed below are included in your package:

- 2 x Grow Light with Timer
- 2 x Base
- 1 x Wrench
- 2 x Adapter
- 1 x User Manual

Setup Instructions

The LORDEM Grow Light offers a dual-use design, allowing for either a desktop base setup or direct insertion into soil using the metal stake. Choose the method that best suits your plant and environment.

Method 1: Detachable Base Setup

1. **Insert the light into the base:** Take the grow light unit and firmly insert the bottom end of its telescopic rod into the designated hole on the detachable base. Ensure it is stable.
2. **Position the plant:** Place your potted plant on the base, ensuring the pot presses down on the base for stability.
3. **Adjust height:** Extend or retract the telescopic rod to adjust the height of the light, positioning it optimally above your plant.

Method 2: Metal Stake Setup (Direct Soil Insertion)

1. **Insert the light into the soil:** Remove the base if attached. Gently insert the pointed end of the grow light's telescopic rod directly into the soil of your potted plant. Ensure it is stable and upright.
2. **Adjust height:** Extend or retract the telescopic rod to adjust the height of the light, positioning it optimally above your plant.
3. **Rotate the light panel:** The circular light panel can be rotated up to 90 degrees to direct light precisely where needed.

General Setup Tips

- Ensure the product holder is pressed down by the flowerpot for stability when using the base.
- Connect the USB cable to the provided adapter and plug it into a standard power outlet.

Operating Instructions

The LORDEM Grow Light features an inline controller for easy operation of its various functions.

Power On/Off

- Press the **On/Off** button on the inline controller to turn the light on or off.

Brightness Adjustment (4 Dimmable Levels)

Adjust the light intensity to suit different plant needs and growth stages:

- Press the **Brightness Setting** button (sun icon) to cycle through the four dimmable levels: 25%, 50%, 75%, and 100%.

Automatic On/Off Timer (3-Cycle Timer)

Set the light to automatically turn on and off daily:

- Press the **Timer Setting** button to select a lighting duration:
  - **4 hours:** Light stays on for 4 hours, then off for 20 hours. (Indicated by green light on controller)
  - **8 hours:** Light stays on for 8 hours, then off for 16 hours. (Indicated by blue light on controller)
  - **12 hours:** Light stays on for 12 hours, then off for 12 hours. (Indicated by red light on controller)
- Once set, the timer will activate at the same time each day.

Height Adjustment

The telescopic rod allows for height adjustment from 7.8 inches to 26 inches:

- Gently pull the light head upwards to extend the rod, or push it downwards to retract it.
- Adjust the height to ensure the light covers your plant adequately, accommodating growth.

Angle Adjustment

The circular light panel can be rotated to direct light precisely:

- The light panel is 90° rotatable. Gently pivot the light head to angle the illumination as needed for optimal plant coverage.

Maintenance

- **Cleaning:** Ensure the grow light is unplugged before cleaning. Use a soft, dry cloth to wipe down the light panel and rod. Avoid using abrasive cleaners or solvents.
- **Storage:** If storing the grow light for an extended period, ensure it is clean and dry. Store it in a cool, dry place away from direct sunlight.

Troubleshooting

Problem	Possible Cause	Solution
Light does not turn on.	Not plugged in; power outlet issue; controller malfunction.	Ensure the adapter is securely plugged into a working power outlet. Check the connection between the USB cable and the adapter.

Problem	Possible Cause	Solution
Timer function not working correctly.	Incorrect timer setting; power interruption.	Re-set the timer by pressing the timer button to your desired duration. Ensure continuous power supply.
Light flickers or dims unexpectedly.	Unstable power supply; loose connection.	Check all connections. Try plugging into a different power outlet.

Specifications

- **Brand:** LORDEM
- **Model Number:** A0151
- **Color:** 3.54" Bamboo+Base
- **Material:** Aluminum
- **Light Source Type:** LED
- **Power Source:** Corded Electric
- **Voltage:** 110 Volts
- **Number of Light Sources:** 48
- **Product Dimensions:** 3.74 x 12.2 x 1.38 inches
- **Item Weight:** 13.7 ounces
- **Height Adjustable Range:** 7.8" - 26"
- **Dimming Levels:** 25%, 50%, 75%, 100%
- **Timer Settings:** 4H, 8H, 12H
