# User Manual

### MagiDeal Rear Folding Seat Release Handle Knob

Model: 87211-74G10-P4Z

## Introduction

This manual provides detailed instructions for the installation, operation, and maintenance of the MagiDeal Rear Folding Seat Release Handle Knob. This product is designed to replace the original rear seat adjustment knob in compatible vehicles, enhancing comfort and convenience by allowing easy adjustment of the rear seat position.

Please read this manual thoroughly before installation and use to ensure proper functionality and longevity of the product.

## Safety Information

- Ensure the vehicle is parked on a level surface with the engine off and parking brake engaged before beginning any installation.
- If unsure about any step, consult a qualified automotive technician.
- Keep small parts away from children to prevent choking hazards.
- Do not force the knob during installation or operation; it should fit and move smoothly.

## Package Contents

Verify that all components are present before proceeding with installation.

- 1 x Rear Seat Knob (Part Number: 87211-74G10-P4Z)

## Setup and Installation

This section outlines the general steps for replacing or installing the rear seat adjustment knob. Specific procedures may vary slightly depending on your vehicle's make and model. Always refer to your vehicle's service manual for precise instructions.

1. **Identify the Location:** Locate the existing rear seat adjustment knob or the designated mounting point for the knob on your vehicle's rear seat. This is typically found near the base or side of the seat.
2. **Remove Old Knob (if applicable):** If replacing an existing knob, carefully remove it. This may involve pulling it directly off, unscrewing it, or releasing a clip mechanism. Avoid using excessive force to prevent damage to the seat mechanism.
3. **Prepare the Mounting Point:** Ensure the mounting point is clean and free of debris.
4. **Install New Knob:** Align the new MagiDeal Rear Seat Knob with the mounting point. Gently push or screw the knob into place until it is securely seated. It should fit snugly without excessive play.
5. **Test Functionality:** After installation, test the knob by attempting to adjust the rear seat position. Ensure it operates smoothly and locks securely in desired positions.

## Operating Instructions

The MagiDeal Rear Folding Seat Release Handle Knob is designed for straightforward operation to adjust your vehicle's rear seats.

- **To Adjust Seat Position:** Grasp the knob firmly. Depending on your vehicle's design, you may need to pull, push, or rotate the knob to release the seat locking mechanism.
- While holding the knob in the release position, manually slide the rear seat forward or backward to the desired position.
- Once the seat is in the desired position, release the knob. Ensure the seat locks securely into place before driving.

## Maintenance

The MagiDeal Rear Folding Seat Release Handle Knob requires minimal maintenance to ensure its longevity and proper function.

- **Cleaning:** Wipe the knob periodically with a soft, damp cloth to remove dust and grime. Avoid using harsh

chemicals or abrasive cleaners, as these may damage the material.

- **Inspection:** Periodically check the knob for any signs of wear, cracks, or looseness. Ensure it remains securely attached to the seat mechanism.
- **Lubrication:** No lubrication is typically required for the knob itself. If the seat adjustment mechanism feels stiff, consult your vehicle's service manual for appropriate lubrication points on the seat rails.

## Troubleshooting

| Problem | Possible Cause | Solution |
|---|---|---|
| Knob feels loose after installation. | Not fully seated or incorrect installation. | Re-check installation steps. Ensure the knob is pushed or screwed in completely until secure. |
| Seat does not adjust smoothly. | Obstruction in seat rails or issue with seat mechanism. | Check seat rails for obstructions. This issue is likely with the vehicle's seat mechanism, not the knob itself. Consult a professional if needed. |
| Knob is difficult to operate. | Misalignment or debris. | Ensure the knob is correctly aligned. Clean any visible debris around the knob's base. Do not force operation. |

## Specifications

| Feature | Detail |
|---|---|
| Part Number | 87211-74G10-P4Z |
| Material | PP (Polypropylene) |
| Color | Black |
| Product Size | 75mm / 2.95 inches |
| Item Weight | Approximately 0.01 Kilograms (0.352 ounces) |
| Special Feature | Adjustable |
