## Sweiko Counter Height Bar Stools

# Sweiko 26 Inch Counter Height Bar Stools Instruction Manual

Model: Counter Height Bar Stools (Velvet Navy, Set of 2)

### Introduction

Thank you for choosing Sweiko 26 Inch Counter Height Bar Stools. These modern bar chairs are designed to provide comfortable and stylish seating for your kitchen island, counter, or dining area. Featuring a velvet cushion and sturdy metal legs, they offer both elegance and durability. This manual provides detailed instructions for assembly, usage, maintenance, and troubleshooting to ensure a long-lasting and satisfying experience with your new stools.

## Safety Information

Please read and understand all safety warnings and instructions before assembly and use. Failure to follow these instructions may result in injury or product damage.

- Do not leave stools unattended while in use.
- Store stools properly when not needed to prevent accidental tipping or damage.
- Assemble with care, strictly following the provided instructions.
- Do not exceed the maximum weight capacity of **300 lbs (136 kg)** per stool.
- Keep small children and pets away from the assembly area.
- Ensure all bolts and fasteners are securely tightened before use and periodically check for looseness.

## Package Contents

Before beginning assembly, ensure all parts are present and undamaged. If any parts are missing or damaged, please contact customer

service immediately.

- 2 x Velvet Cushion Seats with Backrests
- 2 x Metal Leg Frames (Gold Finish)
- Hardware Pack (screws, washers, Allen wrench)
- Adjustable Foot Pads (pre-attached or separate)
- Assembly Instructions

## Setup and Assembly

Assembly is straightforward and typically takes about 15 minutes per stool. All parts are numbered for easy identification.

1. **Unpack Components:** Carefully remove all parts from the packaging. Lay them out on a clean, soft surface to prevent scratches.
2. **Attach Seat to Frame:** Align the pre-drilled holes on the bottom of the velvet seat with the holes on the top of the metal leg frame.
3. **Secure with Screws:** Insert the provided screws and washers into the aligned holes. Hand-tighten all screws initially.

4. **Final Tightening:** Once all screws are in place, use the Allen wrench to fully tighten them. Do not overtighten.
5. **Check Stability:** Gently shake the assembled stool to ensure it is stable. If wobbly, re-check all connections and tighten as needed.
6. **Adjust Foot Pads:** If your floor is uneven, adjust the foot pads at the bottom of the legs to level the stool and prevent scratching.

## Operating Instructions

These counter height bar stools are designed for comfortable seating at kitchen islands, counters, and high tables. The 26-inch seat height is ideal for surfaces measuring 36 to 40 inches in height.

- **Seating:** Sit centrally on the cushion for optimal balance and comfort. The wide and thick high-density foam padding provides firm support.
- **Footrest:** Utilize the integrated footrest for added comfort and stability, especially during extended periods of sitting.
- **Placement:** The stools can be tucked under most standard counter height surfaces when not in use, helping to save space in your kitchen or dining area.

## Maintenance

Proper care will extend the life and appearance of your bar stools.

- **Cleaning:** Wipe the velvet cushion and metal frame with a dry cloth to remove dust and light spills. For stubborn stains on velvet, consult a professional upholstery cleaner or use a velvet-safe cleaning product.
- **Avoid Moisture:** While the velvet surface is waterproof, avoid excessive moisture to prevent damage to the fabric and internal padding.
- **Regular Checks:** Periodically inspect all screws and connections to ensure they remain tight. Re-tighten if necessary.
- **Protect Flooring:** Ensure the adjustable foot pads are always in place to protect your floors from scratches.

## Troubleshooting

If you encounter any issues with your Sweiko bar stools, please refer to the following common solutions:

- **Wobbly Stool:**
  - Ensure all assembly screws are fully tightened.
  - Adjust the leveling foot pads on the bottom of the legs to compensate for uneven flooring.
- **Difficulty Assembling:**
  - Double-check that all parts are correctly oriented according to the assembly diagrams.
  - Ensure no screws are cross-threaded. Loosen and re-insert if necessary.
  - Verify all parts are present as per the package contents list.
- **Fabric Stains:**
  - For minor spills, blot immediately with a clean, dry cloth.
  - For tougher stains, use a damp cloth with a mild soap solution, then blot dry. Test on an inconspicuous area first.

If these steps do not resolve your issue, please contact Sweiko customer service for further assistance.
