Setup and Installation

1. **Prepare your armchair:** Ensure your armchair is clean and free of any debris. Remove any existing cushions that are not permanently attached.
2. **Identify the front:** Locate the tag or the side with the most defined seam, which typically indicates the back of the cover.
3. **Drape the cover:** Carefully drape the cover over your armchair, starting from the back.
4. **Align seams:** Align the seams of the cover with the seams of your armchair.
5. **Adjust and tuck:** Smooth out any wrinkles and tuck excess fabric into the creases of the armchair (between the armrests and seat, and between the backrest and seat) to achieve a custom fit. The elastic nature of the fabric will help it conform to the shape of your armchair.

Operating (Usage)

Once installed, the armchair cover requires no special operation. It is designed to protect your armchair from spills, stains, pet hair, and general wear and tear. Its extensible nature allows for a snug fit on various armchair sizes within the specified dimensions.

- **Protection:** The cover acts as a barrier against daily use.
- **Aesthetic Update:** It can instantly refresh the look of an old or worn armchair.
- **Easy Removal:** The cover can be easily removed for cleaning or when you wish to change your decor.

Maintenance and Care

Proper care will extend the life and appearance of your armchair cover.

- **Washing:** Machine wash at 30°C (86°F) on a gentle cycle.
- **Detergent:** Use a mild detergent. Do not use bleach.
- **Drying:** Tumble dry on low heat or air dry. Do not iron.
- **Stain Removal:** For minor spills, blot immediately with a clean, damp cloth. For tougher stains, follow the washing instructions.

Troubleshooting

Problem	Possible Cause	Solution
Cover does not fit snugly.	Armchair dimensions are outside the specified range (32-42 cm depth, 81-101 cm length). Or, not properly tucked.	Ensure your armchair's dimensions are compatible. Re-tuck excess fabric deeply into creases.
Wrinkles appear after installation.	Normal for new covers or after washing.	Smooth out by hand. The fabric is designed to be wrinkle-resistant, but some minor wrinkles may occur. Do not iron.
Cover slips off easily.	Insufficient tucking or very smooth armchair fabric.	Ensure all excess fabric is firmly tucked into the armchair's crevices. Consider using non-slip foam inserts (not included) to help secure the cover.
