Finger Rock 13008

Finger Rock Space Astronaut Building Set Model 13008 Instruction Manual

Brand: Finger Rock | Model: 13008

1. PRODUCT OVERVIEW

The Finger Rock Space Astronaut Building Set is a semi-mechanical action model designed for assembly by teens and adults (ages 14+). This detailed building kit allows for the creation of an astronaut figure with both an externally simulated aerospace suit and an intricate internal mechanical structure. The model features a distinctive purple color scheme, adding a unique aesthetic to the design. Once assembled, it serves as a decorative piece for various settings.

2. FEATURES

- **Dual Design:** This building kit incorporates a semi-disassembly design, presenting two distinct styles. The exterior accurately simulates an aerospace suit, while the interior reveals a precise and complex mechanical structure. The purple color accents contribute to a unique space exploration theme.
- **Mechanical Aesthetics:** The model's helmet includes an antenna. The body is connected to an oxygen tube, and the back features a life-support system comprising a control panel, a water tank, and an oxygen cylinder. The internal mechanical structure consists of simulated electronic components, gears, and steel tubes.
- **Customized Styling:** The joints of the arms, shoulders, thighs, knees, and fingers are fully articulated, allowing for free movement and various poses. A display stand is included to showcase the completed model.
- **Quality Materials:** Constructed from high-quality ABS plastic, ensuring durability, strength, and safety. The materials are environmentally friendly.

3. ASSEMBLY INSTRUCTIONS

This building set contains 1185 pieces and requires assembly. A comprehensive instruction manual is included in the box to guide you through each step of the construction process. Please follow the manual carefully to ensure correct assembly.

1. Unpack all components and verify that all 1185 pieces are present according to the parts list in the included manual.
2. Begin assembly by following the step-by-step diagrams provided in the instruction manual.
3. Pay close attention to the orientation and connection points of each piece to ensure structural integrity.
4. Once the main astronaut figure is complete, assemble the display stand as instructed.
5. Attach the completed astronaut model to the display stand.

4. OPERATING INSTRUCTIONS

The Finger Rock Space Astronaut Building Set is primarily a display model with articulated joints for posing.

- **Posing:** Gently manipulate the articulated joints at the arms, shoulders, thighs, knees, and fingers to achieve desired poses. Avoid excessive force to prevent damage.
- **Display:** Utilize the included display stand to securely position your astronaut model. The stand provides stability and enhances the visual presentation of the model.

5. MAINTENANCE

To maintain the appearance and longevity of your Finger Rock Space Astronaut model:

- **Cleaning:** Use a soft, dry cloth to gently wipe away dust. For more stubborn dirt, a slightly damp cloth can be used, followed by immediate drying. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** Store the model in a cool, dry place away from direct sunlight to prevent discoloration or material degradation.
- **Handling:** Handle the model with care, especially when adjusting articulated parts, to prevent accidental breakage.

6. TROUBLESHOOTING

If you encounter any issues during assembly or use, please refer to the following common solutions:

- **Missing Parts:** If you find any missing pieces during the unpacking or assembly process, please contact Finger Rock customer service for assistance. Refer to the "Worry Free Service" section for contact details.
- **Difficulty Assembling:** Double-check the instruction manual to ensure all steps are followed correctly. Ensure pieces are oriented properly and firmly connected.
- **Loose Joints:** If joints become loose over time, carefully re-seat the connecting pieces. Avoid excessive force when posing to prevent wear.

7. SPECIFICATIONS

Brand Name	Finger Rock
Model Name	Space Astronaut Building Set
Model Number	13008
Age Range Description	Teens, Adults (14+ years)
Number of Pieces	1185
Item Dimensions (L x W x H)	7.48 x 6.29 x 10.62 inches
Item Weight	1.06 Kilograms
Material Type	Plastic (ABS)
Educational Objective	Creative Thinking
Additional Features	Non-Toxic, Interlocking Toy Building Block
Assembly Required	Yes
Operation Mode	Manual

8. WARRANTY AND SUPPORT

Finger Rock is committed to providing high-quality products and customer satisfaction. This product is made from durable, safe, and environmentally friendly ABS plastic.

- **Worry-Free Service:** In the event of missing parts, please contact our customer service team. We will arrange to send you the necessary components.
- **Customer Support:** For any questions, concerns, or support needs regarding your Finger Rock Space Astronaut Building

Set, please reach out to our dedicated customer service team. Contact information can typically be found on the product packaging or the official Finger Rock website.
