W WISE BLOCK US380010

W WISE BLOCK 131-Piece Magnetic Tiles Set with 2 Cars Instruction Manual

Model: US380010

INTRODUCTION

Welcome to the world of creative building with your new W WISE BLOCK Magnetic Tiles Set. This manual provides essential information for safe and enjoyable use of your 131-piece set, designed to foster imagination, fine motor skills, and cognitive development through play. The set encourages both 2D and 3D construction, offering endless possibilities for children aged 36 months to 12 years.

An example of a large castle and two magnetic cars constructed using the W WISE BLOCK 131-piece magnetic tile set, showcasing the creative possibilities.

SAFETY GUIDELINES

Your safety and the safety of your children are paramount. Please adhere to the following guidelines:

- **Choking Hazard:** This set contains small parts and is not suitable for children under 36 months due to potential choking hazards. Adult supervision is recommended for all ages.
- **Magnet Safety:** The magnets are securely concealed within the tiles. In the unlikely event that a magnet becomes dislodged or a tile breaks, immediately discontinue use and dispose of the damaged piece. Swallowed magnets can cause serious injury.
- **Durable Construction:** The tiles are made from durable ABS plastic with smooth, rounded edges to prevent injury.

PACKAGE CONTENTS

Your W WISE BLOCK 131-Piece Magnetic Tiles Set includes a diverse assortment of shapes and two car bases, providing a comprehensive building experience. The exact quantities and types of pieces are detailed below:

2D OR 3D FREELY BUILDING

A visual breakdown of the 131 pieces included in the set, detailing the quantity and dimensions of various magnetic tile shapes such as squares, triangles, rectangles, and two car bases.

- **43 Square Tiles:** Approximately 2.9 x 2.9 inches each.
- **6 Large Square Tiles:** Approximately 2.9 x 2.9 inches each.
- **4 Arch Tiles:** Approximately 2.9 x 2.9 inches each.
- **6 Window Tiles:** Approximately 2.9 x 1.4 inches each.
- **30 Equilateral Triangle Tiles:** Approximately 2.8 x 2.8 inches each.
- **2 Large Rectangle Tiles:** Approximately 4 x 2.9 inches each.
- **6 Small Rectangle Tiles:** Approximately 2.9 x 2.9 inches each.
- **6 Fence Tiles:** Approximately 2.9 x 1.4 inches each.
- **2 Large Triangle Tiles:** Approximately 5.7 x 2.9 inches each.
- **10 Right Triangle Tiles:** Approximately 3.7 x 2.9 inches each.
- **6 Double Window Tiles:** Approximately 2.9 x 2.9 inches each.
- **8 Ramp Tiles:** Approximately 5.5 x 2.9 inches each.
- **2 Car Bases:** Approximately 7.8 x 2.9 inches each.

ASSEMBLY AND INITIAL SETUP

The W WISE BLOCK Magnetic Tiles are designed for intuitive and straightforward assembly. No complex tools or steps are required, allowing for immediate play.

1. **Unpack:** Carefully remove all magnetic tiles and car bases from the packaging.
2. **Prepare Play Area:** Lay out the tiles on a clean, flat, and stable surface. This provides a good foundation for building and helps prevent pieces from scattering.
3. **Connect Pieces:** The tiles connect effortlessly through their magnetic edges. Simply bring two magnetic edges together, and they will snap into place. Experiment with different orientations to see how the magnets attract.
4. **Start Building:** Begin by creating simple 2D shapes or immediately dive into constructing 3D structures. The included car bases can be used as foundations for mobile creations.

A video showcasing children actively playing with the 131-piece magnetic block set, demonstrating how the tiles connect and form various structures, including cars and castles.

OPERATING INSTRUCTIONS: UNLEASHING CREATIVITY

The W WISE BLOCK Magnetic Tiles are designed to stimulate creativity and problem-solving skills. Here are some ways to engage with the set:

1. 2D Creations

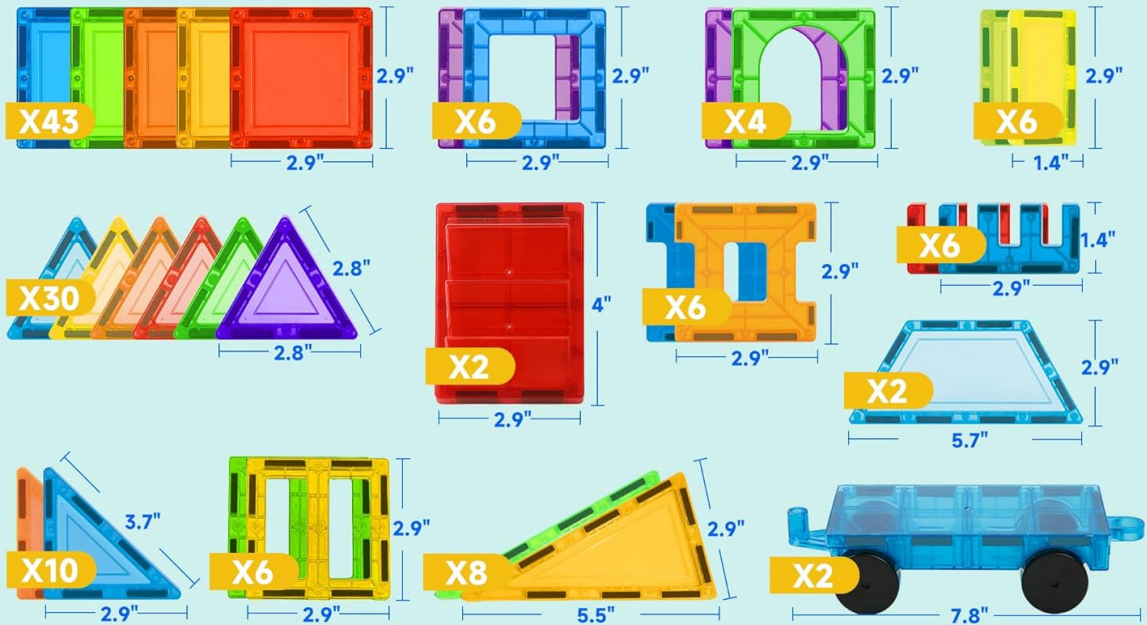

- **Flat Patterns:** Arrange squares, triangles, and other shapes on a flat surface to create colorful mosaics, animals, geometric designs, or abstract art.
- **Learning Aids:** Use the tiles to form letters, numbers, or simple mathematical equations, aiding in early learning and recognition.

2. 3D Structures

- **Basic Shapes:** Start by building fundamental 3D shapes like cubes, pyramids, and prisms. Understand how 2D shapes combine to form 3D objects.
- **Advanced Structures:** Combine various shapes to construct more complex designs such as houses, castles, towers, bridges, and abstract sculptures.
- **Vehicles:** Utilize the two included car bases as foundations. Attach magnetic tiles to create custom cars, trucks, or trains.

PACKAGE INCLUDE

131 PCS

Two children engaged in building a tall, multi-colored 3D structure using magnetic tiles, illustrating the transition from simple connections to complex designs.

CARE AND MAINTENANCE

Proper care ensures the longevity and continued enjoyment of your magnetic tiles:

- **Cleaning:** To clean the magnetic tiles, gently wipe them with a damp cloth and a small amount of mild soap if necessary. Avoid using abrasive cleaners or harsh chemicals, as these can damage the plastic. Ensure tiles are completely dry before storing.
- **Storage:** Store the tiles in a dry place, away from direct sunlight and extreme temperatures. The magnetic properties allow for easy stacking and compact storage, helping to keep your play area tidy.
- **Inspection:** Periodically inspect all tiles for any signs of wear, cracks, or damage. If a tile is broken or if a magnet becomes exposed, immediately remove the piece from play and dispose of it safely to prevent

any potential hazards.

TROUBLESHOOTING

If you encounter any issues with your W WISE BLOCK Magnetic Tiles Set, consider the following common solutions:

Structures Not Holding Together

If your creations seem unstable or collapse easily:

- **Magnet Alignment:** Ensure that the magnetic edges are fully connected. Sometimes, a slight rotation of a tile can improve the connection strength.
- **Base Stability:** For taller or more complex structures, ensure you have a wide and stable base. Gravity and leverage can affect the stability of intricate designs.
- **Design Considerations:** Experiment with different structural designs. Triangles often provide more stability than squares in certain configurations.

Missing Pieces

If you believe pieces are missing from your set upon opening:

- **Check Packaging Thoroughly:** Small pieces can sometimes get lodged in packaging materials. Carefully check all corners and folds of the box.
- **Contact Customer Support:** If pieces are genuinely missing after a thorough check, please refer to the "Warranty and Customer Support" section for information on how to contact W WISE BLOCK for assistance.

PRODUCT SPECIFICATIONS

Property	Value
Product Dimensions	2.8 x 2.8 x 2.8 inches (average tile)
Item Weight	7.77 pounds
Model Number	US380010
Manufacturer Recommended Age	36 months - 12 years
Material	Durable ABS Plastic, Concealed Magnets
Number of Pieces	131 (including 2 car bases)
