VPSTAY CW Watch S6G

VPSTAY Smart Watch User Manual

Model: CW Watch S6G

INTRODUCTION

This manual provides detailed instructions for the setup, operation, and maintenance of your VPSTAY Smart Watch (Model CW Watch S6G). Please read this manual thoroughly to ensure proper use and to maximize the features of your device. This smartwatch is designed to enhance your daily life with features such as GPS tracking, Bluetooth calling, Alexa voice assistant, 3ATM waterproofing, and comprehensive fitness tracking.

WHAT'S IN THE BOX

Upon unboxing your VPSTAY Smart Watch, please verify that all components are present:

- 1 x VPSTAY Smart Watch (Model CW Watch S6G)
- 1 x Charging Cable
- 1 x Quick Start Guide
- 1 x Watch Band

SETUP GUIDE

1. Initial Charging

Before first use, fully charge your smartwatch. Connect the provided charging cable to the charging port on the back of the watch and plug the USB end into a compatible power adapter (not included) or a computer's USB port. A full charge typically takes approximately 1.5 hours and provides 5-7 days of working time or 21 days of standby time.

2. App Installation and Pairing

To unlock the full potential of your VPSTAY Smart Watch, you need to pair it with your smartphone via the dedicated mobile application. The watch is compatible with Android devices.

1. Scan the QR code provided in the Quick Start Guide or search for the official VPSTAY app in your smartphone's app store.
2. Download and install the application.
3. Open the app and follow the on-screen instructions to create an account or log in.
4. Enable Bluetooth on your smartphone.
5. In the app, select "Add Device" or similar option and choose your VPSTAY Smart Watch from the list of available devices.
6. Confirm the pairing request on both your watch and smartphone.

OPERATING YOUR SMART WATCH

Basic Navigation

The VPSTAY Smart Watch features a 1.85-inch HD TFT touch screen and a rotary button for intuitive navigation. Swipe across the screen to access different functions and menus. Use the rotary button to scroll through lists or adjust settings.

Bluetooth Calling & Smart Notifications

Once paired with your smartphone, you can make and answer calls directly from your watch. You will also receive smart notifications for messages, emails, and app alerts, ensuring you stay connected without needing to check your phone constantly.

Alexa Voice Assistant

Your smartwatch comes with built-in Alexa, allowing you to use voice commands for various tasks such as setting alarms, checking the weather, or controlling smart home devices. Simply activate Alexa on your watch and speak your command.

GPS Tracking

The built-in GPS provides accurate tracking for outdoor activities, recording your route, distance, and pace. This feature is ideal for running, cycling, and hiking, allowing you to review your performance and routes in the companion app.

Health Monitoring

The smartwatch offers 24-hour real-time health data monitoring, including heart rate, blood oxygen levels, and stress levels. It also provides detailed sleep tracking, analyzing sleep stages (Awake, REM, Light, Deep) to help you understand and improve your sleep patterns. For women, menstrual cycle tracking is also available.

ALL ROUND HEALTH MONITORING

Knows yourself better and healthier

Water Resistance

The VPSTAY Smart Watch is 3ATM waterproof, making it suitable for daily use and water-related activities like swimming. To ensure water resistance, always ensure the crown is fully seated. For swimming, activate the water lock feature by pressing and holding the crown to prevent accidental touches.

MAINTENANCE

Cleaning Your Smart Watch

Regular cleaning helps maintain the watch's appearance and functionality. Use a soft, lint-free cloth to wipe the screen and body. For stubborn spots, slightly dampen the cloth with water. Avoid using harsh chemicals, abrasive materials, or compressed air.

Band Care

The liquid silicone strap is durable and comfortable. Clean it with mild soap and water, then rinse thoroughly and dry completely before reattaching to the watch. Avoid prolonged exposure to direct sunlight or extreme temperatures.

Storage

When not in use for extended periods, store the watch in a cool, dry place. Ensure it is fully charged before storing to preserve battery health.

TROUBLESHOOTING

Problem	Possible Solution
Watch not turning on/charging.	Ensure the charging cable is securely connected to both the watch and the power source. Try a different USB port or power adapter. Allow the watch to charge for at least 30 minutes before attempting to turn it on.
Cannot pair with smartphone.	Ensure Bluetooth is enabled on your phone and the watch is within range. Restart both the watch and your phone. Check if the app is updated to the latest version. Forget the device in your phone's Bluetooth settings and try pairing again.
Notifications not received.	Check notification permissions in the VPSTAY app and your phone's settings. Ensure the app is running in the background and not being optimized by battery saving features. Verify the watch is properly connected via Bluetooth.
Inaccurate health data.	Ensure the watch is worn snugly on your wrist, about one finger's width above the wrist bone. Clean the sensor on the back of the watch. Avoid excessive movement during measurements.
GPS not tracking accurately.	Ensure you are in an open outdoor area with a clear view of the sky. Wait for the watch to acquire a GPS signal before starting your activity.
