## Banzeem 991-01

# Banzeem LED TV Stand User Manual

Model: 991-01

## 1. SAFETY INFORMATION

---

Please read all safety instructions carefully before assembly and use. Retain this manual for future reference.

- Always assemble the product according to the provided instructions.
- Keep the product dry and avoid exposing it to excessive moisture.
- Do not allow children to play near the product during assembly or when it is not properly secured.
- Ensure the TV stand is placed on a stable, level surface to prevent tipping.
- Do not overload the TV stand with items exceeding its weight capacity.

## 2. PRODUCT OVERVIEW

---

The Banzeem LED TV Stand (Model 991-01) is designed to accommodate televisions ranging from 70 to 80 inches. It features integrated LED lighting with multiple modes, ample storage, and a built-in power cord with AC outlets and USB ports for convenience.

## 4. ASSEMBLY INSTRUCTIONS

---

Assembly of the Banzeem LED TV Stand requires careful attention to the included step-by-step instructions. It is recommended to have at least two people for assembly.

1. **Prepare Workspace:** Clear a spacious area and lay out all components on a soft, clean surface to prevent scratches.
2. **Identify Parts:** Match all components with the parts list in the separate assembly manual.
3. **Follow Manual:** Refer to the detailed assembly instructions provided in the package for specific steps, diagrams, and hardware usage.
4. **Install LED Strip:** Integrate the LED light strip as directed in the assembly manual.
5. **Connect Power Cord:** Securely install the power cord unit into its designated slot.
6. **Final Check:** Ensure all screws are tightened, and the stand is stable before placing a television or other items on it.

## 5. OPERATION

---

### 5.1. LED Lighting System

The integrated LED light string offers 31 modes and full-color selection, controllable via a remote or a dedicated mobile application.

- **Power On/Off:** Use the remote control or app to turn the LED lights on or off.
- **Mode Selection:** Cycle through 31 different lighting modes, including static colors, dynamic effects, and color transitions.
- **Color Adjustment:** Select from a full spectrum of RGB colors using the remote or app.
- **Brightness Control:** Adjust the intensity of the LED lights to suit your preference.
- **Music/Microphone Sensor:** Certain modes allow the lights to react to sound, creating a dynamic visual experience.
- **Time Schedule:** Set timers for the lights to turn on or off automatically.

Image 5.2: Full RGB color and brightness control via app.

## 5.2. Integrated Power Outlets

The TV stand includes a convenient power cord with two AC outlets and two USB ports on the top surface.

- **AC Outlets:** Use these to power your television, soundbar, gaming console, or other electronic devices.
- **USB Ports:** Ideal for charging smartphones, tablets, or other USB-powered accessories.
- **Usage:** Simply plug your devices into the available outlets/ports. Ensure the TV stand's main power cord is plugged into a wall outlet.

## 6. MAINTENANCE

To ensure the longevity and appearance of your Banzeem LED TV Stand, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the surfaces with a damp cloth. Avoid using harsh chemicals or abrasive cleaners, which can damage the finish.
- **Dusting:** Regularly dust the stand with a soft, dry cloth.
- **Spills:** Immediately wipe up any spills to prevent staining or water damage.
- **Sunlight:** Avoid prolonged exposure to direct sunlight, which can cause fading or discoloration.

## 7. TROUBLESHOOTING

---

If you encounter any issues with your Banzeem LED TV Stand, refer to the following common troubleshooting steps:

- **LED Lights Not Working:**
  - Check if the LED strip is securely connected to its power source.
  - Ensure the remote control has working batteries and is pointed directly at the receiver.
  - Verify that the main power cord of the TV stand is plugged into a functional wall outlet.
- **Power Outlets Not Functioning:**
  - Confirm the TV stand's main power cord is firmly plugged into a live wall outlet.
  - Test the wall outlet with another device to ensure it is supplying power.
  - Check if any connected devices are drawing too much power, potentially tripping a circuit breaker (if applicable).
- **Stand Instability:**
  - Ensure all assembly hardware is securely tightened.
  - Verify the stand is placed on a flat, even surface.
  - Distribute weight evenly across the stand.

If these steps do not resolve the issue, please contact Banzeem customer support.
