Geeni GN-WP008-199

Geeni 6L Smart Pet Feeder User Manual

Model: GN-WP008-199
Brand: Geeni

Introduction

This user manual provides comprehensive instructions for the setup, operation, and maintenance of your Geeni 6L Smart Pet Feeder. This automatic food dispenser is designed to ensure your pet receives meals on time, offering convenience through WiFi control, voice recording, and battery backup capabilities. Please read this manual thoroughly before using the device to ensure proper function and safety.

Safety Information

- **Indoor Use Only:** This device is intended for indoor use in dry environments. Do not expose to rain or moisture.
- **Dry Food Only:** Use only dry pet food with a pellet size between 5-15mm. Wet, moist, or canned food is not suitable and may cause blockages.
- **Power Source:** Use only the provided AC adapter. Ensure the power outlet meets the specified voltage requirements.
- **Battery Backup:** For battery backup, install 4x AA batteries (not included). This ensures continued operation during power outages.
- **Cleaning:** Disconnect power before cleaning. Refer to the maintenance section for proper cleaning procedures.
- **Children and Pets:** Keep out of reach of small children and supervise pets to prevent tampering with the device.

Package Contents

Verify that all items are present in the package:

- 1x Geeni Smart Pet Feeder
- 1x Removable Stainless Steel Bowl
- 1x AC Power Adapter
- 1x User Manual (this document)

Product Overview and Components

Familiarize yourself with the different parts of your Smart Pet Feeder:

Image: A detailed diagram illustrating the components of the Geeni Smart Pet Feeder, including the Top Cover, Food Tank, Config Button, Status Light, Dispensing Port, Stainless Steel Bowl, Outer Plastic Bowl, Rotary Sorter (inside), and the 4X AA Batteries compartment (not included).

- **Top Cover:** Secures the food tank and provides access for refilling.
- **Food Tank:** Holds up to 6 liters of dry pet food.
- **Config Button:** Used for Wi-Fi pairing and manual dispensing.
- **Status Light:** Indicates the feeder's operational status (e.g., connected, offline).
- **Dispensing Port:** Where food is dispensed into the bowl.
- **Stainless Steel Bowl:** Removable and dishwasher-safe bowl for pet food.
- **Outer Plastic Bowl:** Provides a stable base for the stainless steel bowl.
- **Rotary Sorter (Inside):** Mechanism that dispenses food portions.
- **4X AA Batteries Compartment:** Located at the bottom, for battery backup power.

Setup Guide

1. Physical Assembly

1. Place the feeder on a flat, stable surface.
2. Insert the stainless steel bowl into the outer plastic bowl, then attach the assembled bowl to the main feeder unit.
3. Open the top cover and fill the food tank with dry pet food. Ensure the pellet size is between 5-15mm. Close the top cover securely.
4. Connect the AC power adapter to the feeder's power port and plug it into a wall outlet.
5. (Optional) For battery backup, open the battery compartment at the bottom and insert 4x AA batteries.

2. Geeni App Download and Account Creation

- Download the Geeni app from the Apple App Store or Google Play Store.
- Register for a new account or log in if you already have one.

3. Wi-Fi Connection

The feeder requires a 2.4GHz Wi-Fi network for smart functions.

1. Open the Geeni app and tap "Add Device" or the "+" icon.
2. Select "Pet Feeder" from the device list.
3. Follow the on-screen instructions in the app to connect the feeder to your Wi-Fi network. This typically involves pressing and holding the Config Button on the feeder until the status light blinks rapidly, then entering your Wi-Fi credentials in the app.
4. Once connected, the status light will turn solid.

Operating Instructions

1. Setting Feeding Schedules

Use the Geeni app to program automated feeding times:

- In the Geeni app, select your Smart Pet Feeder.
- Navigate to the "Feeding Plan" or "Scheduled Meals" section.
- Tap "Add Feeding Plan" to set new meal times. You can program up to 15 meals per day.
- For each meal, specify the time and the number of portions (1-50 portions per meal).
- Save your settings. The feeder will automatically dispense food at the scheduled times.

Image: A smartphone displaying the Geeni app's scheduling interface, showing options to set timers and schedules for pet feeding. A dog is visible in the background near the feeder.

2. Manual Feeding

To dispense food instantly:

- **Via App:** On the main feeder screen in the Geeni app, tap the "Feed Now" button. You can select the number of portions to dispense.
- **Via Device:** Briefly press the Config Button on the feeder. This will dispense one portion of food.

3. Voice Recording

Record a personalized message to play at meal times:

- In the Geeni app, go to the "Recording Instruction" or "Voice Record" section for your feeder.
- Tap the record button and speak your message (e.g., "It's feeding time!"). The recording can be up to 10 seconds long.
- Save the recording. It will play automatically before each scheduled meal.

Image: A cat looking intently at the Geeni Smart Pet Feeder, with a speech bubble indicating "It's Feeding Time." A smartphone screen in the foreground shows the voice record function within the Geeni app.

4. Voice Assistant Integration (Alexa/Google Home)

Control your feeder using voice commands:

- Ensure your Geeni account is linked to your Amazon Alexa or Google Home app.
- Once linked, you can use commands such as:
  - "Alexa, dispense [number] portions from the Pet Feeder."
  - "Hey Google, feed my pet [number] portions."

Image: An Amazon Echo smart speaker on a kitchen counter, with logos for "Works with Alexa" and "Works with Google Home," illustrating the feeder's compatibility with voice assistants. A speech bubble shows an example command: "Alexa, set the Pet Feeder to 4 Portions."

Maintenance and Cleaning

Regular cleaning ensures optimal performance and hygiene for your pet.

- **Disconnect Power:** Always unplug the feeder from the power outlet before cleaning.
- **Food Tank:** The food tank can be removed for cleaning. Wipe it with a damp cloth and mild detergent, then rinse thoroughly and dry completely before reattaching.
- **Stainless Steel Bowl:** The stainless steel bowl is dishwasher safe. Wash it regularly to prevent bacterial growth.
- **Main Unit:** Wipe the exterior of the main unit with a soft, dry cloth. Do not immerse the main unit in water or any other liquid.
- **Dispensing Port:** Check the dispensing port periodically for any food blockages and clear them carefully.
- **Drying:** Ensure all parts are completely dry before reassembling and reconnecting power.

Troubleshooting

Problem	Possible Cause	Solution
Feeder not dispensing food.	Food tank empty; food blockage; feeder offline; incorrect schedule.	Refill food tank; clear dispensing port; check Wi-Fi connection; verify schedule in app.
Feeder offline in Geeni app.	Wi-Fi disconnected; power outage; feeder unplugged.	Check router and feeder power; reconnect Wi-Fi via app if necessary.
Voice recording not playing.	Recording not saved; volume too low.	Ensure recording is saved in app; adjust volume settings in app.
Food stuck in dispensing port.	Pellet size too large; moisture in food.	Use appropriate pellet size (5-15mm); ensure food is dry; clear blockage manually.
Battery backup not working.	Batteries not installed; batteries dead or low.	Install 4x AA batteries; replace old batteries with new ones.

Specifications

Image: A diagram showing the dimensions of the Geeni 6L Smart Pet Feeder, including height, width, and depth

measurements in both inches and millimeters.

Feature	Detail
Model Number	GN-WP008-199
