SETUP

1. Charging the Device

Before first use, fully charge your SOUYIE Smart Watch. Connect the provided USB magnetic charging cable to the charging contacts on the back of the watch and to a standard USB power adapter (not included).

- **Charging Time:** Approximately 2 hours for a full charge.
- **Battery Life:** Up to 7-10 days of typical usage; up to 30 days standby time.

2. App Installation and Pairing

To unlock the full functionality of your smart watch, download and install the **FitCloudPro** app on your smartphone.

1. **Enable Bluetooth:** Ensure Bluetooth is enabled on your smartphone.
2. **Download App:** Scan the QR code below or search for "FitCloudPro" in your phone's app store (Google Play Store for Android, Apple App Store for iOS).

3. **Open App:** Launch the FitCloudPro app and follow the on-screen instructions to create an account or log in.
4. **Add Device:** Within the app, navigate to the "Device" section and select "Add Device" or "Discover new device".
5. **Select Watch:** Your watch should appear in the list (e.g., "P109"). Tap on it to initiate pairing.
6. **Confirm Pairing:** A Bluetooth pairing request will appear on your phone. Confirm by tapping "Pair".
7. **Allow Notifications:** Grant permission for the app to display notifications from your phone to the watch.

OPERATING INSTRUCTIONS

Basic Navigation

- **Touchscreen:** Swipe left/right, up/down, and tap to navigate menus and select options.
- **Side Button(s):** Typically used for power on/off, returning to the home screen, or accessing specific functions. Refer to the watch interface for specific button assignments.

Bluetooth Calling and Notifications

Once paired, your smart watch supports Bluetooth calls and displays notifications from your smartphone.

- **Making/Receiving Calls:** Use the built-in microphone and speaker to answer or make calls directly from your watch. Access contacts, call logs, and a dial pad on the watch.
- **Smart Notifications:** Receive alerts for incoming calls, text messages, and app notifications (e.g., Facebook, WhatsApp, Instagram, Twitter, TikTok, Messenger) directly on your watch display.
- **Note:** To control audio independently between your phone and smartwatch, turn off "Media Audio" in your phone's Bluetooth settings for the watch connection.

Bluetooth Call

Stay connected on the move with the convenient Bluetooth calling feature of the SOUYIE smartwatch, ensuring seamless communication wherever you are.

Always-On Display (AOD)

The AOD feature allows you to view the time without pressing a button or waking the screen, conserving battery while providing convenience.

- **Enable AOD:** Swipe down on the watch screen, go to **Settings > Display > AOD Clock**.
- Choose between digital and analog clock styles.

Always-On Time Display

With the Always-On Display feature, check the time and notifications at a glance without waking your watch, ensuring convenience and efficiency throughout your day.

AI Voice Assistant

Utilize the built-in AI voice assistant for quick access to various functions, including:

- Voice navigation
- Weather updates
- Phone calls
- Alarm settings
- Music control

Image: Smart watch demonstrating interaction with the AI Voice Assistant for tasks like setting alarms or checking weather.

Other Useful Functions

The SOUYIE Smart Watch includes a variety of practical features:

- Find Phone/Find Device
- Weather Updates
- Music Control
- Breathing Training
- Sedentary Reminder
- Drinking Reminder
- Camera Control
- Alarm Clock, Stopwatch, Timer

Image: Overview of various useful functions available on the smart watch, including weather, camera control, music, alarms, breathing, reminders, find phone, and calculator.

HEALTH MONITORING

The smart watch provides comprehensive health tracking features to help you monitor your well-being.

24/7 Health Tracking

- **Heart Rate Monitoring:** Real-time tracking of your heart rate.
- **Blood Oxygen Monitoring:** Measures your blood oxygen saturation levels.
- **Blood Pressure Monitoring:** Provides blood pressure readings.

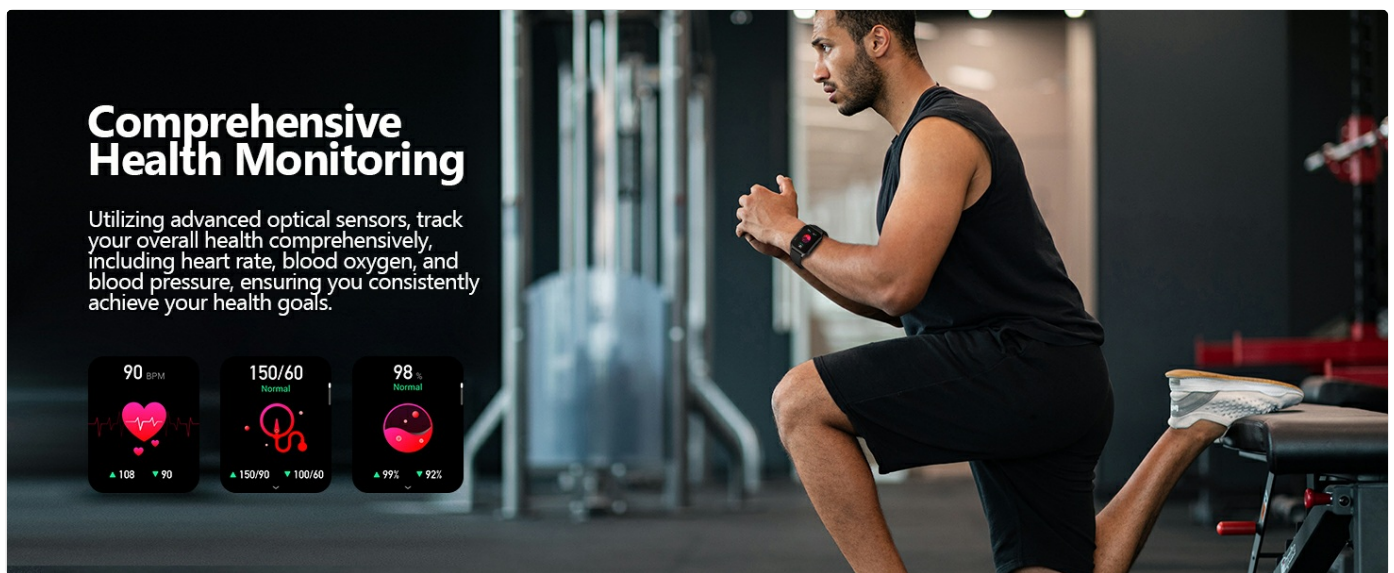

Image: Smart watch displaying comprehensive health monitoring metrics including heart rate, blood pressure, and blood oxygen levels.

Sleep Monitoring

Gain insights into your sleep patterns, including deep sleep, light sleep, and awake times, to help optimize your sleep routine.

Image: Smart watch interface showing sleep duration and stages (deep sleep, light sleep, awake time).

Female Health Tracking

The watch includes features to track menstrual cycles, predict periods, and provide ovulation predictions.

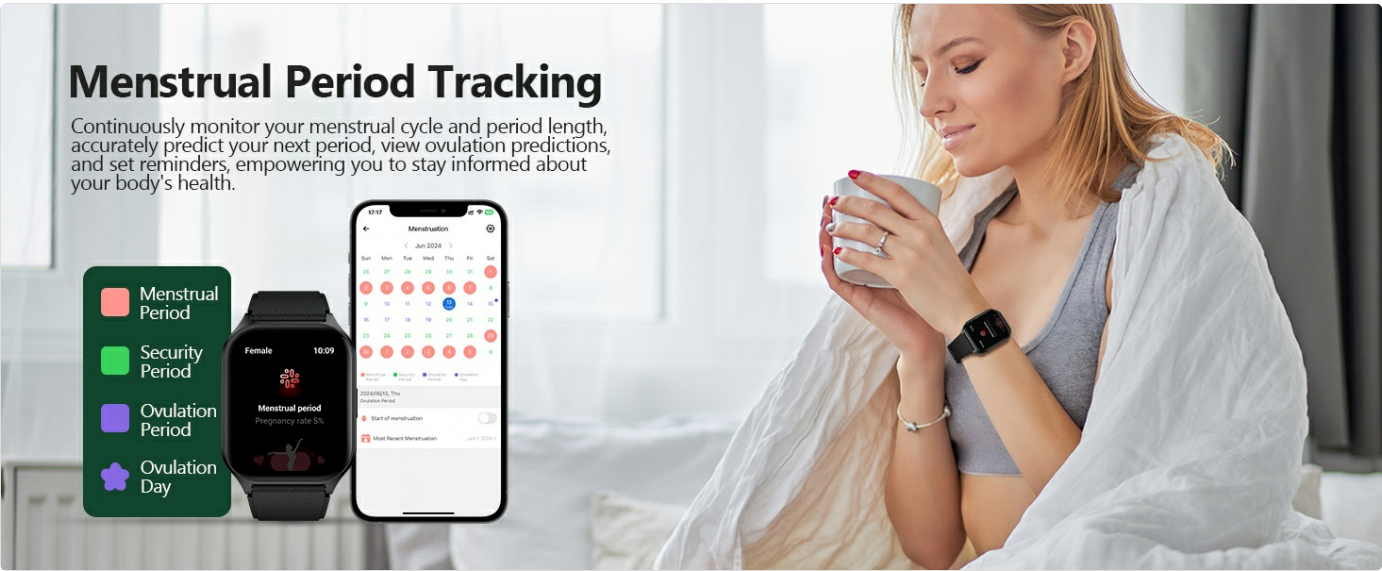

Image: Smart watch and app interface displaying menstrual period tracking and predictions.

Sports Modes and Activity Tracking

Track your daily activities and workouts with precision.

Activity Tracking

The watch monitors daily steps, distance covered, and calories burned.

Image: Smart watch displaying daily steps, distance, heart rate, and calorie data for activity tracking.

Multiple Sports Modes

The SOUYIE Smart Watch supports over 100 sports modes, including common activities like walking, running, swimming, dancing, hiking, and cycling. Access additional modes via the FitCloudPro app.

- **Data Analysis:** Review comprehensive data analysis of your workouts through the FitCloudPro app.
- **GPS:** Utilizes your smartphone's GPS for tracking outdoor activities.

Water Resistance (IP68)

Your SOUYIE Smart Watch is IP68 waterproof, making it suitable for daily activities such as handwashing, rain exposure, and sweat during workouts.

- **Important Note:** Avoid wearing the watch during hot showers, in saunas, or while swimming in saltwater. Prolonged exposure to hot water or chemicals can compromise the water resistance.
- **Water Resistance Depth:** Up to 1.5 meters.

Image: Smart watch being used near water, highlighting its IP68 waterproof feature for daily use.

Cleaning and Care

- Wipe the watch and strap regularly with a soft, damp cloth.
- Avoid using harsh chemicals or abrasive cleaners.
- Ensure the charging contacts are clean and dry before charging.

TROUBLESHOOTING

If you encounter issues with your SOUYIE Smart Watch, refer to the following common solutions:

Problem	Solution
Watch does not power on.	Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes.
Cannot pair with smartphone.	◦ Ensure Bluetooth is enabled on your phone and the watch. ◦ Make sure the watch is within range of your phone. ◦ Restart both your phone and the watch. ◦ Try unpairing and re-pairing the device through the FitCloudPro app.

Problem	Solution
Notifications are not received.	◦ Check app permissions in your phone settings to ensure FitCloudPro has access to notifications. ◦ Verify that notification settings are enabled within the FitCloudPro app for desired applications. ◦ Ensure the watch is connected via Bluetooth.
Inaccurate health data (HR, SpO2, Sleep).	◦ Ensure the watch is worn snugly on your wrist, not too tight or too loose. ◦ Clean the sensor on the back of the watch. ◦ Avoid excessive movement during measurements. ◦ Note that smartwatches are not medical devices and readings are for reference only.
Short battery life.	◦ Reduce screen brightness. ◦ Limit the use of power-intensive features like continuous heart rate monitoring or frequent calls. ◦ Disable Always-On Display if not needed. ◦ Ensure the watch is fully charged each time.
