SETUP AND ASSEMBLY

Assembly is required. Detailed instructions and all necessary hardware are included. It is recommended to lay out all pieces on a clean, flat surface before starting.

Step-by-Step Assembly:

1. **Unpack and Identify Parts:** Carefully remove all components from the packaging. Compare them against the package contents list to ensure everything is present and undamaged.
2. **Assemble the Metal Frame:** Connect the metal frame components according to the diagrams in the included instruction sheet. Secure with the provided screws, ensuring they are finger-tight initially.
3. **Attach the Wooden Top:** Place the MDF wooden top onto the assembled metal frame. Align the pre-drilled holes and secure it with the appropriate screws. Tighten all frame screws firmly once the top is in place.
4. **Install Adjustable Feet:** Screw the four adjustable plastic feet into the bottom of the metal frame. Adjust them as needed to ensure the unit is level and stable on your floor.
5. **Prepare and Insert Fabric Drawers:** Unfold each fabric drawer and insert the bottom panel to create its rigid shape. Attach the plastic handles to the front of each drawer. Slide the assembled drawers into the designated slots in the metal frame.
6. **Secure with Anti-Tip Kit:** For enhanced safety, attach the anti-tip kit to the back of the storage tower and secure it to a wall stud using the provided hardware. Follow the specific instructions included with the anti-tip kit.

OPERATING INSTRUCTIONS

The DWVO Storage Tower is designed for easy and convenient storage.

- **Drawer Use:** Gently pull the plastic handles to open and close the fabric drawers. Avoid forcing the drawers, especially if they feel stuck.
- **Weight Capacity:** Distribute items evenly within the drawers. Do not overload individual drawers or the unit as a whole to maintain stability and prevent damage. Specific weight limits per drawer are typically found in the detailed assembly guide.
- **Placement:** Place the storage tower on a flat, level surface. Adjust the feet as necessary to eliminate wobbling.

MAINTENANCE

Proper care will extend the life and appearance of your storage tower.

- **Cleaning:** Wipe the metal frame and wooden top with a damp cloth. For the fabric drawers, wipe clean with a damp cloth and allow to air dry. Do not use harsh chemicals or abrasive cleaners.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight. Tighten if necessary.
- **Drawer Care:** Avoid placing sharp objects directly into the fabric drawers that could tear the material.

TROUBLESHOOTING

If you encounter issues with your storage tower, refer to the following common solutions:

- **Unit is Wobbly:** Ensure the unit is on a flat surface. Adjust the plastic feet by turning them clockwise or counter-clockwise until the unit is stable. Verify all frame screws are securely tightened.
- **Drawers Do Not Slide Smoothly:** Check that the drawers are inserted correctly and are not overloaded. Ensure no objects are obstructing the drawer path.
- **Missing Parts:** If parts are missing upon unboxing, refer to the customer support section for assistance.
