SAFETY INFORMATION

To ensure safe and stable use of your Tribesigns 2-Person Home Office Desk, please adhere to the following guidelines:

- Always ensure the desk is balanced and stable on the floor before placing any items on it. Utilize the adjustable foot pads to compensate for uneven surfaces.
- Do not place objects exceeding the maximum weight recommendation of 200 pounds on the desk without proper support. Distribute weight evenly across the desktop.
- Follow the assembly instructions carefully and completely to ensure the desk is properly assembled and structurally sound. Improper assembly can lead to instability and potential hazards.
- When moving the desk, always lift it rather than dragging it to prevent damage to the legs and frame.

SETUP AND ASSEMBLY

The Tribesigns 2-Person Home Office Desk is designed for straightforward assembly. All necessary hardware is included. It is recommended that two people assemble the desk for ease and safety.

2. **Assemble the Frame:** Connect the metal frame components (parts 7 and 8) using the provided screws (E and F). Ensure all connections are secure.

3. **Attach Support Beams:** Secure the central support beams (parts 4 and 5) to the assembled frame using screws (A).
4. **Secure the Desktop:** Carefully place the desktop panels (part 3) onto the assembled metal frame. Align the pre-drilled holes and secure the desktop using the longer screws (B).
5. **Install Legs:** Attach the main leg supports (parts 1 and 2) to the corners of the desktop and frame using screws (A and E). Ensure they are firmly attached.
6. **Attach Adjustable Foot Pads:** Insert the adjustable foot pads (part C) into the bottom of each leg. These can be rotated to level the desk on uneven surfaces.

OPERATING INSTRUCTIONS

The Tribesigns 2-Person Home Office Desk is designed for versatile use in a home office or study environment. It provides a stable and spacious surface for various activities.

- **Workstation Setup:** Utilize the expansive desktop to set up multiple monitors, laptops, keyboards, and other office peripherals. The design allows for comfortable two-person use or a single, highly organized workstation.
- **Weight Distribution:** While robust, ensure heavy items are distributed evenly across the desk surface to maintain stability and prevent undue stress on any single point.
- **Adjusting Stability:** If the desk feels wobbly, rotate the adjustable foot pads at the bottom of each leg until the desk is level and stable on your floor.

MAINTENANCE

Proper care and maintenance will extend the lifespan and preserve the appearance of your Tribesigns Home Office Desk.

- **Cleaning:** For general cleaning, wipe the desktop and metal frame with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, which can damage the finish.
- **Spills:** The desktop is waterproof. In case of spills, wipe them immediately with a dry cloth to prevent any potential long-term damage or staining.
- **Scratch Prevention:** Although the desktop is scratch-resistant, using coasters for drinks and mouse pads for computer mice can further protect the surface from wear and tear.
- **Regular Checks:** Periodically check all screws and connections to ensure they remain tight. Re-tighten if necessary to maintain the desk's stability.

TROUBLESHOOTING

This section addresses common issues you might encounter with your Tribesigns Home Office Desk.

Problem	Possible Cause	Solution
Desk is wobbly or uneven.	Uneven floor surface or loose foot pads.	Adjust the height of the individual foot pads by rotating them until the desk is stable and level.
Screws are loose after assembly.	Screws may not have been fully tightened during assembly or have loosened over time.	Using a screwdriver or drill, carefully re-tighten all screws, ensuring not to overtighten.
Desktop appears scratched or damaged.	Impact from sharp objects or abrasive cleaning.	While the surface is scratch-resistant, deep impacts can cause damage. For minor marks, a furniture repair pen matching the finish may help. Avoid abrasive cleaners.
