SETUP GUIDE

Follow these steps to set up your Canopy Humidifier Plus for the first time:

1. **Unpack:** Carefully remove all components from the packaging.
2. **Place:** Position the humidifier on a flat, stable surface in your desired large room. Ensure it is not directly against a wall or on absorbent surfaces.
3. **Fill Water Tank:** The Canopy Humidifier Plus supports easy top-fill. Simply pour water directly into the top opening of the tank. Alternatively, you can remove the tank for filling. The 5.5L tank provides up to 36 hours of run time.
4. **Insert Filter:** Ensure the filter is properly seated in its designated slot.
5. **Connect Power:** Plug the power cord into the humidifier and then into a standard electrical outlet.
6. **Add Aroma (Optional):** Place a few drops of the Unwind Aroma onto the diffusion well.

Hassle-Free Hydration

Step 1

Turn on your humidifier

Step 2

Experience mist-free,
clean hydration

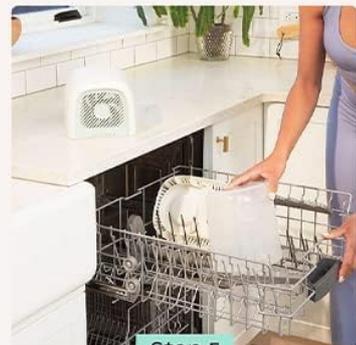

Step 3

Feel hydrated and
refreshed

Step 4

Replace filter every
6-8 weeks

Step 5

Place parts in
dishwasher to clean

OPERATING INSTRUCTIONS

Your Canopy Humidifier Plus is designed for simple and efficient operation.

- **Power On/Off:** Press the power button located on the unit to turn the humidifier on or off.
- **Auto Mode:** The humidifier features an auto mode that uses smart sensors to maintain optimal moisture levels throughout the day and night. It produces more moisture at night when skin hydration

is most beneficial.

- **Aroma Diffusion:** The included diffusion well allows for clean and safe aroma diffusion. Simply add your preferred aroma drops to the well.

MAINTENANCE AND CARE

Regular maintenance ensures optimal performance and longevity of your humidifier.

- **Dishwasher Safe Parts:** Many parts of the Canopy Humidifier Plus are dishwasher safe (top rack). This includes the tray, tank, cap, grill, and spacer. Refer to the unit's internal instructions for specific dishwasher-safe components.
- **Filter Replacement:** The humidifier's filter should be changed approximately every 6-8 weeks. Discoloration of the filter is normal and indicates it is effectively removing minerals and particles from the water. The unit may have an indicator light or app notification to remind you when a filter change is due.
- **Auto Dry Feature:** The humidifier is designed to run until no water is left, limiting unwanted build-up and keeping parts clean.

Why use our
Humidifier for
healthy,
hydrated skin?

Dry indoor air dehydrates
skin and can cause:

- ✦ Dryness
- ✦ Redness
- ✦ Rough Texture
- ✦ Irritation

Canopy's clean
moisture hydrates your
space and promotes
effortlessly **hydrated**
and plumped skin

HEALTH BENEFITS

Maintaining optimal humidity levels with your Canopy Humidifier Plus can contribute to various health benefits:

- **Skin Hydration:** Helps combat dryness, dullness, fine lines, and wrinkles.
- **Improved Barrier Function:** Protects skin from environmental pollution.
- **Respiratory Relief:** Alleviates cough, nasal congestion, and other symptoms associated with colds, flu, and allergies.
- **Calming Environment:** Aroma diffusion contributes to a relaxing atmosphere.

Healthier, more hydrated skin in 30 days

Before

Dull, dehydrated skin

After 30 Days

Hydrated and glowing

TROUBLESHOOTING

If you encounter any issues with your Canopy Humidifier Plus, try the following common troubleshooting steps:

- **No Mist/Low Output:** Ensure the water tank is filled and the filter is correctly installed. Check if the filter needs replacement.
- **Unusual Odor:** Clean all dishwasher-safe parts thoroughly. Replace the filter if it's old or discolored.

- **Unit Not Powering On:** Verify the power cord is securely plugged into both the humidifier and the electrical outlet.
- **Excessive Noise:** Ensure the unit is on a flat, stable surface. Check for any obstructions in the fan area.

For further assistance, please refer to the full user manual or contact Canopy customer support.
