

Gitelsnour GCT110SR

Gitelsnour Cat Tree GCT110SR Instruction Manual

Model: GCT110SR | Brand: Gitelsnour

1. INTRODUCTION

This manual provides comprehensive instructions for the assembly, operation, and maintenance of your Gitelsnour GCT110SR Cat Tree. This multi-level cat tower is designed to offer a comfortable and engaging environment for indoor cats, featuring a durable wooden structure, an integrated litter box enclosure, various play elements, and multiple resting spots. Please read these instructions carefully before assembly and use to ensure safe and proper installation.

2. SAFETY INFORMATION

- Ensure all components are securely fastened before allowing cats to use the tree.
- Place the cat tree on a flat, stable, and level surface to prevent tipping.
- Regularly inspect the cat tree for any loose parts, damage, or wear. Tighten screws and replace damaged components as necessary.
- Keep small children away from the assembly area to prevent injury.
- Do not allow cats to chew on non-designated parts of the cat tree.
- This product is intended for indoor use only.

3. PACKAGE CONTENTS

Your Gitelsnour GCT110SR Cat Tree package includes all necessary components for assembly. Please

verify that all parts are present and undamaged before beginning assembly. Refer to the assembly diagram for a visual representation of all included pieces.

4. ASSEMBLY INSTRUCTIONS

Follow these steps carefully to assemble your Gitelsnour GCT110SR Cat Tree. It is recommended to have a clear, spacious area for assembly.

1. **Unpack and Identify Parts:** Carefully remove all components from the packaging. Lay them out

and compare them against the provided parts list and assembly diagram (Figure 3.1) to ensure everything is present.

2. **Assemble the Base:** Begin by attaching the main support posts to the base platform. Ensure all screws are tightened securely.
3. **Construct the Litter Box Enclosure:** Assemble the panels for the litter box enclosure. Note that the entrance can be installed on either the left or right side to suit your preference.
4. **Install Lower Platforms and Posts:** Attach the lower platforms and scratching posts, ensuring they are firmly connected to the main structure.
5. **Integrate the Cat Condo:** Secure the cat condo with its cushion into its designated position.
6. **Add Play Garden Elements:** Install the leaf tree, green lawn, and hair rubbers in the designated play garden area.
7. **Attach Upper Platforms and Basket:** Secure the remaining platforms, including the soft cat basket and the large top platform.
8. **Final Check:** Once assembled, gently shake the cat tree to ensure stability. Tighten any loose screws.

5. OPERATING INSTRUCTIONS

The Gitelsnour GCT110SR Cat Tree offers various features for your cat's comfort and entertainment.

5.1 Litter Box Enclosure

The base of the cat tree includes a hidden litter box enclosure. The entrance can be configured on either the left or right side during assembly. This provides a private space for your cat's litter box, helping to

contain odors and maintain a tidy living area.

5.2 Cat Play Garden

The integrated play garden features a green 'lawn', tall leafy trees, and hair rubbers. These elements are designed to stimulate your cat's natural instincts for play and grooming.

5.3 Resting and Climbing Areas

The cat tree features multiple levels, including a large top platform, a soft cat basket, and a spacious cat condo with a washable cushion. These areas provide comfortable spots for your cat to rest, observe, and sleep. The multi-level design with two layered jumping platforms facilitates easy access for cats of all ages and sizes.

6. MAINTENANCE AND CARE

Proper maintenance will extend the life of your Gitelsnour Cat Tree.

- **Cleaning:** Spot clean the entire product as needed. The padding in the cat house and the top platform cover are removable and can be cleaned by hand or machine washed.
- **Dust and Hair Removal:** The smooth surfaces of the engineered wood can be easily wiped clean of dust and cat hair with a damp rag.
- **Indoor Use:** Keep the cat tree indoors to protect it from weather elements and ensure its longevity.

- **Inspection:** Periodically check all screws and connections to ensure they remain tight and secure.

7. TROUBLESHOOTING

If you encounter any issues with your cat tree, refer to the following common solutions:

- **Instability:** If the cat tree feels wobbly, ensure it is placed on a completely flat and level surface. Re-tighten all assembly screws.
- **Loose Parts:** If any parts become loose over time, use the provided tools to re-tighten them immediately.
- **Cats Not Using the Tree:** Introduce your cat to the tree gradually. You can use catnip, treats, or their favorite toys to encourage exploration and use of the scratching posts and resting areas.
- **Missing or Damaged Parts:** If you find any parts missing or damaged upon arrival, please contact customer support for assistance.

8. SPECIFICATIONS
