TTEC 2KMM14S

TTEC Rio 2 Stereo USB-C Headset with Microphone User Manual

Model: 2KMM14S

INTRODUCTION

The TTEC Rio 2 Stereo USB-C Headset with Microphone is designed to provide a high-quality audio experience for music and calls. Its comfortable, lightweight design ensures a perfect fit and effective ambient noise isolation, allowing for hands-free communication and entertainment.

Key Features:

- Advanced stereo sound output for an immersive audio experience.
- Integrated microphone for clear phone calls.
- Smart inline controller for easy management of volume, calls, and music playback.
- Lightweight and ergonomic design for extended comfort.
- Universal USB-C connection.

SETUP

To begin using your TTEC Rio 2 headset, follow these simple steps:

- Connect the Headset:** Locate the USB-C port on your device (smartphone, tablet, laptop, etc.). Insert the USB-C connector of the TTEC Rio 2 headset firmly into the device's USB-C port.
- Device Recognition:** Your device should automatically recognize the headset. If prompted, select the TTEC Rio 2 as the audio output and input device.
- Adjust Fit:** Place the earbuds comfortably in your ears. The ergonomic design ensures a snug fit for optimal sound quality and noise isolation.

MAINTENANCE

Proper care will extend the life and performance of your TTEC Rio 2 headset.

- Cleaning:** Gently wipe the earbuds and cable with a soft, dry cloth. Do not use harsh chemicals or abrasive materials.
- Storage:** When not in use, store the headset in a clean, dry place. Avoid extreme temperatures. The included cable organizer clip can help prevent tangling.
- Avoid Moisture:** Do not expose the headset to water or excessive moisture.
- Handle with Care:** Avoid pulling on the cable or applying excessive force to the connectors.

TROUBLESHOOTING

If you encounter issues with your TTEC Rio 2 headset, refer to the following common solutions:

Problem	Possible Solution
No sound from headset.	<p>Ensure the USB-C connector is fully inserted into your device.</p> <p>Check your device's volume settings and ensure it's not muted.</p> <p>Verify that the headset is selected as the audio output device in your device's sound settings.</p> <p>Test the headset with another device to rule out a device-specific issue.</p>
Microphone not working.	<p>Ensure the USB-C connector is fully inserted.</p> <p>Check your device's microphone settings and ensure the headset microphone is selected and not muted.</p> <p>Ensure the microphone is not obstructed.</p>

Problem	Possible Solution
Sound quality is poor or distorted.	Ensure the earbuds are properly seated in your ears. Check the audio source for quality issues. Try adjusting the volume on your device.
Hissing or static noise.	This can sometimes occur with certain audio sources or device configurations. Try testing with different devices or audio files. Ensure there are no strong electromagnetic interferences nearby.
